AVIATION.

HIGHEST FLIGHT.

Aviator Beats Paulhan's Record.

Brookins in Wright Machine Excels Frenchman's Great Exhibition Here.

Makes Altitude of Four Thousand, Three Hundred Eighty-four Feet.

American Aeroplane Victory. Auspicious Opening of Indianapolis Meet.

[BY DIRECT WIRE TO THE TIMES.]

INDIANAPOLIS, June 13.—[Exclusive Dispatch.] Circling higher than man has ever before flown in a heavier-than-air machine, Walter Brookins, aëronaut and aviator, made a new world's record for aëroplane altitude this afternoon of 4384½ feet above his starting point, or 5092 feet above sea level.

The flight lasted thirty minutes and twenty seconds and was a beautiful exhibition, surpassing even that made by Paulhan in his altitude flight at Los Angeles.

"The record was established beyond question and I consider it absolutely accurate," said A. B. Lambert, president of the Aëro Club of St. Louis, who acted as judge. He was corroborated by A. P. Warner, the official timer, and other officials.

To men who saw the Los Angeles meet it seemed quite evident that the Wright flyer was higher than Paulhan's Farman in the California flight for altitude.

Brookins made a sensational climb and in much smaller circles than Paulhan. His motor never halted at any time and the flight appeared to be one of the steadiest ever made by a Wright aëroplane. His average speed was estimated at thirty-six miles an hour.

Brookins is but 21 years old and he was born in Dayton.

The record will stand as official, as the meet is sanctioned.

Twelve flights were made by Wright machines this afternoon.

Arch Hochser of Pasadena is one of the Wright corps of aviators under Roy Knabenshue, who have been taught this year by Orville Wright. They have made 400 flights so far this season without a man being injured, a remarkable testimonial to the efficiency of the American aëroplane.

BUMBAUGH BURIED IN BLAZING WRECK.

MOTHER ALSO GRADUATES.

Will Get Degree in Same Class With Daughter at Ann Arbor.

[BY DIRECT WIRE TO THE TIMES.]

ANN ARBOR (Mich.) June 13.—[Exclusive Dispatch.] A mother and daughter are in the same graduating class at the University of Michigan this year. Two years ago there came to the university from Richmond, Ind., Mrs. Amy Carroll, her two daughers, Mabel and Celia, and her son, Ray.

Mrs. Carroll, Miss Mabel Carroll and Ray Carroll had each taken work in an Indiana university which counted them two years credit at the University of Michigan.

Both the mother and the daughter Mabel will receive a degree of A.B. June 30 and June 29. The daughter Celia will receive a diploma from the High school.

LOOKING BACKWARD.

"YES," BUT SHE CROSSED DIGITS.

FERRIS WEDDING EXPEDIENT, SAYS GRACE HAYWARD.

Actress-Dramatist Throws Sidelights on Early Struggles in Royalty Suit Over Adaptation of Popular Novel—Says Dick Does Not Lean to Literature.

[BY DIRECT WIRE TO THE TIMES.]

ST. PAUL, June 13.—[Exclusive Dispatch.] Grace Hayward, an actress, married Dick Ferris for convenience. Miss Hayward so testified before a Minneapolis court today. She further swore that she fully expected to become a great actress and she thought Ferris was occupying a stellar position in the world of Thespis when they "trooped" through the smaller cities of Illinois and Indiana. Therefore she testified she decided a union for professional expediency would be proper.

When asked by Mr Ferris's attorney if she did not promise to love, honor and obey her husband, the witness said that she had but kept her fingers crossed at that time.

The witness also testified that she and Dick were as "poor as church mice" for when they counted their capital preparatory to sending newspaper clippings, the marriage certificate and other things to her mother their assets amounted to just 4 cents and a postage stamp.

Testimony was in an action brought by Miss Hayward against her former husband over distribution of royalties from a dramatization of "Graustark." She testified that Ferris did not collaborate in dramatization and was unable to do such a piece of work.

Florence Stone, the present Mrs. Ferris, who has been ill, will arrive in Minneapolis in a few days to testify in the case.

THE WELCOME TO ROOSEVELT.

Will the Senatorial Candidate of the "Lincoln-Roosevelt" League be the orator of the day?

HOMEWARD BOUND.

WARNING WOMEN

Roosevelt Talks to Emigrants.

Tells Wives to Beware White Slave Peril on Reaching New Country.

One Kisses His Hand, Others Weeping, Rush to Offer Their Gratitude.

Ex-President Interested Plans to Welcome Him Back Home.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, June 13.—By direction of President Taft, Secretary Meyer has given orders for the new battleship South Carolina to anchor in Ambrose Channel, at the entrance of New York harbor, when Col. Roosevelt arrives there next Saturday and greet him with the national salute of twenty-one guns. Five torpedo boat destroyers will line up with the South Carolina and this naval force will escort the ex-President up the bay. The army will cooperate in the ceremonies.

[SPECIAL BY WIRELESS.]

ABOARD S. S. KAISERIN AUGUSTE VICTORIA, MID-ATLANTIC via Brookhaven, Ireland, June 13.—[Exclusive Dispatch.] Three days of quiet aboard ship have sharpened Mr. Roosevelt's appetite for the welcome he knows is awaiting him in New York. In anticipating that he takes greater delight than he ever took standing upon the thresholds of kings.

The first active interest he has shown in ship life was when he attended a religious service (Catholic) in the steerage for the 1200 Polish emigrants there. After mass was said Mr. Roosevelt, standing beside an improvised altar, draped with an American flag, preached a sermon through an interpreter. He gave them all advice about what to do on landing, specially warning the women to beware of the white slave peril, advising them to stick close to their men folk.

When he finished speaking and his last words had been interpreted a woman seized his hand and kissed it repeatedly.

Thereupon the hundreds of other women rushed towards him, many weeping. With some difficulty he was rescued from this emotional feminine avalanche by the commander of the steamship, Capt. Ruser, and some petty officers.

Then Mr. Roosevelt went to the service in the second cabin, being conducted for German passengers by a priest. To the worshipers there also he made an address, extending a welcome to America, and cautioning his hearers to be vigilant in seeing that they get their rights, and who would be still more important, to remember their duties to the new country.

Divine service was conducted in the first-class saloon by an American Protestant clergyman. Mr. Roosevelt listened to a part of it, but he declined to make any remarks.

Until today the ex-President has devoted his time to writing on his forthcoming book, and looking after his enormous correspondence. Although the weather has been glorious from the very beginning of the voyage, it has seldom been on deck, and the 3000 curious passengers have seen little of him. No reception has been given to them, but one is promised for Tuesday.

Mr. Roosevelt invariably breakfasts alone in the saloon dining-room. His other meals he takes with his family in the privacy of their suite. He is getting a thorough rest.

On Monday Mr. Roosevelt will address the crew and stokers, and on Tuesday, with French, German and Polish priests and Protestant clergy, he will give a reception to the first and second cabin passengers. The weather has been perfect since the Kaiserin Auguste Victoria left port.

PURE PHILANTHROPY.

HIS RAKE-OFF ENORMOUS.

"DOC" HAYNES, FINANCIER, IS NOW UNDER FIRE.

Home Telephone Company of Portland Says, "Give Up Those Bonds That You Took"—The Court Appoints a Receiver and the Whole Deal Is to Be Investigated.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) June 13.—[Exclusive Dispatch.] William D. Tyler of Tacoma was today appointed permanent receiver of the Home Telephone Company of Puget Sound and the Northwestern Long Distance Telephone Company, by Federal Judge Donworth. For two months these companies have been managed by E. F. Wells, local manager, as temporary receiver. The suit resulting in the receivership was brought by the Portland Home Telephone Company which alleged that both concerns owe it for money advanced. This action was brought about by Samuel Hill, son-in-law of James J. Hill, and Hervey Lindley, stockholders in both the Portland and Puget Sound companies. Their object is to scale down the indebtedness of the Puget Sound and Northwestern companies preparatory to reorganizing and greatly extending them. William Mead and Dr. John R. Haynes of Los Angeles and other bondholders were represented today by Judge Fenton of Portland. It is alleged that Messrs. Mead, Haynes and other bondholders were given $750,000 bonds out of a total issue of $2,000,000, and these the Portland company asks to have cancelled, alleging the entire issue to be unauthorized. William D. Tyler was formerly manager of the Tacoma Hotel and later president of the Washington and Columbia River Railway, now a part of the Northern Pacific.

SEEK FARMS IN ALASKA.

New Railroad Calls Many Land Seekers to Rich Copper River Valley.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA, June 13.—[Exclusive Dispatch.] Cordova telegrams say that since the building of the Copper River Railroad to the Copper River Valley an active interest has been taken in the location of Alaska farms throughout the rich valley.

H. H. Jones, Edward Tharp, Charles Wilson, George Wolfe and Brady Howard arrived in Cordova last week from Chitina, where they have located five adjoining homesteads of 360 acres each on the Chitina branch of the Streina River, fifteen miles from the present townsite of Chitina.

Five cabins have been erected and two others are in the course of construction. Clover, timothy and oats have already been grown with success on this ground, timothy and clover living through the winter.

The government experimental station

ACCUSATION.

DEMANDS ARREST OF PORTER CHARLTON.

Procurator of King Openly Accuses Missing Husband of Former Mrs. Castle of Murdering Her—Thinks He'll Land in New York.

[BY DIRECT WIRE TO THE TIMES.]

COMO (Italy) June 13.—A report was received by the Milan police tonight that a man disguised as a priest who, it is thought, might be Porter Charlton, was seen making his way across the Swiss frontier. The search of the lake will be continued tomorrow, for the police are still convinced it would have been impossible for Charlton to get out of the country unobserved.

MILAN, June 13.—[Exclusive Dispatch.] "We want Porter Charlton arrested on a charge of wife-murder. He will doubtless land in New York."

This statement was made today by Count Guiglia, procurator of the King, after allowing your correspondent to examine the evidence against Charlton.

A close watch is being kept at all frontier points for the young American suspect. If Charlton killed his wife the motive was jealousy. The couple arrived here on May 5 from Venice. They rented a villa at Moltraiso, which is five miles from town. The villa, which overlooks the lake, is delightfully located and they expected to occupy it three months. A week after they took possession the servant they had hired left.

On May 17 Mr. and Mrs. Charlton were in the Hotel Suisz drinking champagne. They had a bitter quarrel there and at 2 o'clock in the morning were ordered out of the hotel. They got a rowboat to take them back to Moltraiso.

The last time the couple were seen in public was on Sunday, June 5. They visited a small hotel near their villa.

LOVE LETTERS FOUND.

The place in the lake where the trunk and the body was found is about 300 yards out from a landing which connects with a road. Two hundred yards away on this road stands the villa which the Charltons occupied.

Your correspondent learned that when the body was found in the trunk it was dressed precisely the same as when Mrs. Charlton was last seen in public.

The letters found in the trunk were love letters written to the murdered woman fifteen years ago by Castle, her first husband, before they were married.

Constantine Ispolatoaf, the Russian artist who helped the Charltons select the villa, still remains in custody and continues to deny any guilty

(Continued on Tenth Page.)

GREAT TRIUMPH.

REMARKABLE AIR TRIP IS MADE BY HAMILTON.

Flies from New York to Philadelphia and Return—Delivers Letters Exchanged by Mayors and Governors. Breaks Cross-Country Records.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, June 13.—Charles K. Hamilton rose in his aëroplane from Governor's Island this morning and sped without a break, eighty-eight miles to Philadelphia, in a remarkable cross-country flight, under the auspices of the New York Times and the Philadelphia Public Ledger. He made the trip in one hour and fifty-one minutes, leaving Governor's Island at 7:35, and landing at Philadelphia at 9:26.

Arriving at Aviation Field, he delivered letters from Gov. Hughes and Mayor Gaynor to Gov. Stuart and Mayor Reyburn, accepted messages of congratulations from them to bear in return and started for New York again, with only a brief intermission for food and oil.

He had flown approximately seventy miles of his return journey, when a sluggish motor drove him to descend in a swamp near South Amboy, N. J., at 12:55 p.m.

The propeller was broken in landing, but after repairing it, Hamilton resumed his flight at 6:20, and landed at Governor's Island at 6:39.

Thus the return trip was made in 1h. 26m., at an estimated average speed of 54.96 miles an hour, which breaks the record made in the Curtiss flight from Albany to New York.

That Hamilton did not make the return trip as easily as the outgoing trip, was due only to haste. In his hurry to get away from Philadelhpai, he neglected to clean his spark plugs and they fouled, the engine balked and he was forced to come down on the bank of the river, two miles above Amboy.

Curtiss still holds the record for speed, but Hamilton took all American records for cross-country distance and duration, and using his own fa-

Jersey swamp was the second mishap of the kind during the day, but a call to Governor's Island brought a new propeller with a new set of spark plugs and the aviator was able to finish within twelve hours, although twenty-four hours were allowed in the terms of his contract.

FIRST FAST AERIAL MAIL.

Carrying, as he did, letters between the two cities, Hamilton created the first fast mail by the air route to Philadelphia and return and demonstrated that an aëroplane can deliver mail from one city to another with the punctuality of government service.

During the whole of his first lap, he never varied more than two minutes from his time card and came down on the handkerchief laid to mark his landing spot, with the precision of a homing pigeon.

It is an interesting coincident that Hamilton won his honors today with the same biplane that won the international speed trophy for Curtiss at Rheims last year, and that it was driven by the same propeller with which Curtiss made his flight from Albany to New York.

Curtiss flew over a more picturesque course, but Hamilton today overcame obstacles of geography and setbacks of luck that no other aviator has ever conquered. Curtiss carried pontoons. Hamilton flew twenty-three miles over salt water with no protection except three inner tubes of bicycle tires wrapped around his waist. He took chances on roof tops, bridges and moving trains that have never been thought of before. With a missing engine and twice compelled to substitute propellers, he kept going and to-

LOS ANGELES SHOWS BIG GAIN IN POSTAL RECEIPTS FOR MAY

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON June 13.—[Exclusive Dispatch.] But one city of its size in the United States, Indianapolis, shows a bigger percentage of postal receipts in May, as compared with the corresponding month for last year, than does Los Angeles.

Total receipts at Los Angeles were $109,185.41, as compared with $96,171.70 for May of last year, a gain of 13.53 per cent.

San Francisco's gain was 10.79 per cent. and its total receipts $190,387.38. When it comes to other cities on the Coast, there is no comparison. The nearest is Portland, whose receipts were $68,260.67, a gain of 7.37 per cent., with Seattle closely following, with receipts of $77,380.72, a gain of .37 per cent.

Both Portland and Seattle showed larger receipts in May than in

STRIKERS' CHECK MISCARRIES.

Painters' Union of Portland Accuses Former Secretary of Stealing Funds from the East.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND (Or.) June 13.—[Exclusive Dispatch.] A check of $775, sent from the headquarters of the Painters' Union to the Pacific Coast during the painters' strike here in 1907, has been discovered to have fallen to the personal use of C. M. Hable, secretary of the local union at that time. A complaint has been filed with the District Attorney for his arrest. He is thought to be in San Francisco.

Hable was secretary of local union No. 10. The strike was on in September, 1907, and the check was received September 6. The money was for the purpose of assisting the striking painters, who were running low in funds. Soon after the money arrived the secretary could not be found.

LAST WORDS.

BOTH SIDES SUBMIT BRIEFS IN BALLINGER-PINCHOT CASE.

Congressional Investigating Committee Will Meet Saturday to Prepare for Its Deliberations — Vertrees Attempts to Show Evidence Proved Conspiracy to Secure the Secretary's Removal from Office.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, June 13.—Briefs were filed by the attorneys for the "prosecution" and "defense" in the Ballinger-Pinchot Investigating Committee today. The committee will not meet today, but will assemble next Saturday to prepare for its deliberations.

Attorney Brandeis, counsel for former Special Agent Glavis, and Attorney Pepper, counsel for former Forester Pinchot contend in their briefs that the evidence adduced during the investigation has shown that Secretary Ballinger is unfit to administer the affairs of the public domain because of his obvious leaning toward a policy of exclusion instead of "conservation" of the people's lands.

They condemn his attitude toward the champions of conservation and charge him with causing embarrassment to the President and loss to the people.

Equally insistent that Mr. Ballinger's actions in and out of the Interior Department have not been open to criticism, Attorney Vertrees, counsel for the Secretary, declares that none of the accusations made against him has been sustained by the presentation of fact.

Mr. Vertrees attempts to show by the evidence that there has been a conspiracy afoot to secure Mr. Ballinger's removal from office because he did not approve of the so-called "Garfield policies."

BALLINGER'S DEFENSE.

Secretary Ballinger's final word of defense was presented in the form of a brief prepared by his attorney, John H. Vetrees. After making an exhaustive review of the evidence before the committee, Mr. Vertrees concludes:

"When we consider how baseless and groundless this accusation against Mr. Ballinger is, and the loud and vehement cries of those who have urged it, we recall the language of Fauvety, a juryman of the days of the Reign of Terror in France. Referring to one who served with him. Fauvety says: 'My colleague is worth nothing—absolutely nothing. Sometimes he wants to be counter-revolutionary priests. He requires proofs, as in the ordinary tribunals of the old régime. We sometimes have very sharp discussions.'"

Mr. Vertrees insists that neither the official nor professional acts of his client are open to criticism and declares that none of the accusations made against him have been sustained by presentation of facts.

"First of all, it is to be borne in mind that Mr. Ballinger, neither directly nor indirectly at any time, was interested in any coal lands in Alaska," says Mr. Vertrees. "He was not counsel for the Cunningham claimants or others, as Mr. Glavis said. At the time he became Secretary, he was counsel for not one of them. He had not been counsel theretofore; he had not been counsel thereafter; he entered the office of Secretary without ties of any kind."

DEPENDS CLEAR-LISTING.

Defending Mr. Ballinger's clear-listing of the Cunningham claims as Commissioner of the Land Office, Mr. Vertrees says the action was upon recommendation of Chief of Field Division Schwartz, the official upon whom he relied to be advised.

"If that order was erroneous," continues Mr. Vertrees, "clearly the Secretary would be excused, but it was not erroneous. It was proper and right as the record stood."

He says that Mr. Ballinger immediately revoked the order when Glavis suggested that the claims should not have been clear listed and that the claims had remained in chancery to this day.

Mr. Vertrees points out that throughout the entire time Glavis had been kept in charge and was the one man relied upon to investigate all Alaskan claims. He says Ballinger defended Glavis, asserting that the criticisms which ex-Gov. Moore had passed upon him because of the delay in patenting the Cunningham claims was undeserved.

"Finally," says Vertrees, "it should be stated that the evidence of Stenographer Frederick M. Kerby alone is conclusive of the rectitude of Mr. Ballinger's course. Kerby was his confidential stenographer and clerk and in charge of the confidential files. If there was anything improper or corrupt to be known, it would be known to him. He was eager to speak. He pushed, 'with all his soul' to be called before the committee, as he was called. We called him. The committee will remember his eagerness and zeal. He was pressed to state what he knew about his chief. Again and again was he asked to state anything that in his opinion reflected upon the Secretary of the Interior. Not an act, not a transaction, not a thing could be stated by him.

Referring to Kerby's testimony that he regarded R. H. Thompson as unfit to be a director of the Reclamation Service because Mr. Ballinger thought he was the man to go to Alaska to advise J. P. Morgan & Co., who with his friend, George W. Perkins, of that firm, asked him to recommend a western engineer to make an examination with a view to a contemplated railroad enterprise, Mr. Vertrees says:

"This is the only sin of Mr. Ballinger which Mr. Kerby could name."

CLOSE SCRUTINY MADE.

Mr. Vertrees calls attention to the rigid scrutiny and the examination the Interior Department has been under during the inquiry, and says:

"Nothing has been revealed which reflects upon the loyalty, the integrity, the good faith, the sense of duty of any man therein.

"The only persons who can be criticised," continues Mr. Vertrees, "are those who have been discharged and five arrayed themselves against the Secretary of the Interior. This inquiry involves the good name of a gentleman and a Republican member of the Cabinet.

Mr. Vertrees says the accusations against Mr. Ballinger relate, officially, to his policies, with respect to conservation, water power sites and reclamation and to his course with respect to the Cunningham claims, and personally, to certain acts of alleged professional impropriety committed by him as a lawyer, not as an official, but when in private life, defending Mr. Ballinger's conservation policy.

Mr. Vertrees cites numerous cases in support of his contention that former Secretary Garfield was wrong in his view that the Secretary of the Interior in dealing with the public lands, had authority to do that which he may deem advisable and for the public good, unless it be forbidden by some statute, and this necessarily without regard to the usage of the past.

"No suggestion now to me made, it seems, ought to dispose of the pending action to save the efficiency of the reclamation service when Pinchot charged that it was in danger of disintegration from Ballinger's administration, had he not been misled by the Secretary's assurance that no intimations of trouble had ever come to him from the chief of that service.

ELLIOT IN BIG DEAL.

Angeleno Head of Syndicate Which Secures Valuable Mexican Lands. Venturan Buys Ranch.

[BY DIRECT WIRE TO THE TIMES.]

EL PASO (Tex.) June 13.—[Exclusive Dispatch.] J. M. Elliot of the First National Bank of Los Angeles, heading a syndicate of California capitalists, including ex-Senator Bard, has bought the Quimicchis properties in Northern Tepic territory of Mexico near Acaponeta from the Isaac Madrigal Company of Mazatlan. The tract contains 80,000 acres of valuable timber and rubber land, the timber being cedar. The price paid was $500,000 Mexican currency. A portion of the land will be colonized at once, J. Lagomarsino, an Italian wine and liquor dealer of Ventura, Cal., also bought the Constancious Gonzales ranch in the Tuxpan district of Tepic, including 100,000 acres, for 600,000 pesos. Lagomarsino and associates are planning to plant a large part of this land in tobacco.

DISSENSION NOTES HEARD.

Northern and Southern California Delegates Have Dispute at National Congress of Mothers.

[BY DIRECT WIRE TO THE TIMES.]

DENVER, June 13.—[Exclusive Dispatch.] For the first time in the fourteen years of its existence, the National Congress of Mothers, which is holding its annual convention here, is torn by dissension, and that dissension comes from the California delegation.

Today, Mrs. C. C. Noble of Los Angeles, representing Mrs. Chalmers Smith, State President of California, made a fight against the recognition of the northern delegate, Mrs. H. Otis Burn of San Francisco. Jealousy of the strength of northern Federated Parent-Teachers Associations and Child Study Clubs, and fear of their forming a Northern California Congress of Mothers, cutting loose from the southern part of the State organization, is said to be the cause of the fight. Mrs. Jefferson Gibbs of California, National Vice-President, aided by Mrs. D. K. Trask of Los Angeles, rose to the occasion and restored harmony to the gathering and preserved the dignity of the California delegation.

Twenty-four States are represented in the National gathering of notable women. On Saturday, Elizabeth Harrison adressed the convention on "Some Moral Conservation Needed by the Nation," after which Gov. and Mrs. Shaforth entertained delegates with a brilliant reception.

Whatever some of the California members think of each other, all are united in praise and appreciation of Colorado hospitality, which seems unbounded.

STANDS FAST WELL.

New Yorker Loses Over Pound a Day, But Nerves Are Steady on Thirtieth Day.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 13.—[Exclusive Dispatch.] Dr. Gustav A. Gayer completed the fourth week of his thirty-day fast at 8 o'clock this morning. The dampness of the last two days has caused his temperature to fluctuate, and his pulse to drop to the fifties, but this morning his pulse had risen and he seemed in the best health and spirits.

He was able to hold a heavy chair at arms' length shoulder high for two minutes and repeat the performance after a short interval. Rifle practice in his yard showed that his eye is still clear and his nerves steady. And even the vocal chords, which usually show the effects of long nervous strain more quickly than other parts of the body, were in fair condition when tested at the piano.

His loss of thirty-three pounds of flesh has taken place gradually. He now weighs 176¾ pounds.

HOUSE OF COMMONS TILT.

Comes as Sequel to Col. Roosevelt's Speech at Guild Hall About Egypt.

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, June 13.—Replying to an interpellation by Sir Henry James Dalziel, Liberal, in the House of Commons today, Sir Edward Grey declared that Sir Eldon Gorst, the British agent, and Consul in Egypt, had the complete confidence of the government. Sir Henry thereupon requested the Foreign Secretary to send a copy of his report to Mr. Roosevelt. Sir Edward answered that he could see no reason for doing anything of the kind.

The exchanges between the Foreign Secretary and Mr. Dalziel came as a sequel to Mr. Roosevelt's speech at Guild Hall, in the course of which he criticised the administration in Egypt as being too lenient toward the Nationalists.

TELLS OF KILLING HUSBAND.

Mrs. Zorah J. Eblen Declares He Was Intimate With a Negress—Held to Grand Jury.

[BY DIRECT WIRE TO THE TIMES.]

HENDERSON (Ky.) June 13.—[Exclusive Dispatch.] Stating it as her belief that she was in imminent danger of death or of great bodily harm and that her children would be half-brothers to a negro, Mrs. Zorah J. Eblen, told the story of how she shot and killed her husband, Bain W. Eblen, a prominent stockman in this city on May 29 last. The court judge, S. A. Young, at the conclusion of the trial held her over to the September grand jury without bail.

Mattie White, the negress with whom Mrs. Eblen, accused her husband of being intimate, took the stand and created a sensation by saying that all the statements she had heretofore made concerning the case were not true, and that she never did have any improper relations with Bain W. Eblen. She was shot at the time of the tragedy and was the only eye-witness to the killing.

Mrs. Eblen said that her husband had frequent meetings with Mattie White, and she did not discover it until about April 8.

"I then told him," said she, "that I could not be his wife any longer and that he could go away. Then he cursed me and Mattie White. I then said to my children: 'You are old enough to know of your father's relations with Mattie White, and you'll be half-brothers to a negro, and you can choose who you will go with, me or your father.'"

Entering upon the last phase of the Brownsville affair, a court-martial will meet at Fort Meyer, Va., June 20 for the trial of Capt. Samuel P. Lyon, Twenty-fifth Infantry, on

EUROPEAN POLITICS.

ENGLAND AND FRANCE PLAN THE PROTECTION OF RUSSIA.

Premier Briand Will Ask Chamber of Deputies for Large Appropriations for Naval Armaments—Admits Three Nations Are Pledged to Increases to Guard Against Invasion by Germany—Gives Interview.

[BY DIRECT WIRE TO THE TIMES.]

PARIS, Juune 13.—[Exclusive Dispatch.] That France, England and Russia are pledged to tremendous increases of their naval armaments for mutual defense against Germany was learned today by the correspondent of the Los Angeles Times a few hours before Premier Briand was to ask the Chamber of Deputies for large appropriations for additional Dreadnoughts.

The statement was made by a member of M. Briand's official household and the Premier himself virtually admitted that it was a fact, when he granted an exclusive interview to the correspondent.

"It is true," he said, in a suave and smiling manner, "that I am about to ask for naval appropriations, and everybody knows it, but I cannot weaken the force of my address by revealing my arguments beforehand. I will say, however, that the United States does not need to pay any attention to it, as that country is not concerned in any way."

The correspondent's information revealed a momentous situation, not generally known, involving the famous French-British-Russian entente.

SIGNIFICANT.

"You may have noticed," he said, "that the new King of Belgium, a nation which, though not large, is wealthy, expressed a decided Germanistic feeling on his recent visit to Berlin. A Belgian entrance would place at the disposal of Germany a valuable stretch of sea coast, as the aggressiveness of Kaiser Wilhelm is the key to European politics today. When Britain, France and Russia banded themselves togetner it was toward Germany that they were looking.

"Germany is overpopulated and needs colonies. Many of its best sons are forced to renounce the Fatherland, which does not provide them with sustenance. There must be a German outlet for the German overflow.

"Bismarck allowed England and France to divide Africa. Now any enlargement of German territory must be nearer home. England fears a German invasion of France as much as an invasion of England itself, and the fear is not groundless.

"A clever statesman recently wrote: 'It is incontestable that the Kiel Canal, the Emden docks, the German fleet of thirty cruisers and the 4,000,000 mobilized soldiers have not been put in condition and equipped merely to realize a beautiful dream of universal peace and a European confederation.'

FRANCE HAS A WOUND.

"The Franco-Prussian War left an open wound in France; England already feels German aggression commercially and Russia has accepted the protection of France and England for several reasons. The world knows the desperate situation of Russia. If the Russo-Japanese War had not been stopped when it was Russia would have been beaten to a frazzle, and today the least external trouble might overwhelm the empire.

"But France and England do not wish to see Russia in trouble. Following the Russo-Japanese War, France loaned Russia immense sums and it must protect its debtor; England is interested because nearly half the commercial enterprises in Russia are in English hands.

"In a word, Russia is poverty stricken. The warp and woof of the empire is worm-eaten with a leisure class which does not lift a delicate hand. Political conditions there are thoroughly corrupt.

"The result of all this is that foreigners control Russian commerce and England and Germany are rivals there as elsewhere. Hence it is easily seen why France and England wish to protect Russia."

CHAOTIC.

CAPITOL SITE IN U. S. COURTS; HASKELL IGNORES MANDAMUS.

[BY DIRECT WIRE TO THE TIMES.]

GUTHRIE (Okla.) June 13.—[Exclusive Dispatch.] It is announced tonight that either Judge Hook of Leavenworth of Judge Pollock of Kansas City will preside in the Federal Circuit Court here at the hearing on June 17, when the legality of the removal of Oklahoma's capitol, until after 1913, will be argued.

A bill of equity was filed in the Federal Circuit Court by former Chief Justice John H. Burford, representing the Guthrie Capital Campaign Committee, asking injunction to prevent the capitol's removal on the ground that the act of Congress granting Statehood to Oklahoma and Indian Territory stated specifically that no capitol removal shall even be voted upon until after 1913. Judge Jonn H. Cotteral, being a Guthrie property owner and interested party, was disqualified to act and another judge will hear the case. Both Hook and Pollock have been wired.

In the court's order setting a hearing for June 17, Gov. Haskell and all State officials are notified to appear here in the Federal court to show cause why the proposed temporary injunction should not be granted.

Gov. Haskell by a demurrer, took cognizance today of the injunction issued here by District Judge A. H. Huston Saturday night, preventing Haskell and the other State officers from removing the State's records from Guthrie. Atty.-Gen. West will appear in court tomorrow for Haskell to argue the demurrer.

BELIEVE BILL DEFEATED.

Guthrie citizens tonight are elated over returns from the election being slowly received which indicate that the majority for the Capitol removal bill will be extremely small, and in fact, any majority may be wiped out. This is the statement of Judge Burford.

"We believe the bill has been defeated at the polls. An official count will be necessary."

There is positively no truth in the published reports that an insult of any nature was offered to Mrs. Haskell or any member of the Governor's family. The statement made last night that the Governor would call out the State militia to enforce his order to remove the Capitol to Oklahoma City, if necessary, was verified today.

IGNORES COURT PROCEEDINGS.

Although a writ of mandamus is pending citing Secretary of State "Bill" Cross to name a date for hearing the protest of the Republican Central Committee against the "Grandfather Clause" amendment to the State Constitution aimed to disfranchise negroes, and although two appeals that affect the proposed amendment's legality are pending in the State Supreme Court, a proclamation by Gov. Haskell was made public today as of date, June 9, calling an election throughout the State on the "Grandfather clause" amendment for August 2, the date of the State-wide primary to nominate a State ticket.

The appeals in the Supreme Court were filed by P. S. Nagle, attorney for the Socialist party, and W. H. Chappell, attorney for the negroes who would be disfranchised under the amendment. If the Supreme Court holds against Chappell he will immediately appeal to the United States Circuit Court, citing the Fifteenth Amendment, the enabling act and the State Constitution which provides that no discrimination or distinction shall ever be made because of race, color or previous condition of servitude.

VOTE 50,000 MAJORITY.
HASKELL WRITES LETTER.

[BY DIRECT WIRE TO THE TIMES.]

OKLAHOMA CITY (Okla.) June 13.—[Exclusive Dispatch.] The latest returns show Oklahoma City's majority for the State Capitol is 50,000, with most of the State officials scattered around this city in various buildings and with most of the official records of the State and various employés in Guthrie. Gov. Haskell performed his first official duties in this city, the new capital of the State, today.

Gov. Haskell issued an open letter to Judge Burford, Guthrie, counsel in the capitol removal war, in which he declared that as a result of the overwhelming victory of Oklahoma City in the capitol removal question, that business could not be legally conducted in Guthrie and that this city was now the capital. Reference was made in the letter to the effect that If there were any complaints, that they would be given a hearing in this city Tuesday afternoon.

MYERS WILL IS BROKEN.

Daughter of Oregon Salmon Packer Shares Equally With Brother in Half-Million Estate.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND, June 13.—[Exclusive Dispatch.] By a decision rendered in the Circuit Court by Judge Bronaugh today, the will of the late George T. Myers, former State Senator and a wealthy salmon packer, is broken, and his daughter, Mrs. Georgia Stevens, is awarded an equal share with her brother, George T. Myers, Jr., in an estate valued at half a million dollars.

By the will of the elder Myers his daughter was cut off with $20,000 and this came from property left by her mother, which her father felt in honor bound to give to her. All of the rest he devised to his son. Mrs. Stevens contested the will on the ground that her father harbored insane delusions, he having accused her and Dr. R. R. Robinson of having caused the death of his wife by improper treatment.

The case was first tried before the Probate Court, the decision of which is now upheld. It attracted much attention, many prominent residents of the city being called on each side. A small army of witnesses testified to the eccentricities of the elder Myers in his declining years and his bitterness of mind toward his daughter, for which they could see no foundation. Judge Bronaugh declared he was unable to arrive at any other conclusion except that Myers was unbalanced in mind.

LOCAL TRAVELERS.

Los Angeles People Who Are Registered at Hotels in Other Cities.

[BY DIRECT WIRE TO THE TIMES.]

ANOTHER FISH IN THE SEA.

Oregon Miner, Disappointed by One Promised Bride, Married Another. Sues for His Ring.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND (Or.) June 13.—[Exclusive Dispatch.] Although R. H. Shier, a wealthy mining man, lost his bride, he was not long in finding another. The details of his double courtship were brought out this morning in a trial in which he recovered judgment against Miss Clara A. Berg, a pretty stenographer, for a diamond engagement ring valued at $200, which he had given her.

Miss Berg, it was alleged, suddenly discovered that her affection had waned after the engagement was made, and while she insisted upon breaking the engagement, she would not return the ring.

When Shier took the witness stand he admitted in response, to the questions asked on cross-examination, that he had since found another sweetheart who had married him on the day set for his wedding with Miss Berg.

"I told Miss Berg," he said in response to a question, "that she would have to marry me on the day agreed upon or never. She refused, so I married another," indicating with a gesture Mrs. Shier, who sat near by, beaming with smiles upon him.

Judge Olson gave Shier judgment for the ring, as Miss Berg did not appear to contest the suit.

OFFICIAL STAGE REACHED.

Leaders of England's Constitutional Clash Have Exchanged Views, Announces Premier Asquith.

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, June 13.—The conference between the two predominant parties over the constitutional clash between the House of Lords and the House of Commons has now entered an official stage.

Heretofore, the ministers have avoided committing themselves in the matter, but Premier Asquith announced in the Commons today that opinions on the subject had been exchanged by A. J. Balfour, former Prime Minister and now leader of the opposition, and himself, communications which, the Premier added, "I hope may lead to an early meeting between us."

OBITUARY.

John A. Pickler.

FAULKTON (S. D.) June 13.—Ex-Congressman John A. Pickler died here today at the age of 66.

Edmund Baxter.

NASHVILLE (Tenn.) June 13.—Edmund Baxter, general counsel for the Associated Railroads of the South, in matters relating to interstate commerce, died yesterday at his summer home at Ridgetop, near here. He was 72 years old, and was a recognized authority on corporation law.

The Fraternity of Operative Millers began a week's convention in St. Louis yesterday.

Radical Reductions on Room Size Rugs

Rugs at Less Than Recent New York Auction Prices

At the recent auction sale of rugs held by Alexander Smith & Sons in New York, where more than six million dollars' worth of rugs were sold at auction, the J. M. HALE CO. bought most liberally; in fact, our purchases were double the combined purchases of all the other rug dealers in Los Angeles. Our auction rugs have not arrived, as they come by freight. Our method of merchandising will not permit us to bring from three to six rugs from New York by express at a cost of two or three dollars each for expressage, the same to be used for advertising purposes. When our rugs arrive you will certainly hear from us. In the meantime, we will offer rugs for less than has, can or will be quoted by any competitive house on the Pacific Coast, as the following prices will testify:

ONE FEATURE TO SETTLE.

Railroad Conferees Thrash Out Differences.

End of This Stage of Measure Is in Sight.

President Will Pass on Compromise Plan.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, June 13.—With the end in sight a session of the conferees on the railroad bill was held tonight at the home of Senator Elkins. Only one feature of the bill remained as a serious bar to final agreement. That related to the period of suspension of rate increase, pending an investigation by the Interstate Commerce Commission to determine their reasonableness.

President Taft showed marked interest in this provision, and although a tentative agreement was reached, the suggestion of compromise must be submitted to him before it is placed in the conference bill. It is understood Senators Elkins and Aldrich and Representative Mann will take their tentative declaration tot he White House tomorrow.

Another important feature settled tentatively is that which prohibits railroads from charging a higher rate for a short than a long haul. The western members of the Senate expressed a fear if the House provision were accepted, it would be declared unconstitutional, and thereby they have urged the conferees to insist upon the Senate amendment.

The difference is that the House provision might be construed as delegating legislative autnority to the commission while the Senate provision prescribes the rule by which the commission might make exceptions to the general rule.

The Senate conference is disposed to take the House provision and will do so if western Senators who are looking into the legal phase, report they would be satisfied with it. The stock and bond feature of the House bill is to be eliminated and there will be substituted a provision for the appointment of a commission to investigate the subject of the Federal regulation of railway securities.

As drafted there is no requirement that the commission report to the next session of Congress. This is explained on the ground that no one was willing to estimate how long such an investigation would take.

Senator Newlands and Representative Adamson of Georgia, the Democratic conferees, were called into the conference late today by their Republican associates. This fact led to the report that final agreement had been reached.

CHIEF SEEKS REDRESS.

GOES TO SEE "WHITE FATHER."

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, June 13.—Quanah Parker of Oklahoma, Chief of the Comanche Indians, son of a white mother and an Indian father, is making his eighteenth visit to the home of the Great White Father.

His mission is threefold. First, he will endeavor to persuade President Taft and the Indian Commissioner that the Comanches should have more money for the sale of their lands. In the second place, he will ask that the Indians be allowed to use a certain herb, called Payote, which the Indian agents have forbidden the tribes to use in their ceremonials in cases of sickness, and which Quanah claims is beneficial. Lastly, he hopes to hear Representative Stevens of Texas speak on a bill appropriating $1000 to remove the bodies of the chief's mother and sister from Texas to a burying ground near Quanah's home on the reservation.

Col. Roosevelt, on a hunting trip through Oklahoma several years ago, was entertained at the home of Chief Parker.

MIDDLE WEST CALLS TAFT.

President Considers Advisability of Making Congressional Speeches on Real Battleground.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 13.—[Exclusive Dispatch.] White House information today indicates that President Taft may break precedents by making a series of political speeches during the coming Congressional campaign. Present plans contemplate a trip through the Middle West—the great battleground — in October, visiting about ten strategic points.

The President is of the belief that there has been a change of sentiment in his favor since action was taken to restrain the railroads from increasing rates indiscriminately and since it became apparent that an important part of the legislative programme would carry at the present session. Therefore, he has been advised, active work by him will help to the election of a Republican Congress this fall.

The President's plans, tenative at this time, are to remain at Beverly until the last of September, making a few trips from there. He will go to Cincinnati about the first of October and start from there on his trip through the Middle West. Many cities and towns in that section are already contending for the honor of entertaining him.

FRIAR LANDS RESOLUTION.

Martin Asks House to Order Investigation and Charges Malfeasance of Office Against Officials.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, June 13.—As a result of information sent to the House last Saturday by the War Department, disclosing the alleged fact that Frank W. Carpenter, Executive Secretary of the Philippine government, and E. L. Worcester had bought and leased "friar lands" in the Philippines, Representative Martin (Democrat, of Colorado,) today introduced a resolution demanding an investigation and charging malfeasance in office.

Mr. Worcester is a nephew of the Philippine Secretary of the Interior, Dean C. Worcester. The information upon which Mr. Martin bases his resolution was sent to the House in response to a previous resolution he had introduced, inquiring what persons had acquired these lands.

The report said that one of the friar estates had been sold to Carpenter, and 3000 acres of another estate were leased to E. L. Worcester. The sale and lease were made by the Director of Public Lands in the islands and were approved by the Secretary of the Interior.

Mr. Martin's resolution declares these transactions are so criminally corrupt and immoral as to constitute malfeasance in office on the part of the officials involved.

WASHINGTON BRIEFS.

Galloway Is Admitted.

WASHINGTON, June 13.—Arthur C. Galloway of Los Angeles has been admitted to practice before the Interior Department.

Senate Favors Amendments.

WASHINGTON, June 13.—Senator Carter today moved that the Senate concur in the House amendments to the Postal Savings Bank Bill, but as none of the Democratic members of the Committee on Postoffices were present, the disposition of the motion was postponed until tomorrow. It was stated on behalf of Senator Clay, the senior Democratic member of the committee, that he did not oppose the amendments.

MANY PERISH IN CLOUDBURST.

COLOGNE (France) June 13.—Great loss of life has occurred in the Ahr Valley of the Efel region, as the result of a cloudburst, which swept the district Sunday night. Late estimates place the total number of deaths at 150.

UP AND DOWN THE VALLEY.

PITH OF THE DAY'S NEWS FROM THE MIDDLE WEST.

CHICAGO, June 13.—[Exclusive Dispatch.] With clear skies and a light northwest wind, Chicago today experienced something like summer weather. The maximum temperature was 76, and the minimum 61 deg. Middle West temperatures:

MUST MUZZLE ROOSTER.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 13.—[Exclusive Dispatch.] Chantecler no longer will salute the morn in the yard of Michael McClellan, No. 468 West Twenty-seventh street, and the sun must rise as best it can. McClellan has been ordered to muzzle the rooster by Capt. Cudmore of the Twenty-second street Police Station, who received numerous complaints from neighbors of McClellan. A letter stated that the rooster began to crow about 3:15 a.m. daily, and kept it up until about 11 a.m. As the complainants are night workers, the crowing was not to their liking, therefore the owner of the fowl was requested either to send it away or kill it. He compromised by making a muzzle for the rooster which will prevent the opening of its beak and will enjoin silence.

ALCOHOL KILLS THREE.

are in a desperate condition as the result of drinking wood alcohol at the village of Meauwataka. Their supply of whisky ran out Saturday night and one of them conceived the idea of mixing wood alcohol with sugar, water and pop to complete a night of drinking. Three of them were dead inside of four hours.

ITALIANS IN BLOODY MELEE.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, June 13.—An unidentified man was killed, four men were stabbed, one fatally, and a three-year-old girl was wounded by a stray bullet last night in a vendetta that took place in Vernon Park place and Morgan street, the heart of the West Side Italian district. The fight is believed by the police to be the sequel to a feud which began in Italy. Joseph Colinio, 25 years old, did the shooting. The police say all the wounded men are related. Colinio was stabbed in the shoulder and abdomen.

TWO TRIALS FOR LAHM CUP.

[ASSOCIATED PRESS NIGHT REPORT.]

ST. LOUIS, June 13.—John Berry, who started Saturday in a balloon as a contestant for the Lahm cup, returned today. Saturday night he landed at Mayestown, Ill. He made a second ascension yesterday, but adverse winds caused him to descend in Missouri.

NEAR LYNCHING OVER "CRAPS."

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, June 13.—Chicago came near having a lynching yesterday when the lives of six negroes, who attacked three white men while engaged in a game of "craps" in a vacant lot along the Illinois Central Railroad tracks, between East Twenty-fourth and East Twenty-fifth streets, were threatened by a mob of nearly 5000 persons. During the riot which followed the negroes drew revolvers and fired several shots into the crowd. They then turned and ran, pursued by the crowd, which had been watching a ball game in the same lot. The mob attempted to take the prisoners away and the police were compeled to draw their revolvers to prevent the crowd from carrying out their threats. Cries of "lynch 'em!" were heard from all sides as the policemen were taking the negroes to the station. The fight started when one of the white men in the "crap" game accused one of the negroes of cheating.

ROYAL MAIL LINER ASHORE.

CARTAGENA (Colombia) June 13.—The Royal Mail steamer Magdalena is ashore at the entrance to the port.

AVIATION.

(Continued From First Page.)

Brookins, in a Wright biplane, today broke the world's aëroplane record for altitude in the closing event in the national aviation meet at the Indianapolis speedway.

Brookins's achievement followed exhibition flights by several pupils of Orville and Wilbur Wright. None of the other entrants was prepared to take his machine out of the aërodrome with the exception of G. L. Bumbaugh of this city, and his biplane was wrecked before he had well started. Bumbaugh lost control of his forward steering planes and the machine fell to the ground from a height of ten feet and was smashed with the aviator under it. The wreckage took fire and Bumbaugh might have been burned to death had not mechanics run to his assistance. He was slightly cut and bruised.

Brookins's high flight in which he took the record from Louis Paulhan, who at Los Angeles, rose to 4165 feet, was a sensational triumph. According to the register of the instruments Brookins was 1900 feet in the air at the end of sixteen minutes. He had risen to this point in a wide circle. The whirr of the propeller was then lost to the spectators and the aëroplane was but a cross floating in the sky.

Continuing his circles, Brookins rose steadily, at a speed estimated at sixty miles an hour. Thirty minutes after he had started, he reached his highest altitude, and began the descent, maneuvering at lower and lower levels until at a height of 100 feet, he shut off his motor and glided easily to the ground alongside the starting rail.

The aviation meet will continue throughout the week with trials against time and speed contests. It is expected that more entrants will be ready tomorrow.

In the first event, exhibition flights over the one mile and a half aëroplane course, marked by flags, Walter Brookins driving a Wright biplane, made four laps or six miles in six minutes and 45 seconds. His altitude ranged from twenty to fifty feet.

Two of the Wright machines left the starting rails in a contest for aëroplanes carrying two aviators.

A. L. Welsh and Ralph Johnstone won, remaining in the air twelve minutes and circling the course six times.

Walter Brookins and E. P. Coffyn alighted after four minutes.

JULY 18 DATE FOR MISSOURI FLIGHT.

[BY DIRECT WIRE TO THE TIMES.]

JEFERSON CITY (Mo.) June 13.—[Exclusive Dispatch.] At a conference today presided over by Gov. Hadley, and in which committees from St. Louis and Kansas City took part, the date for the flight from St. Louis to Kansas City was fixed at July 18. This is subject to change, however. The route in general is to follow the line of the Wabash Railroad from St. Louis to Kansas City.

It was agreed to offer a prize of $10,000, to be cut up in first, second and third money. The purse is to be offered in the name of the people of the State of Missouri. The general conference agreed that the time must be limited not to exceed ten stops.

ited to thirty-six hours for the flight.

Possible landing places, or "points of control," will be Warrenton, Mexico, Moberly or Huntsville, Carrollton, Lexington, Liberty and Excelsior Springs.

ALL IN THE BALANCE, SAYS AVIATOR MARS.

[BY DIRECT WIRE TO THE TIMES.]

TOPEKA (Kan.) June 13.—[Exclusive Dispatch.] J. C. Mars, the aviator, who has been making flights in a Curtiss biplane here, is spending his spare time these days working out an idea to maintain the balance of the aëroplane.

"Did you ever try to walk a tight rope?" he said today. "Well, running an aëroplane is just twice as hard as that. It is all a question of balance. While walking a rope you must maintain a balance to either side. While flying you have to maintain this balance and also keep balanced up and down or forward and backward.

"I don't know whether my plan will ever work, but I am going to try it. I want to put two small gyroscopes on an aëroplane. These would control the aërolones at either end of the biplane and would be intended to maintain the side balance. Until this automatic balance is worked out, aëroplanes will not be practicable for general use."

CLAIM VICTORY FOR MADRIZ.

New Orleans Friends Say Rebels Meet Defeat at Cape Gracios.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW ORLEANS, June 13.—Advices received here today by representatives of the titular government in Nicaragua, state that Cape Gracios was taken yesterday by the Madriz forces.

The dispatches carried no details of the reported occupancy of the city by the Madriz forces. The opinion was expressed here that the steamship Venus, which left Bluefields several days ago, showed up at Cape Gracios and succeeded in effecting a surrender of the place.

SUIT OVER RICH LEDGE.

Woman Alleges Railroad, In Building Cut-Off, Carried Away Gold Mine.

[BY DIRECT WIRE TO THE TIMES.]

AUBURN, June 13.—[Exclusive Dispatch.] Mrs. Donna Beaumont, of near Applegate, has filed action in the Superior Court against the Central Pacific Railroad and the Utah Construction Company, praying for $55,750, damages and costs.

The plaintiff alleged that in building the new cut-off of the railroad through her property the defendants destroyed gold bearing quartz ledges to which she had the sole right and that they carried the ore away and dumped it on other portions of the work. The ore is said to have been taken from an area of 1200x165 feet.

The action is one of a very peculiar nature and will attract a great deal of attention, if it is allowed to come to trial, as it is said there are some new points of law involved that have not been up for settlement in just such a case as this.

AUTOMOBILE COLLISION.

Woman's Knee Fractured—Daughter Knocked Unconscious—Prominent Portland People Involved.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND (Or.) June 13.—[Exclusive Dispatch.] Mrs. E. L. Mills, wife of E. L. Mills of the Portland Trust Company, incurred a fractured knee; Miss Mills, a daughter, was knocked unconscious, and several others narrowly escaped serious injury at the junction of the Sandy and Columbia slough roads, when Mrs. Mills's automobile crashed into a machine driven by R. S. Glitner, an attorney, and C. A. Foster of the Security Vault and Metal Works.

Mr. Mills, with his wife and daughter, were traveling eastward along Sandy road, when he met a city-bound automobile carrying a party of young people, who have, as yet, not been identified. As the cars passed, a branch of cherries was thrown into the Mills car, striking Mrs Mills and her daughter in their faces and cutting Mr. Mills on the temple.

Mr. Mills turned in pursuit of the other car and, while traveling at high speed, his car skidded, turned and ran head-on into the Glitner car. Mrs. Mills and Miss Mills were both thrown out violently and were picked up unconscious and injured.

The two men in the other car were unhurt, but their automobile damaged. The third automobile sped away and the identity of its occupants is unknown.

DR. M'KIM MAY ANSWER.

Ruling Is Made by Reno Judge in Contention in Important Divorce Case There.

[BY DIRECT WIRE TO THE TIMES.]

RENO (Nev.) June 13.—[Exclusive Dispatch.] Judge Pike today ordered that Attorney Glynn, representing Dr. McKim, shall have three days in which to file an answer, counting from the date on which he will deliver his opinion on the motion argued before him by Attorneys Glynn and Boyd on last Saturday. This motion was made by Glynn, representing the doctor in the divorce suit of his wife, and in it Attorney Glynn asks permission to appear specially and file a plea in abatement.

This being the final day when default could be entered in absence of any answer being filed, the order by the court was made necessary and Judge Pike declared he would announce his decision in a day or two, which means that the doctor's answer will be filed this week and the fight begun in earnest.

Another controversy took place today in the private offices of the judge between the opposing counsel over the efforts of the defense to secure action without bringinfg McKim under the jurisdiction of the court, as that is to be the contention in the contest.

LOAD JAPS ON CARS.

WHITES ORDER THEM OUT.

[ASSOCIATED PRESS NIGHT REPORT.]

DARRINGTON (Wash) June 13.—A mob of 100 white men today ordered all the Japanese laborers employed in the plant of the United States Lumber Company to leave town, and after giving the foreigners time to get together their effects, accompanied them to the station and saw them board a Seattle-bound train. The exodus of the Japanese was made with little disorder. Thirty Japanese were employed in the mills here.

Autopsy Reveals Brutality.

SAN FRANCISCO, June 13.—An autopsy today on the body of Alexander Ross, which was found in the bay here yesterday, revealed that the man had been severely beaten before being cast into the water.

GUARANTEES PROTECTION.

LAND MAYOR TAKES STAND AGAINST STRIKING UNIONISTS.

[BY DIRECT WIRE TO THE TIMES.]

[illegible] June 13.—[Exclusive Dispatch.] [illegible] has taken [illegible] posture to the [illegible] position. He answers [illegible] he will guarantee [illegible] in this city [illegible] and that this is [illegible] welcome to non-[illegible] who may wish to re-[illegible] out.

"I intend to give a fair course [illegible] while I am [illegible] and Mr. Simon. [illegible] with and [illegible] the business [illegible] to have the stag-[illegible] do not want [illegible] others to [illegible] union [illegible] business [illegible] the [illegible] to present [illegible]

"I intend to give every person living in Portland, having a desire to work, an opportunity to do so without fear of personal injury. I have decided upon this course of my own violation. I think every person has a right to work; also every person has a right to quit work, but if a person quits work he has no right to insist that his place shall not be filled by another."

The Mayor said that he would instruct Chief of Police Cox along these lines and ordered the police to keep persons interested in the strike from congregating at or near centers of disturbance.

The union pickets and sympathizers will not be allowed to gather around transfer barns or places where the draymen are endeavoring to carry on work with non-union men, but all will be required by the police to keep moving.

DEPLORABLE.

FATAL CRASH AT CROSSING.

Two Misses Dead, Two Matrons Injured.

Train Strikes Auto Across Track.

Driver Escapes; Women Have Same Injuries.

[BY DIRECT WIRE TO THE TIMES.]

NORTH YAKIMA (Wash.) June 13.—[Exclusive Dispatch.] Two women were killed and two were injured at the D-street crossing of the Northern Pacific Railroad, when L. I. Strangeway drove his automobile in front of east-bound train No. 4, at 8 o'clock this afternoon.

The dead are:

MISS HOPE DAVIS, No. 312 Seventh avenue.

MISS LENA BUCKNASTER of Selah.

The injured are: Mrs. Clarence Brown and Mrs. William Kincaid.

Strangeway was thrown through the air from the track, but not injured. The automobile approached the railroad from the west, the driver's view being cut off by a blockade of box cars. The car was crossing the track and was being reversed when the crash came. The machine was completely turned around, those in the rear seats receiving the brunt of the shock. It is believed that Miss Davis and Miss Bucknaster were instantly killed.

HAS PECULIAR FEATURES.

A peculiar feature was that both Mrs. Brown and Mrs. Kincaid suffered similarly, each having a right arm fractured and part of the left foot cut off. The former is not expected to live. All of the women are well known here.

E. S. Jones, engineer of the train, was not apprehended. He made a brief statement to the effect that the automobile had attempted to cross in front of the engine. No inquest will be held until the return of Coroner Rosser Wednesday.

Strangeway, who is a licensed chauffeur, and who has run the machine, which he owned, for some time, had just come from the garage. He picked up Mrs. Brown and Mrs. Kincaid in Yakima avenue, promising to take them downtown. Later the other two women joined the party, and it was in going from the west side to the main business district that the accident occurred.

SLAPS ALLEGED "SLAVER."

JUDGE HOLDS PAIR OVER.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, June 13.—While William Bellmaine and George Pearce, charged with being white slavers, were leaving the dock in the Police Court today, Mrs. Ray Silverman, a sister of one of the girls whom they are accused of having held, stepped up to Pearce and struck him in the face.

William Bellmaine has been held to answer before the Superior Court and Pearce will have a preliminary hearing tomorrow. The men are accused of having enticed Nellie Sekpter, 17 years old, and Henrietta Nelson, 16 years old, to enter a resort at Point Arena. The court refused to punish Mrs. Silverman for her attack on Pearce.

SLOPE BRIEFS.

Fee Ordinance Knocked Out.

SAN JOSE, June 13.—Judge Richards of the Superior Court today decided that the city ordinance recently adopted fixing a license of $50 a day on itinerant doctors and medicine venders is invalid as being prohibitive.

Charred Torso Found.

STEGE, June 13.—The body of Michael Walsh, who was burned to death last night by the explosion of a gasoline stove was today found in the ruins of the restaurant where he had been sleeping. A number of persons aroused by the explosion attempted to save Walsh but could not reach him through the flames which quickly consumed the building. A lack of water prevented any fight being made against the fire.

Santa Rosa Man Drowns.

SANTA ROSA, June 13.—William Franklin Powell, aged 27, son of W. A. Powell, of San Francisco, who has been engaged in the construction business there, was drowned yesterday while bathing in Mark West Creek. His body was recovered. He was a member of the Masonic fraternity.

Sweeney Out for Senate.

CARSON (Nev.) June 13.—Justice J. M. Sweeney, of the Supreme Court, announced his candidacy today for the United States Senate on the Democratic ticket, against Senator Nixon, who is certain to be the Republican candidate next fall. Justice Sweeney stated he would make his campaign strictly on the tariff issue.

Steal Dentists' Gold.

STOCKTON, June 13.—Burglars entered five local dental offices between Saturday midnight and this morning, securing gold aggregating $350. The police have not thus far obtained a clue to the identity of the robbers. Thieves are known to be operating in dental offices throughout the State.

Engineer Killed at Auburn.

AUBURN, June 13.—Standing on the track in front of his engine at the town of Bowman, near here, J. J. McCabe, a well-known engineer, was killed today when the train, which had started of its own accord, bore down upon him, crushing him under the wheels. It is thought McCabe's foot was caught in the track, as he tried to jump clear of the rails.

ANOTHER BREATHITT TRAGEDY.

LEXINGTON (Ky.) June 13.—In a factional difficulty last night at Athol, Breathitt county, Miles Crawford was shot and killed by Elisha Johnson. It is charged Crawford attacked his cousin, Clay Crawford, and was killed by Johnson. The alleged slayer surrendered.

Because of unseasonably cold and rainy weather, thirty concessionaires at Coney Island gave up their places yesterday. Bad weather has cost the island, it is estimated, over $200,000 in the past two weeks. Unless real summer days come quickly, it is believed many more persons at the resort will have to go out of business.

WELCOME NEWS FOR SUFFERERS FROM RHEUMATISM

The Disease Is Permanently Cured by Dr. Williams' Pink Pills and Complete Information Is Free for the Asking.

Every one who suffers from rheumatism will recognize the description of a genuine case at sight.

In the following brief statement are vividly described the symptoms which every patient will recognize and the means by which a cure was effected in this case is described with equal fidelity.

If you are suffering from any form of rheumatism with loss of flesh and strength, and thinning of the blood, the remedy that was so effective here deserves a thorough trial.

Mr. George C. Long, a farmer, whose address is Box 43, R. F. D. No. 1, Oakland, Ore., says:

"When I was quite young, I was a sufferer from rheumatism for nearly two years. The pains were in my neck and back and were so intense that my neck was drawn back. My mother was afraid that I would be a cripple for life. I became pale, weak, and thin.

"I was treated by doctors for over a year and tried numerous remedies but received no benefit. Then my mother decided to have me try Dr. Williams' Pink Pills. The first few boxes helped me and I began to gain in flesh and strength. A thorough trial of the pills entirely cured me and I have never had the slightest return of the disease."

That the ordinary medical treatments of rheumatism are far from satisfactory is known by every one who has ever suffered from the disease. To every sufferer, therefore, the fact that Dr. Williams' Pink Pills cure rheumatism, as hundreds of cases like Mr. Long's proves, will be welcome news. Some of these cures are given in our booklet, "Diseases of the Blood," which will be sent free upon postal card request.

Dr. Williams' Pink Pills are also highly recommended for chlorosis or green sickness, general debility, anaemia, stomach trouble, and the after-effects of the grip and fevers.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Always insist upon getting the genuine pills which are sold only in packages bearing the full trade-mark, "Dr. Williams' Pink Pills for Pale People."

RECOGNIZED.

TOWNSMEN MAKE PRISONER ASHY.

IDENTIFY MAN IN CITY JAIL AS EX-CONVICT.

Residents of Highlands, Kansas, Visit Him in Cell and Declare He Is Person Who Has Swindled Many of Large Sums Throughout the Country.

The identity of the alleged forger and swindler now held in the City Jail under the name of "James A. Woodbury" was definitely settled last night when two residents of his home town, Highlands, Kan., gazed at him and called him by his right name—J. E. Marcell. Capt. Flammer has insisted that in spite of "Woodbury's" steadfast denials the prisoner is Marcell, recently released from the Kansas State Penitentiary, where he served a sentence for defrauding a Kansas City bank of $350,000.

The identification made last night takes away the last vestige of hope from the faithful woman who believed that she was Mrs. James A. Woodbury. She has called daily at the City Jail and refused to believe men who told her that her alleged husband has another wife. The records of the Kansas State Penitentiary at Lansing show that Marcell has a wife and three children.

N. C. Degginger of No. 248 North Flower street, and A. E. Inglehart of No. 3700 South Hope street, were born and raised in Highlands, Kan., and knew Marcell well. They called at the jail last night and asked permission to see "Woodbury."

"Hello, Marcell," said Degginger. The prisoner started and turned ashy gray, but recovered his composure quickly and tried to ignore the men who identified him.

Degginger is visiting Los Angeles for a few weeks and has been reading the newspaper accounts of "Woodbury." When he saw a picture in The Times Thursday morning he was convinced that it was that of a man who swindled his father out of $10,000 a couple of years ago. Marcell obtained a loan of $10,000 cash from L. Degginger, a merchant at Highlands, by giving the latter some forged notes as security. For this reason the son of the defrauded man could never forget him.

Several months ago the prisoner is alleged to have made a cleanup here by working a swindling game on the First National Bank of Hollywood which enabled him to defraud the Whitley Jewelry Company of $393. A complaint was issued against him for passing the fictitious checks on the jewelry company, but in the meantime he fled from this city, leaving about $3000 in unpaid bills. The local detective department issued bulletins and pictures of him which were scattered throughopt the country and he was captured several weeks later in Chicago and brought here to stand trial.

Indications last night pointed to a startling denouement when Marcell alias Woodbury, is given his preliminary hearing in court this morning. Chief of Police Snow of Kansas City, wired last night that he wants Marcell in case the authorities fail to make a case against him here. Frank T. Carrington, superintendent of police, of Minneapolis, has telegraphed to Chief Galloway that he wants Marcell alias Woodbury, who operated in Minnesota under the name L. S. Critchell. The prisoner used the latter name also when he was registered at the Grand Pacific Hotel in Chicago. Towns in Iowa and Nebraska have sent inquiries, and the Kemper Grain Company of Kansas City, has sent a letter to the police stating that "Critchell" defrauded them of $400 which he borrowed by pretending that he had a carload of corn to turn over to them.

Added to these charges and complaints, it is not improbable that the rightful Mrs. J. E. Marcell will bring charges against her husband because of his alleged bigamous marriage to the present "wife."

ARTHUR LETTS Broadway Department Store

HOME 10571. BDWY. 4944. BROADWAY COR. 4TH. LOS ANGELES.

Sporting Goods Third Floor

Ready-to-Wear Clothes for Women With or Without Vacation in Mind

One just can't keep indoors these days; and to be comfortable out in the open one must be dressed with suitable apparel. The Broadway has most cautiously selected its stocks for summer. By choosing now you will take advantage of fullest assortments and latest styles.

Vacation Shoes

$2.48, $2.98 and $3.98

Whether high or low shoes for beach or mountain wear, the Broadway has them in sturdy qualities, and at comparatively low prices. Made of elkskin or tan leathers. Low or medium heels. Priced, pair $2.48, $2.98 and $3.98, according to style. Aisle 8.

Angelus Shoes $3

The women of Los Angeles need no introduction to the merits of our already famous line of Angelus $3.00 shoes. All the latest summer styles are represented—instep and ankle strap effects, oxfords and high shoes. These are 50c better than the price at, pair $3.00. Aisle 8.

Flowers for Vacation Hats 10c

Especially priced assortment of flower hat trimmings in roses, single or branched by three. Also large bunches with foliage, including cowslips, forget-me-nots, etc. Priced Tuesday, 1st floor 10c.

Misses White Beach Suits $2.95

This is merely a summer suggestion from the Misses' Department. Suits of white linene. Notched collar and turn back cuffs; pleated skirts. Semi-fitted coat, with strap seams; also colors—$2.95.

Misses Wash Skirts $2

Misses' sizes, 12, 14, 16 and 18. Made of the ever-popular poplin. Full, wide pleats all around and very deep hem. Broadway price $2.00. Second floor.

Nainsook Gowns

Slipover style, with dainty lace trimming on yoke and sleeve. Any number of pretty patterns. Broadway price..... $1.00

Princess Slips

Made of soft lawn, with three rows of German Val. lace; ribbon run. Tucked flounce, edged with lace to match. Second Floor. Priced..... $1.25

Bathing Suits

At $1.50 Garments of Georgia serge, in black and blue, trimmed with white braids. Good, serviceable bathing suits. Broadway price, $1.50.

At $2.95 Two-piece suits of mohair, in black or blue. Sailor or Dutch collars. Elbow or puffed sleeves. Attractively trimmed in white.

At $3.95 Bathing suits of superior quality mohair. Choice of black and blue. Including the "swim-easy" style. Trimmed in white. Really underpriced at $3.95. Third Floor.

Wash Belts 25c

Your summer wardrobe is decidedly incomplete without a number of wash belts. Select from tailored stitched, plain, tucked and fancy embroidered effects from our line at 25c. Wash Beltings, inch 1c. Aisle 3.

Vacation Waists

Priced $1.00

There's not a more popular style for vacation wear than the clever one which we illustrate and which we have priced so attractively at $1.00. Note how the model is made with new elbow-length sleeves, soft "Trouville" collars with soft turnback cuffs. We are the only store showing these waists from a well known maker. The style may be copied, but not the same quality of cambrics and lawns.

ASTONISHING.

BRACK'S HOMER SPEARS WHALE.

Vernon Heaver's Long Drive Settles Game.

Visitors' Errors Help Along Two Local Runs.

Three Fast Double Plays Add to the Interest.

Vernon, 4; Sacramento, 2.

When a pitcher makes his first home run of the season and what is probably the first in his life, it is time for the players on the other team to curl up and lie down, for they have no chance. This is just about what the Senators did yesterday afternoon after they had seen Heaver Brackenridge of the Vernons smack the ball to the top of the left fence in the seventh inning, bounded on over for a home run and one of the good features about it was that Lindsay was on first base when the blow was struck.

This poke, however, did not spear Chimmie the Whale half as deeply as a bad muff that Danzig made at first base in the third inning, which largely contributed to the first run the Vernons scored. Hap Hogan had reached first base on a swat to center and a moment later Whalen tried to catch him off the bag but made a high throw which Danzig let slip through his hands to the bleacher fence and Hogan got to third before Dan got the ball back. Hap easily scored on Stovall's drive to left.

In the eighth Brackenridge hit to right, went to second on Kit Brashear's infield single, to third on Roy Brashear's pass and scored when Raymer footed Coy's grounder. Here were two runs that were due to errors and as Brackenridge started the second one with his homer it can be stated that he really won his own game.

The Senators had him going in the first part of the game and only the fine support of the fielders kept the visitors from making a lot of runs. Coy dropped one run by a fine sprint in the second for Van Buren's fly to center, which prevented Raymer from scoring and again in the third his throw from center to the plate cut off Danzig. In the first inning Brackenridge walked Van Buren, who later scored, while in the fifth he helped along Darringer's run with a wild pitch. It is a matter of fact he lost the game at the start and won it at the finish.

Leaving out Brackenridge's homer the features of the game were three double plays and each of these was just enough to keep anyone guessing. In the third Brackenridge walked Perry and Danzig and then threw Briggs' bounce to Burrell in time to force Perry, Burrell completing the double play to Briggs at first. In the fourth with Carlisle on first, Roy Brashear hit a fast grounder to Darringer who ran across second base, forcing Carlisle and then shot the ball to first and nabbed Brashear. In the second with Coy on first Whalen threw Burrell's bounce to Raymer and Fred completed an easy double play on Burrel at first, these plays being fast and snappy.

Darringer singled in the first, went to second on Van Buren's pass and was forced at third by Perry's bounce to Brackenridge. This put Van on second and he reached the plate on Danzig's double over third base. Darringer's double over first base, a wild pitch and Perry's long fly to center scored the final Senator run in the fifth.

For the locals in the seventh Burrell was an easy infield out and Lindsay followed with a drive to left. Hogan flew to Perry and then it was that Brackenridge made his homer. There was little of the sensational in the game, for wash-day contests are not generally productive of anything particularly interesting unless it be a sandstorm blowing up before the clothes are dry.

The score:

VERNON.

PIRATES SHAKEN UP.

[ASSOCIATED PRESS NIGHT REPORT.]

PHILADELPHIA, June 13.—Pittsburgh played all around Philadelphia today, and won, 6 to 3. Pittsburgh's team was shaken up, Wagner going to first base and Leach to shortstop and Campbell and Wilson shifting positions. White pitched fine ball until the ninth inning when he weakened and Camnitz was sent to the rescue. Score:

Pittsburgh, 6; hits, 12; errors, 1.
Philadelphia, 3; hits, 4; errors, 6.
Batteries—White, Camnitz and Gibson; Ewing, Schettler, Moore and Dooin.
Umpires—Johnstone and Moran.

SPLIT DOUBLE-HEADER.

[ASSOCIATED PRESS NIGHT REPORT.]

BOSTON, June 13.—An even break was the result of the double-header between Boston and Cincinnati, the first game of which was won by the locals, 5 to 4, in the fourteenth inning. Score:

First game:
Boston, 5; hits, 11; errors, 1.
Cincinnati, 4; hits, 9; errors, 1.
Batteries—Pfeffer and Graham; Suggs and McLean.
Second game:
Boston, 1; hits, 5; errors, 1.
Cincinnati, 2; hits, 6; errors, 1.
Batteries—Rudolph and Graham; Ames and McLean.
Umpires—Rigler and Emslie.

CHICAGO WINS IN THIRTEEN.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, June 13.—Chicago defeated Washington 2 to 1 in thirteen innings today. Chicago scored its winning run on Gandil's double and Payne's single. Score:
Chicago, 2; hits, 5; errors, 1.
Washington, 1; hits, 5; errors, 2.
Batteries—Olmstead and Block, Payne; Johnson and Street.

TIGERS WIN AGAIN.

[ASSOCIATED PRESS NIGHT REPORT.]

DETROIT, June 13.—Detroit made it three out of four from New York today, taking the final game of the series 5 to 1. Score:
New York, 1; hits, 9; errors, 4.
Detroit, 5; hits, 7; errors, 2.
Batteries—Vaughn and Quinn, Mitchell; Summers and Stanage.

NAPS DROP SLUGGING BEE.

[ASSOCIATED PRESS NIGHT REPORT.]

CLEVELAND, June 13.—Boston defeated Cleveland 9 to 7 this afternoon. Mitchell was knocked out in two innings. Cicotte was hit hard in the seventh and ninth when the locals scored six runs. Score:
Cleveland, 7; hits, 14; errors, 3.
Boston, 9; hits, 16; errors, 2.
Batteries—Mitchell, Harkness, Roane and Easterly, Bemis; Cicotte and Carrigan.

TROUBLE AT FRESNO.

MEN WANT MONEY REGULARLY.

[ASSOCIATED PRESS NIGHT REPORT.]

FRESNO, June 13.—President Frank Shuck of the Fresno Tigers was this morning handed a communication signed by every member of the club, with the exception of Manager McDonough, to the effect that if their salaries are not promptly paid on the first and fifteenth of each month the players will refuse to play on the Fresno team any longer.

The men declare that, while no money is due them at present, they have been compelled to wait too long in the past after pay day in order to receive their salaries. Shuck states that the communication sent him was inspired by either local parties who desire to get the Fresno franchise in the California league away from him or else by some of the disgruntled players who are in hopes of securing their releases in order that they may be at liberty to play elsewhere.

In either case, Shuck declares failure will be the result. If the San José team comes to Fresno for the next series, and the striking players refuse to play, both President Shuck and Manager McDonough state they will have a team of "bushers" on hand to represent this city.

DEAL IN SIGHT.

OWNER OF CUBS IN LOUISVILLE.

[ASSOCIATED PRESS NIGHT REPORT.]

LOUISVILLE (Ky.) June 13.—Charles W. Murphy, owner of the Chicago National League baseball team, is here, accompanied by his brother, John Murphy, who is a scout for the Cubs; William Grayson, Jr., owner of the Louisville American Association Club and C. Sscmaistig, of Cincinnati, manager for C. P. Taft.

While Mr. Murphy would only say that he is scouting for ball players in the south, it is said he is conferring with Grayson with the idea of purchasing the Louisville club.

STALLINGS IS MANAGER.

FARRELL EXPLAINS SITUATION.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, June 13.—President Farrell, of the New York Americans, today flatly denied the story that Hal Chase, and not George Stallings was manager of the Highlanders.

"This story is ridiculous," said Farrell, "and seems to have been started to create dissension in my team. Stallings is the manager and Chase the captain and the men work together and in perfect harmony. Once the game is started, Stallings attends to his duties on the bench and Chase exercises whatever authority is necessary on the field. Stallings is the manager and Chase the captain and the men work together and in perfect harmony. Once the game is started, Stallings attends to his duties on the bench and Chase exercises whatever authority is necessary on the field and Griffith of Cincinnati from the coaching lines. Scores:

First game:
Cincinnati, 4; hits, 10; errors, 0.
Boston, 2; hits, 9; errors, 2.
Batteries—Burns and McLean; Curtis, Ferguson and Graham.
Umpires—Rigler and Emslie.
Second game:
Boston, 5; hits, 7; errors, 4.
Cincinnati, 2; hits, 4; errors, 4.
Batteries—Suggs and McLean; Brown and Smith.
Umpires—Rigler and Emslie.

CATCHER MYERS LOSES GAME.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, June 13.—Chicago beat New York, 6 to 2, four of the visitors' runs being the result of poor work by Catcher Myers. Bridwell was the only New York player who showed form in both batting and fielding. Score:
Chicago, 6; hits, 11; errors, 1.
New York, 2; hits, 9; errors, 3.
Batteries—Brown and Archer; Ames and Myers.
Umpires—O'Day and Brennan.

ST. LOUIS TAKES OPENER.

[ASSOCIATED PRESS NIGHT REPORT.]

BROOKLYN, June 13.—St. Louis and Brooklyn got together for the first time this season on the local grounds after two postponements, and the visitors won. Burch scored for Brooklyn in the first inning on a single, a sacrifice and Hummell's double. Score:
St. Louis, 4; hits, 5; errors, 1.
Brooklyn, 1; hits, 4; errors, 2.
Batteries—Sallee and Bresnahan; Bell and Bergen.
Umpires—Klem and Kane.

AMERICAN LEAGUE.

BENDER CLOSE WITH HITS.

[ASSOCIATED PRESS NIGHT REPORT.]

ST. LOUIS, June 13.—Philadelphia defeated St. Louis 6 to 1 today. The visitors netted three runs off Powell in the second and three off Waddell in the ninth. Bender held the locals to two hits. Score:
Philadelphia, 6; hits, 7; errors, 1.
St. Louis, 1; hits, 2; errors, 0.
Batteries—Bender and Lapp; Powell, Ray, Waddell and Allen, Killifer.

GANDIL WIELDS STICK.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, June 13.—Chicago defeated Washington 2 to 1 in thirteen innings today. Chicago scored its winning run on Gandil's double and Payne's single. Score:
Chicago, 2; hits, 5; errors, 1.
Washington, 1; hits, 5; errors, 2.
Batteries — Olmstead and Block, Payne; Johnson and Street.

TIGERS WIN AGAIN.

[ASSOCIATED PRESS NIGHT REPORT.]

DETROIT, June 13.—Detroit made it three out of four from New York today, taking the final game of the series 5 to 1. Score:
New York, 1; hits, 9; errors, 4.
Detroit, 5; hits, 7; errors, 2.
Batteries—Vaughn and Quinn, Mitchell; Summers and Stanage.

NAPS DROP SLUGGING BEE.

[ASSOCIATED PRESS NIGHT REPORT.]

CLEVELAND, June 13.—Boston defeated Cleveland 9 to 7 this afternoon. Mitchell was knocked out in two innings. Cicotte was hit hard in the seventh and ninth when the locals scored six runs. Score:
Cleveland, 7; hits, 14; errors, 3.
Boston, 9; hits, 16; errors, 2.
Batteries—Mitchell, Harkness, Roane and Easterly, Bemis; Cicotte and Carrigan.

NO MORE RISKS.

JOHNSON PUTS AWAY MACHINE

Promises to Give Up Racing Until After Fight.

Takes Day Off and Speeds to San Jose.

Rickard Heaves Big Sigh of Relief.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, June 13.—Jack Johnson will forego automobiling for the balance of the training season. Tomorrow both of his racing cars are to go into the paint shop to be touched up and they will not be ready for use before July 1.

It was in response to a request from Tex Rickard that the champion reluctantly agreed to drop the only pastime that he thoroughly enjoys.

Rickard has, as a reward for this promise, agreed to allow Johnson the use of his machine whenever it is desired, but it is a part of the pact that the black man is not to touch the wheel.

"Look here," said Rickard on the occasion of his last trip to the Seal Rock house, "you've just got to stop driving your automobile around so much. There are too many chances that you would hurt yourself. You might do it cranking up the machine, or in driving the car. We can't afford to take any of these chances."

Johnson admitted that he saw the force of the argument, but pleaded that he had no other source of amusement and that he wasn't a careless driver.

"I don't care how good a driver you are," retorted Rickard, "there are always chances that something will happen and I want you to promise me there will be no more of it."

"All right," replied Johnson, "I will run the cars into the paint shop and they will not be out until after the fight."

Rickard heaved a big sigh of relief. "That's a load off my mind," he declared to some of his close friends. "I certainly was worried about Johnson and his automobile. He likes to speed too much."

DRIVES TO SAN JOSE.

Johnson took what was practically a complete rest today. He was on the road in the morning for a short time, but long before the noon hour had his machine out and unlimbered for action.

"I'm off for San José," he announced to the gaping crowd as he entered his machine. Sig Hart accompanied him, and the return was not made until late in the evening.

Tex Rickard, accompanied by Sam Berger, arrived this evening from Ben Lomond. It is understood Berger has come here in order to hold a conference over the sale of the moving pictures.

KETCHEL LIKES JACK.

THINKS JEFF WON'T REACH HIM.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, June 13.—Jack Johnson is one of the greatest, if not the greatest heavyweight fighter the world has ever seen, according to Stanley Ketchel, middleweight champion, who arrived in Chicago yesterday en route to San Francisco to prepare for his battle July 2 with Sam Langford.

"I take Jack Johnson for mine," added Ketchel.

"Will Jeffries come back? I think he will, but I doubt whether he will be able to put the black man down for the count of ten."

Ketchel will train at Colma, declaring that he has always found that spot a lucky one. Ketchel was accompanied by his manager, Wilson Mizner.

JEFF UP WITH BIRDS.

FINISHES DAY'S WORK EARLY.

[ASSOCIATED PRESS NIGHT REPORT.]

BEN LOMOND, June 13.—In line with the whims of James J. Jeffries, the big white fighter was up with the birds this morning and before the camp was awake and stirring, he had completed the burden of his day's training task. He had boxed nine business-like rounds and had completed the spectacular part of the performance while no one was looking, save the keen-eyed sparring partners.

In six of the rounds Jeff boxed without taking a rest, alternating with Berger and Choynski, and taking one of them on at the end of a round with the other. Then Bob Armstrong was made to hustle for three regulation rounds, after which the sages of the training staff wisely remarked that Jeff has concluded that he is about to meet a man in Jack Jackson, who has intimate knowledge of the boxing game.

Straight from the boxing session, Jeff plunged into a quarter of an hour of shadow boxing. As he was leaving the gymnasium to engage in a game of handball, it was respectfully suggested by Jim Corbett that more work for the day might prove harmful, and, with a grunt, Jeff agreed. Having done his lessons, the boilermaker gathered his fishing outfit and started off with his brother Jack for the trout stream. He did not return until after dark.

JEFF WILL SETTLE.

DECIDES TO PAY RENO DEBTS.

[ASSOCIATED PRESS DAY REPORT.]

RENO (Nev.) June 13.—Through his legal representative, James J. Jeffries today settled the gambling debt contracted with Stout and Miller, gambling house proprietors of this city, on the evening after the Hart-Root fight here four years ago.

The case was called in the Superior Court of Nevada county, California, for June 15, before a jury, and as his presence at Nevada City on the date mentioned and for several days thereafter would have seriously interfered with his training for the fight with Johnson, the big fellow's attorney stated today that he had decided to pay the note for $5000, given at the time the debt was contracted, together with interest and costs of the suit.

Los Angeles Entered.

HARTFORD (Ct.) June 13.—[Exclusive Dispatch.] Among the entries announced today for the early closing stakes of the Charter Oak Grand Circuit meeting was one from Los Angeles. In the big free-for-all trot F. D. Myers has entered Margin, which

GANS HEARS FINAL GONG.

Famous Old Black Lightweight Pug Nears End from Consumption.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, June 13.—[Exclusive Dispatch.] News came from Phoenix, Ariz., today that old Joe Gans, former lightweight champion, is very near death from tuberculosis. A local paper wished to have Gans write a story of the Jeffries-Johnson fight, and offered the ex-champion liberal terms, but a letter came today from Gans's doctor, saying Joe was grateful for the offer, but was not in physical condition to stand the long journey to San Francisco.

He added that consumption had made rapid strides since Gans arrived in Phoenix, and that the climate did not seem to help the veteran, as he had remained too long in Baltimore before trying a change.

Gans is said to be a mere shadow of the old fighter who conquered Britt, Nelson and all other aspirants for the lightweight honors.

AT LATONIA.

MADMAN WINS FEATURE RACE.

BEATS HANBRIDGE BY LENGTH IN SIX FURLONGS.

Guy Bedwell's First Entry of the Season Shows Fine Form—My Gal Springs Surprise in Last Event, Leading Fast Field to Wire—Southern Gold Comes to the Front.

[ASSOCIATED PRESS NIGHT REPORT.]

LATONIA, June 13.—Madman, Guy Bedwell's first entry at the present meeting, won the feature race at Latonia today. The horse defeated Hanbridge by a scant length. Results:

Four and a half furlongs: Helen Sevott won, Miss Battistite second, Perolia third; time 0:55 1-5.

Mile: Southern Gold won, Yankee Pooh second, Nannette third; time 1:43 2-5.

Six furlongs, selling: Alice George won, Topsy Robinson second, Mae Hamilton third; time 1:14 2-5.

Six furlongs: Madman won, Hanbridge second, Al Muller third; time 1:13 2-5.

Six furlongs: Merrick won, Dainty Dame second, Barnesdale third; time 1:14 1-5.

Mile and a sixteenth: My Gal won, Belle Clem second, Quagga third; time 1:47 1-5.

SALT LAKE RESULTS.

ORDINARY CARD RUN OFF.

[ASSOCIATED PRESS NIGHT REPORT.]

SALT LAKE CITY, June 13.—Only an ordinary card was offered by the Utah Jockey Club at Buena Vista today. Results:

Four furlongs: Ed Levan, 103 (Singleton,) won; Bessie C, 105 (Callahan,) second; Albeto, 100 (Imes,) third; time, 0:49 4-5. Elizabeth Daly, Twenty Hours, Little Friar and Keefer also ran.

Six furlongs: Buena, 107 (Vosper,) won; Wistaria, 107 (Callahan,) second; The Mackintosh, 109 (Donvitz,) third; time, 1:16. Aunt Polly, Senator Barrett, No Rule, True Sif, Galene Gale, Genova and Thierry also ran.

Six furlongs: Gossiper II, 107 (Van Dusen,) won; Emma G, 107 (Vosper,) second; Elder, 109 (Callahan,) third; time, 1:16. Minnie, Black Domino, Helen Carroll, Cotton Tail, Tipster, Harry Stanhope, Dr. Sherman and Copperfield also ran.

Five furlongs: Silver Stocking, 107 (Kent,) won; Fernando, 113 (Van Dusen,) second; Fore, 102 (Manders,) third; time, 1:00 3-5. Dr. Bollis, Pinte, Lady Panchita, Novgorod, Billy Myer and Kid North also ran.

Seven furlongs: Frieze, 105 (Kent,) won; Sabado, 109 (Callahan,) second; Weymouth, 100 (Nolan,) third; time, 1:29 4-5. Santhia, Deneen, Manlia S, Yolo, East End, Proteus, Littleton and Cigarlighter also ran.

Seven furlongs: Snowball, 107 (Iners,) won; Bonnie Bard, 109 (Carroll,) second; Spring Ban, 107 (Cotton,) third; time, 1:29. The Slicker, Cadichon and Dixie Dixon also ran.

TODAY'S ENTRIES.

Entries at Buena Vista for tomorrow:

Five furlongs, selling: Lillium, 98; J. M. Stokes, 100; Ybor, 104; Figent, Minnie Bright, 107; Thierry, J. W. Fuller, Unmasked, Wheatstone, 111; Little Fannie, On Parole, Flamgotha, 109.

Four and a half furlongs, selling: Wiltrude S, Osaudene, 101; Abe Slupskey, 104; Pearl Bass, Chenault, 107; Louise B, Beatrice Soule, Clara Hampton, 109; Copper City, 115.

Six furlongs, selling: Good Intent, Jillette, 102; Nebulosus, 104; St. Joe, Tillinghast, Ben Stone, Tramotor, Liberto, Coriel, Melton Cloth, 109; Argonaut, 112; Silver Leaf, 107.

Mile and a sixteenth: Flora Riley, 106; Rather Royal, Barney Oldfield, 108; Buckthorne, 109; Merlingo, 111; Captain Burnett, 113.

Seven furlongs, selling: Tansy, 95; Good Money, 97; Dorothy Ann, Swell Girl, Wineberry, Royal River, 107; Sam McGibbon, 109; Denver, 110.

Seven furlongs, selling: Sal Pearl, 105; Ossian, Gene Russell, Kaiserhoff, Dr. Mayer, Warner Griswell, 107; French Cook, Steel, Hiacko, 110.

GRAVESEND RESULTS.

STEEPLECHASERS TUMBLE.

[ASSOCIATED PRESS NIGHT REPORT.]

GRAVESEND, June 13.—The feature of the card, the Astoria Sporting Stake, at five furlongs for fillies, 2 years old, resulted today in an easy victory for Bashti. Results:

About six furlongs: Magazine won, Horace second, Shannon third; time, 1:11.

Steeplechase, about two and one-half miles: Black Bridge won, Diopit second, Bushranger third; time not taken. Papkria, Magellan, and Jimson second. The Bailiff's Daughter third; time, 1:02.

Mile and one-eighth: Sager won, Joe Madden second, Scarpia third; time, 1:54.

Five and one-half furlongs: Blue Mouse won, Firewood second, Old Squaw third; time, 1:10.

AMERICANS WINNING.

JUDGE MOORE TURNS TABLES.

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, June 13.—W. H. Moore of New York continued his winnings at the International Horse Show. His horse Florish captured first and Whitewall Aerial third prize in the class for single harness horses over fourteen and not exceeding fifteen hands, shown to a two-wheeled carriage. His horses also took second and third prizes in the judging of pairs of harness horses over fifteen and not exceeding 15.2 hands.

NATIONAL GOLF TOURNEY.

Seventy-one Players Are to Compete in Open Championships at Philadelphia.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, June 13.—Seventy-one entries, of whom six are amateurs, have been named to play in the national open golf championship on Friday and Saturday at the Philadelphia Cricket Club.

Among the pairings on the first day are: O. A. Terry, Canoebrook Country Club, New Jersey, and George Smith, Claremont Country Club, California; McDonald Smith, Claremont Country Club, California, and Tom McNamara, Boston; H. M. Sherwood, Claremont County Club, California, and John Hobens, Englewood Golf Club, New Jersey; E. S. Armstrong, Salt Lake, and Sam White, Philmont Cricket Club, Pennsylvania.

For Lynnewood Hall Cup.

PHILADELPHIA, June 13.—The greatest number of golfers that ever entered the event, teed off today in the tenth annual invitation golf tournament for the Lynnewood Hall cup at the Huntington Valley Country Club, at Noble. The cup, presented by Mrs. George D. Widener, to be played for annually, is to become the property of the player winning it three times, not necessarily in succession. Jerome D. Travers holds two legs.

Army Field Day.

WEST POINT (N. Y.,) June 13.—Favorable weather prevailed today for the seventeenth annual field day of the cadet corps. The class of 1912 won the meet with 145 points. Points won by the other classes were: 1911, 123¼; 1913 73¼; 1910, 47½.

Judge Moore turned the tables on A. G. Vanderbilt this evening in the Corinthian coaching event, from Olympia, about seven miles, capturing first prize. The third prize was awarded to Mr. Vanderbilt.

On Saturday Vanderbilt won the coaching Marathon, while Judge Moore's Finan finished third.

Pitcher Reinstated.

CINCINNATI, June 13.—The National Baseball Commission today reinstated Pitcher K. J. Lynch of the Pennsylvania State College. He is expected to report to the local management next week.

NOW THE PENNANT.

Los Angeles is a pennant winner. It will show itself in the government census to be the banner city of the Pacific Coast in population. It has proudly led the counties of the whole State in pluralities given the Republican candidates in the last several elections.

And besides, it has the distinction of printing the biggest newspaper in the United States. May was a banner month for the Los Angeles Times. It led in volume of advertising all its local contemporaries by a wide margin; and now it takes the pennant for the same month from all the newspapers of the United States by beating its closest contemporary, in Seattle, by over 1200 columns of advertisements.

The subjoined statement gives the figures for the leading paper in each of the several cities named, and shows, as usual, The Times at the head of the list:

DELIGHTFUL.

A DREAM OF FAIR WOMEN.

ARTISTIC SETTING FOR GIRL GRADUATES.

Collegiate School Awards Diplomas Amidst a Wilderness of Fragrant Flowers and Charming Effects. Large Audience Enthusiastic in Its Praise—Many School Functions.

Artistic in the highest degree was the commencement of the Girls' Collegiate School, at Ebell Club House last night. There was an exquisite finish to every detail and the whole scheme was carried out like the creation of a beautiful picture.

The proscenium arch was wreathed in green; the stage, with a foliage background was occupied only by the furniture. The building of the picture began by Miss Parsons and Miss Dennen taking their places on the left, then came the seventy members of the freshmen classes, all in pure white, to the music of a march. They passed up the middle aisle and spread out to the right and left in front of the stage. They were followed by the twenty-six members of the junior class, in the conventional mortar-board hats and sombre black gowns, marching in double file, each carrying a huge shower bouquet of pink sweet-pea blossoms. As they reached the head of the aisle they fell into open ranks and raised the bouquets over their heads forming an arch.

The thirty graduates, marching in single file, all dressed in white and each carrying a magnificent bouquet of pink roses, entered and passed under the arch formed by the juniors, and took their places on the stage, thus forming the center of the picture. As the last graduate passed, the juniors took up the march, each depositing her bouquet on the stage, forming a line of color along the footlights. By the time the last one had performed this part, the first one was returning with a load of magnificent floral pieces, brought by the friends of the graduates, and this continued until they formed a fragrant bank of beautiful flowers five feet high, covering the entire front of the stage from the floor. As the living picture was completed, it was greeted with prolonged applause from the audience.

The programme of exercises was as follows: Invocation, Rev. Baker P. Lee; address of welcome, Miss Ollie Paulin; class song, "Aloha," words by Miss Vera Demens; essay, "International Peace," Miss Blanche Martin; essay, "Auld Scots' Songs," Miss Jesse Matheson, introducing "Robin Adair," sung by Miss Jessie Atwood; "Loch Lomond," sung by Miss Marjorie Showers; "Auld Lang Syne," sung by the class of 1910; address to the graduates, Miss Alice K. Parsons; presentation of diplomas, Miss Jeanne Dennen. The exercises closed with the school song, "Hail to you, Alma Mater," and the benediction by Rev. Stanley Ros Fisher.

In the class song, "Aloha," a novelty was introduced by a number of the graduates accompanying the piano on small Hawaiian guitars; while in the Scotch song essay of Miss Matheson (class president,) two of the class soloists were introduced. The whole was enjoyable and won generous applause.

Miss Parsons, in her address to the class, gave them much sensible advice, while many sentences gleamed with humor that caused laughter and applause from the audience.

As Miss Dennen called the name of each graduate she stepped forward and received her diploma, amidst the clapping of hands, and then followed the distribution of flowers and an informal reception.

Following is the roll of the class: Ruth Lovilla Ackerman, Barbara Allen, Jessie May Atwood, Dorothy Kathleen Austin, Agnes Bethune, Corinne Bullard, Kathleen Stanton Carter, Ida May Corey, Vera Marie Demens, Clara Demmons Esten, Clare Felts, Shirley Allevne Goodman, Marsha Marguerite Jones, Adeline Kellogg, Lula Evelyn Lewis, Beulah Lightner, Florence Mackey, Blanche Martin, Jessie Ellen Matheson, Olke May Paulin, Rhoda Agatha Rindge, Marjorie Showers, Helen Thayer, Allie Rhea Walker, Janet Wherry, Frances Rae Whitesell, Mary Kaul Wilcox, Genevieve Wilcox, Gladys Mary Young.

PUPILS GIVE RECITAL.

ANNUAL CUMNOCK EVENT.

The Pupil's Recital, an annual occurence at the Cumnock School of Expression, was given last night to a crowd of friends. Mrs. Merrill Moore Grigg, director of the school, addressed the audience.

"Expression is not an accomplishment," said Mrs. Grigg, "it is a very necessary adjunct to a universal education. To know the truth is to do the truth: to receive the thoughts of others and to remember them is not culture, but it is to assimilate them and be able to impart them to others. Culture is not acquisition, but expression. It has been said that reading is the vocal interpretation of the world's literature. It is the power to turn the printed page into vision, through the medium of voice and soul, as a painter. He sees a sunset. He feels its beauty. He has some red paint. He paints the see the sunset in all its glory. So it is with reading. Voice and body have the power to translate into reality some of the greatest things in life, the supreme moments of the world as set down by our beloved Shakespeare, Tennyson, Longfellow, and all of the others that we know so well."

The programme as presented by the pupils included, "The Spanish Gypsy" by George Eliot, each act a separate reading, by Miss Strathearn, Miss Morton, Miss Streasser, Mrs. Greene, and Mrs. Hickcox.

Miss Cummings rendered a scene from Sheridan's "The Rivals" and Miss Hazel Dell gave the scene from "Rip Van Winkle" where "Rip" is driven from his home by Gretchen, his wife.

Next Wednesday the commencement of the Cumnock School of Expression and Cumnock Academy will be held in the Assembly Hall of the school. Mrs. Merrill Moore Grigg will read "Enoch Arden."

Play at St. Vincent's.

The High School seniors at St. Vincent's gave a delightful little comedy at the college last night. There was a large attendance, and the youthful thespians were given generous applause.

TWO YEARS FOR PERJURY.

Former Postoffice Employee Is Sentenced by Federal Judge for False Statements in Application.

Orlando E. Altorre, alias Orator W. Smith, was sentenced to a term of two years in Fort Leavenworth, Kan. penitentiary by Judge Wellborn in the United States District Court yesterday, following the defendant's conviction upon a charge of perjury.

The perjury charge resulted from a searching investigation by postal inspectors, following Altorre's arrest as the suspected embezzler of $15,000 from a registered mail pouch. The young man was employed in the registry division at the Los Angeles Postoffice at the time of the disappearance of the package of bank notes.

To find out more about the accused, Inspector Knox made a trip to Florida. He learned that Altorre was in government employ there under the name of Orator W. Smith. Several alleged false statements were noted in Altorre's application to take a government civil service examination here. As the statements were all sworn to before a duly qualified officer, the United States District Attorney at once brought the case before the Federal grand jury. An indictment charging embezzlement and another charging perjury were returned.

The government elected to try the perjury case first. A conviction was obtained about ten days ago. The embezzlement charge will be prosecuted at the next term of the District Court. Altorre's attorneys announced yesterday they would appeal the perjury case to the United States Circuit Court of Appeals.

PLEA FOR SHADE TREES.

Civic Association Members Ask Supervisors to Add to Beauty of County Highways.

Through a committee composed of Mrs. William R. Myers, Miss Bessie Stoddard and Mrs. Oliver Bryant, the Los Angeles Civic Association yesterday asked the Supervisors to appoint five persons to supervise the care of shade trees along the county highways.

Each Supervisor does this work in his own district now and the idea of the association is that persons with fewer public duties could give it more attention. It based its request on a recent enactment of the Legislature.

The Supervisors had been informed that the statute had been held to be unconstitutional and desired to have the advice of Deputy Dist-Atty. Shaw before giving an answer.

Mrs. Bryant declared that the committee desired to see all of the good roads lined with shade trees. She said there had been willful destruction of large trees in several places.

INSANE MAN DISTURBS.

He Chases Mother With Knife, Stands on Tracks Halting Street Cars and Climbs Poles.

Jeff Russell, a young negro, brother of Eliza Trammels, who tried to kill her husband a week ago, was arrested on a complaint of insanity and taken to the Receiving Hospital yesterday morning, after raising a sensational hubbub on Tennessee street. Russell began business early in the morning, when he jumped out of bed at his home, No. 829 Tennessee street, and chased his mother all over the house with a knife.

His next stunt was to strike a series of more or less heroic poses in the middle of the car track, remaining there until hustled to the sidewalk by a succession of exasperated car crews. When Patrolman C. R. Worts arrived, Russell had taken a fancy to the high and lofty and was caught only after he had climbed a half dozen telegraph poles and taken dare-devil leaps over the officer's head. He is a young negro of surprising agility and wound up his escapades by breaking away from the officers and started for a lightning sprint in front of the Police Station. A number of spectators, thinking him a criminal trying to escape, surrounded

UPLIFTING.

NOBLE WORK AMONG TOTS.

MANY ABUSES CORRECTED BY HUMANE SOCIETY.

Trustees Listen to Reports of Officer Showing Activities in Care of Children Unfortunately Situated. Homes Found for Some and Conditions Improved for Others.

That there is a wide field for the activities of the Los Angeles Humane Society, which deals exclusively with the care of children, is shown in the reports of the Humane Officer, Capt. F. Edward Gray, for April and June. These reports, submitted at the meeting of the board of trustees yesterday, show that the cases in which children are concerned, range from non-support to heinous crimes.

In April seventy-five cases were reported and investigated, involving 116 children, almost equally divided between boys and girls. Relief was given to 68 and 18 warnings were issued. A total of 187 calls were made during the month. The society placed 8 girls in private homes, where they were able to earn from $12 to $15 a month. Others were sent to school and provided with board and clothing. Where it was found that their parents could properly take care of them, 4 children were returned to their homes.

A runaway girl from San Francisco was restored to her mother; a child that had been kidnaped was brought back from San Francisco; 15 children were placed in institutions; two families were reconciled and two couples were married.

All this was accomplished practically without the aid of the court, the action of the judges being asked in only five instances. One case is pending in Judge Wilbur's court; a man was sentenced in Judge Williams's court to thirty days for beating his wife and child, and there were two cases of non-support and one case of criminal assault in the Superior Court.

A man who had not supported his wife for more than a year was induced to contribute $5 a week.

Capt. Gray's report for May showed an increase in the number of cases reported and investigated, namely, 93. There also were more calls, the total being 259. The number of children involved was not so great—41 boys and 65 girls. Homes were provided for 5 girls, and 7 children were placed in institutions. Thirty-five cases were referred to and are pending in the Associated Charities, Probation Office and Legal Aid Society. Three children were taken into the Juvenile Court. Only two cases were sent to the police court, one for non-support, and the other for incest.

The Humane Society has many wealthy members contributing. The city makes it a small allowance, and generous subscriptions are received from citizens who appreciate the work it is doing. The work has grown to huge proportions and the society is desirous of branching out. A splendid home is in contemplation for the care of children now parceled out to charitable institutions.

PERSONAL.

John Gandolfo, proprietor of the Gandolfo House, Yuma, is at the Nadeau.

Dr. George H. Wilson, a prominent physician of Cleveland, O., is at the Hayward.

A. L. Neer, a mining man of Douglas, Ariz., and wife are registered at the Angelus.

E. E. Jones and F. J. O'Brien, oil men, are registered at the Hollenbeck from Bakersfield.

George D. Hale, a shoe manufacturer of Boston, and Mrs. Hale are at the Hollenbeck.

B. F. Miller, postmaster of Searchlight, is seeing the sights and registered at the Hollenbeck.

David and E. J. Babbitt, the hotel men, of Flagstaff, are in the city and registered at the Hollenbeck.

Albert W. Rhodes, a business man of Philadelphia, is at the Rosslyn, on a tour of Southern California.

A. C. Bowles, representing the Dixon Crucible Company, is registered at the Hollenbeck from New York.

Mr. and Mrs. C. N. Whitels and Miss McConeghie, society people from St. Louis, are the guests of the Alexandria.

Mrs. J. Byrne and Miss Patsy Byrne, who are touring Southern California, are registered at the Hayward from Las Vegas, N. M.

E. O. McCormick, assistant traffic director of the Southern Pacific, at Chicago, reached the city yesterday and is registered at the Alexandria.

Mr. and Mrs. M. H. Chamberlin of Rutland, Vt., are registered at the Alexandria. Mr. Chamberlin is a representative of the Rutland Railway.

Mr. and Mrs. Frank Morse and family of Coquille, Or., are the guests of the Angelus. Mr. Morse is a large land owner in that section, which was recently opened up.

A. B. Thompson of the D. L. and W. Railway, Scranton, Pa.; J. D. Shields of the C. B. and Q., Omaha; W. L. Hamilton of the El Paso and S. W., prominent railroad officials, are among the first arrivals at the Alexandria for the Freight Claim Agents' convention in this city.

RAISIN SEEDER UNPROTECTED.

Judge Wellborn of the United States Court rendered a decision yesterday in favor of the defendant in the case of the United States Consolidated Seeded Raisin Company against the Selma Fruit Company. The plaintiff alleged the defendant was infringing its patent for seeding fruit. The court decided that the process lacked novelty and was not subject to patent. Similar actions are pending against a number of fruit companies who use what is known as the "Forsyth patent." The case was argued at Fresno at the last sitting of court in that city.

HEALD'S

SIXTY-FIRST CONGRESS.

OLLIVER ON THE DEFENSIVE.

Speech He Essays to Answer Critics.

Reasons for Opposing the Party Measures.

Insurgents Help Pass Sundry Civil Bill.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, June 13.—Senator Dolliver of Iowa answered the critics of the insurgents today in a speech delivered in the Senate during the discussion of the provision of the Sundry Civil Service Appropriation Bill, providing $250,000 to enable the President to gather information bearing upon the operation of the new tariff law.

Senator Clay's motion to strike out the provision was lost by a party vote of 32 to 44.

Mr. Dolliver and his fellow-insurgents voted with the regular Republicans.

The sundry civil bill, carrying appropriations aggregating $118,000,000, was passed.

Mr. Dolliver's speech attracted great interest and was listened to attentively by Senators on both sides of the chamber. It was the reply of the insurgents to charges of party disloyalty and was a direct challenge to their opponents.

The first named was Greeley Handy, and his speeches were referred to without reserve.

Beginning with the declaration that the tariff discussion has not been reopened because of the tariff law, Mr. Dolliver declared there was no longer any freedom of conscience or opinion, such as had made the Republican party strong.

Referring briefly to Speaker Cannon's statement, that "insurgents should Be hanged," he declared he would not let that remark be taken seriously. It was evident that men during Congress must become either Pharisaic studies or Ismaelites.

FOR PARTY INDEPENDENCE.

"I reject the terms and shall contend for independence within the party. I will not fight to destroy the party, but to upbuild it," he said.

In excusing the President's course toward the insurgents, Mr. Dolliver declared they were not playing for popularity as had been charged and, speaking of his personal relations to the President, he declared he had never done anything unloyal to the administration. "Such a charge does me the greatest injustice," he said. "I have done what I could to promote his candidacy for the Presidency. I supported him from one ocean to the other before he became a candidate. When I took the oath of office, I had but one sentiment toward him, and that was the hope that God would give him the power to stand against the conspiracy of greed and avarice that would enslave the party.

"I have known many vicissitudes in public life, but I never dreamed that for less than a year I would be called upon to defend myself and the little group of men with whom I stand against the charge of taking seriously the President's speeches and the platform pledges."

Mr. Dolliver said he proposed to tell not only what had gone on in Congress last year in connection with the tariff, but what was going on now to prevent members following their consciences, and said he thought that the insurgents had made any mistake, it was in remaining silent too long.

STILL A REPUBLICAN.

"I notify all parties that I have no intention of leaving the Republican party," he said. "It is not necessary for me to swallow every tariff bill that it would be impossible to get me out of the party on such charges. It cannot be done by lying about me or calling me names, such as 'free trader,' or 'Democrat.' Least of all, can it be done by taking from my back the millstone of political patronage. I share the universal distrust of allowing a great executive department to headquarters of the awkward squad of politics."

Asserting it was his desire to lead the public will, Mr. Dolliver suggested he would like to hold a political inquisition of the motives of those in both branches of Congress whose views the President seemed to be following in the "delusion that he is a leader."

Mr. Dolliver said it was true the Republican platform did not promise to revise the tariff downward, and if such promise had been made it would have been easy to comply with it by reducing the duties on articles produced by patents or controlled by international trusts.

"They could have been defended by stump speakers," he said.

Mr. Dolliver referred to Maj. Lord, who assisted the Senate Committee on Finance in drafting its bill, and then undertook to show that rates had been reduced—most of them, he said, by substantial. He said in this list were the iron and steel, the sugar and the cotton schedules. Many of the estimates given out were intended to deceive, he declared.

CONTRADICTORY?

Mr. Dolliver asserted it was a strange mistake to circulate the President's Winona speech with his Lincoln Tomb address, as they were contradictory in terms. The President had given entirely different reasons in the two speeches for considering the present law "the best ever enacted," the Iowa Senator. He declared that the tariff was being bolstered up by bogus figures.

"Last year witnessed two important victories," continued Mr. Dolliver, "the discovery of the North Pole by Dr. Cook, and the revision of the tariff downward by Senator Aldrich."

When the laughter that greeted his remark had died out, he added that the effusive felicitations had been tendered on both occasions.

Speaking of the opposition the insurgents had aroused by failing to vote for the Payne bill, Mr. Dolliver said their dereliction was due to their belief that "it failed to fulfill the party pledges. They had deliberately taken their stand, having full knowledge of the political machinery that would be put in operation to bring about their defeat.

Contending the principle of allowing interested men to revise the tariff was wrong, Mr. Dolliver asserted that even the President understood that principle, his idea of it was "foggy."

Further quoting that part of the speech in which the President upheld Aldrich and Payne, he said those who stood for individual and class interests were sustained, while the little group of men who have stood for the rights of the public are to be kicked out.

"APPLICATION OF WEALTH.

SPECIAL CAR TO GET BATH.

Baby Hip Must Do Funny Doodles on Beach to Pay for It.

To be obliged to ride twenty miles in a special trolley car for a mere bath and then have to do stunts to pay for that bath, are among the disadvantages of being a baby elephant. This painful discovery is about to be made by Baby Hip, the 800-pound elephant now performing at the Los Angeles Theater.

Like most vaudevillians Hip no sooner hears the thump of the descending curtain than he is seized with a desire to hear the ocean roar. But there are embarrassments in the way of an elephant actor scrubbing off the grease paint and making a sprint for the P. E. building.

When the hot weather came, the appropriateness of a bath became so painfully apparent in the case of Hip that a way was found. The management has chartered a mail car on the Pacific Electric and will thus convoy Hip to Long Beach tomorrow and on Thursday at noon. The beauty of the philanthropy will be seared for Hip because he must do funny doodles on the beach to pay for his bath.

these concerns were multiplying their wealth by rapid strides. He instanced one concern that in ten years had increased its capital millions of dollars.

"I am through with it, I shall stand here and fight it" he said, "but I will do it as a Republican. I do not care for any political fame. I have worked for the public for forty-five years and I do not propose my remaining years shall be given up to a dull consent to those conspiracies that would rob the people to multiply private wealth."

Mr. Dolliver closed with an expression of confidence that the time was near when the public would demand more justice in lawmaking and a higher standard on the part of Legislators.

After Mr. Clay's motion to strike out the provision had been defeated, Senator Bacon moved the amendment provision to require that no more than two-thirds of the experts employed under the paragraph should be of one political party. He charged that a partisan inquiry was contemplated. The amendment was voted down and the bill then was passed.

MURRAY MAKES COMPLAINT.

House Committee Hears Tale of Persecutions of Mexican Refugees from Los Angeles Man.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, June 13.—More tales of alleged persecution of alleged Mexican political refugees in this country were related before the House Rules Committee today by John Murray of Los Angeles, who said he was a newspaper writer.

Murray said that as secretary of the Political Refugee Defense League, he was in San Antonio last October, during President Taft's meeting with President Diaz, when he was arrested on a warrant charging violation of the neutrality laws, thrown into a loathsome cell and kept there forty-eight hours. He said he was finally released without trial on orders from the United States District Attorney.

Many instances were related by Murray of Mexican refugees who had been arrested in Texas and kept for weeks and often months without trial and all finally released. He said they were charged with all manner of offenses, including robbery, murder, violation of the neutrality laws and conspiracy.

The committee is holding hearings to determine whether there shall be a Congressional investigation of the matter.

CAR REPAIRER CRUSHED.

Los Angeles Railway Employee Dies as Result of Injuries Received at Barns.

Harry E. Little, 26 years old, a car repairer employed by the Los Angeles Railway Company, died last night as a result of injuries received when he was shifting a car in the barns at Fifty-fourth street and South Park avenue.

The car repairer was standing on a fender of a car which was being moved when another car on the same track slid into him, due either to defective brakes or an error in judgment on the part of the incoming motorman. Little staggered away from the front of the car which crushed him and fell into the arms of bystanders. He was rushed to the home of Dr. N. Macfarlane, No. 5334 South Park avenue, where he died within a few minutes. The accident occurred at about 7 o'clock.

The body was taken to Pierce Bros. & Co.'s morgue where the Coroner will hold an inquest this morning.

Little is survived by his widow and two minor children. He has an excellent record with the company for which he worked.

LOOKING AT HOME.

Methodist Ministers Refuse to Crusade Against Prize Fight Until Los Angeles Is Cleaned Up.

The Methodist ministers, at their meeting yesterday, having been asked to join in a memorial to the Governor to stop the Jeffries-Johnson prize fight, adopted the following preamble:

"Whereas, prize fighting, under the name of sparring matches, is not only tolerated, but in a measure protected, in our own city of Los Angeles, we cannot consistently petition for the prohibition of the abominable pagan game at San Francisco, and allow it to flourish unheeded in our midst."

Then followed a resolution giving hearty sympathy to the effort to stop the fight, and calling upon the executive and legislative branches of the city government to abolish the "brutal game within the limits of this fair city." A committee of five was authorized to act with committees from other bodies, to take the matter up with the City Council, and to initiate a movement to secure a law prohibiting prize-fighting and the exhibition of moving pictures of prize fights, in the State of California.

FOREST FIRES IN MEXICO.

EL PASO, June 13.—A special from Cananea, Mex., says that forest fires have swept over a section twenty-five miles in length in the Ojo and Mazanal

A HIGHER RATE OF INTEREST

Los Angeles Bank Depositors Enjoy a Higher Rate Than Those in Many Other Sections.

Few Los Angeles people realize that among the many other things which favor them, a higher interest rate from money in Savings Banks is available here than in most other portions of the country.

Four Per Cent. interest, such as is paid upon "Term" deposits by the German-American Savings Bank is a greater rate, a much higher earning, than the average.

The National Monetary Commission reported about a year ago the average rate of interest made by Savings Banks as follows:

Northeastern State	650 Banks-average	3.69%
Eastern States	1971 Banks-average	2.11%
Middle States	3980 Banks average	3.39%
Western States	1671 Banks-average	3.97%
Southern States	1907 Banks-average	3.84%
Pacific States	807 Banks-average	3.81%

These figures are authoritative. They show that Four Per Cent. interest is an unusually high earning. And there are many advantages accruing from a "Term" deposit seldom found in any other form of investment.

A "Term" deposit in the German-American Savings Bank is an investment absolutely without hazard. Not only is the interest rate high, but it is a fixed return—without fluctuation. Interest is payable semi-annually, and if left in the Bank "compounds" every six months, an exclusive feature of the "Term" deposit.

Another advantage is this — a "Term" deposit in the German-American doesn't necessarily "tie up" your funds. Under ordinary conditions, if necessity arises, you can withdraw your money at any time.

More than Thirty Thousand People have money on deposit in the German-American Savings Bank. Its central location at Spring and Fourth Streets makes it a most convenient depository.

LIVES SNUFFED OUT.

COLLAPSE OF BIG BUILDING.

Police Have List of Twenty-seven Dead.

Supports of Water Tank on Roof Give Way.

Lives of Hundreds Endangered in Montreal.

[ASSOCIATED PRESS NIGHT REPORT.]

MONTREAL, June 13.—Between twenty and thirty people lost their lives today when the supports of the sprinkler system tank back on the roof of the Herald building gave way and the great mass of metal and water, weighing thirty-five tons, went crashing to the basement. The list of missing compiled by the police total twenty-seven.

Fire broke out immediately. Firemen displayed splendid heroism in rescuing scores of people from perilous positions within the tottering walls, some of which had to come down before the work of recovering the bodies could be safely attempted. It was not until after 6 o'clock this evening that the first body was brought out.

All those who escaped agree that the first warning of the impending disaster passed almost unnoticed. There was a slight creaking, but it was not until the ceiling plaster began to fall that a rush for thes stairway began.

Some survivors tell of falling one and two floors in dropping to the dust to a place of safety. The majority sought safety in rushing to the front of the building, facing on Victoria Square.

All the floors held for about thirty feet back from the front wall, and to this is due the fact that the death list did not run into theh undreds, for there were nearly 300 people in the building at the time.

QUICK TO RESCUE.

From the time the first hook and ladder company reached the scene the firemen found the windows of the upper stories crowded with the people and the crowd urging them not to jump. Not one jumped.

The ladders were quickly placed in position and those in danger were brought together. One ladder was hoisted, reaching to the fourth floor, on which the bindery was located. It came between two windows. From one of these a little girl crept along the coping until she could reach the ladder. Then grasping a rung with one hand and placing a foot on another she lent a helping hand to eight or ten other girls twice her size. When all the girls had reached the ladder and had been brought down and she came down alone. By this time fire had started and smoke was pouring from the front windows. The little girl fainted when she reached the bottom of the ladder.

A dozen injured people were being brought from the ruins by firemen, many of them with broken limbs. The rescue of Fred Vidal, a stereotyper, was the most daring.

HEROIC WORK.

Half an hour after the firemen reached the building, Vidal's groans were heard and he was located under a girder from which he could not be dislodged. Although flames were creeping perilously near, three firemen began to cut the girder away.

In the crowd outside was Father Martin. When he heard of the fight against death, he went into the building and administered the last sacrament to the semi-conscious man. Finally, however, the beam was cut through and Vidal was released not a moment too soon. Both his legs and several ribs were broken.

Every member of the editorial staff escaped unharmed, their quarters being in front of the building.

Fred Maloney, a linotype operator, worked a machine at a point farthest from the Victoria square windows. He rose from his chair in alarm and as he did so the machine on which he had been working disappeared through the floor.

The fire broke out in the stereotyping department, the coals evidently being distributed on the different floors through which the pots passed on their way to the basement, for the fire appeared to start simultaneously on all the lower floors.

The building was valued at $15,000 and was owned by The Herald Company, while the plant is valued at $300,000.

About half of the linotype battery re-

MADRIZ MAKES PROTEST.

Nicaraguan Ruler Declares American Activity in Revolution Has Handicapped Him.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN JUAN DEL SUR, June 13.—President Madriz, it is understood, has sent a message to Presient Taft with reference to the action of the American naval commander at Bluefields since the capture of the bluff by the government forces.

President Madriz declares Bluefields would have been occupied immediately wrecked. The insurance on the building and plant totaled $175,000.

The Herald appeared this evening as an eight-page paper, arrangements having been made with The Gazette to continue publication until new quarters can be secured.

mander thus enabled the revolutionists to leave the town and to concentrate their whole force against the single government column. As a result of the capture of the bluff, Madriz points out, the customhouse fell into the hands of the government, but the American commander ordered the payment of duties to the new revolutionary customhouse up the river. He twice threatened to sink the Maximo Jares (formerly the Venus) if it attacked Bluefields or fired upon rebel ships flying the American flag.

In conclusion, Madriz says: "I am unable to reconcile these acts with the principles of neutrality proclaimed by international law. I have, however, complete confidence in the rectitude of the American government, to the end that the American commanders will be modified, thus en-

The regular terms on pianos like the Fitzgerald Club pianos are 25 dollars cash and 10 dollars a month. The Fitzgerald Club terms are 5 cash and a dollar and a quarter a week.

¶ The terms given to members of this big Fitzgerald 20th Anniversary Club are the easiest ever made on a really high-grade piano.

$5 Cash 1.25 Week

¶ Go into any piano store of repute in New York, Chicago, Philadelphia, Pittsburgh, Denver, San Francisco or Los Angeles and buy a piano of the grade and class of these we are supplying to the Fitzgerald Club, and you will be asked to make payments of $25.00 as a cash payment, and then $10 a month. Maybe, in some instances, these terms can be brought down as low as $20 cash and $8 or $6 a month, and then, in addition to this, interest will be charged at the rate of 8 per cent.—***but never to our absolute knowledge have pianos of this grade sold as low as the Fitzgerald Club terms—5 dollars down, then a dollar and a quarter a week—and there is positively no interest added to this. Five dollars is all it takes to join the Fitzgerald Club—or less than one-fourth as much as it usually takes to make the first payment on a piano of the same grade.***

At Home—with a Fitzgerald Club Piano

These pianos are shown in three style cases—and each style is shown in three woods—Mahogany, Walnut and Quartered Oak.

¶ After the first payment is made, ***one dollar and twenty-five cents*** a week is all it takes to make the weekly payments, or ***one-half as much as regular or customary payments.***

¶ You pay 5 dollars when you join the club. This is credited to the Club price of the piano ($277.50), leaving $272.50 to be paid at the rate of ***only $1.25 a week—or seventeen cents a day.***

¶ Only in big deals like this can ***such terms be made on such pianos. Cheap pianos*** can be sold on ***cheap terms***, but it is only where a deal of great magnitude is made; where pianos are bought ***by the hundreds***; where great savings are made in buying; where a great market can be made in a short time at a little expense, ***that such terms as these can be made on such high-grade pianos.***

You can get 15 cents a week back, in cash, if you pay faster than $1.25 a week

¶ You are not compelled to take 218 weeks in which to pay for your piano—the life of the Fitzgerald Club. If you pay $1.25 a week, straight along, it takes 218 weeks to pay for the piano.

¶ If you ***do take the full time***—218 weeks—the piano costs you $277.50. If you take ***less*** time, the piano ***costs you less.***

¶ Every week you reduce the time you take to pay for your piano, you ***reduce the price 15 cents.*** For instance, if you pay for your piano in 217 weeks instead of 218 weeks, the piano will cost you $277.35 instead of $277.50. If you pay for your piano in 208 weeks instead of 218 weeks, you will save ***10 times 15 cents*** or $1.50, making the piano stand you $276 instead of $277.50.

These are the club's special privileges and conditions. Read this.

1. Every instrument is guaranteed without reserve—for ten years. There are no "ifs" or "ands" in the guarantee—just a straight-out guarantee as strong as we know how to make it in writing.
2. IF, AFTER 30 DAYS' TRIAL, THE PIANO IS NOT SATISFACTORY WE WILL GIVE YOU YOUR MONEY BACK.
3. If the piano IS SATISFACTORY after 30 days' use, the Club Member HAS TWENTY-THREE MORE MONTHS in which to satisfy himself as to the character of the piano. If it does not then prove to be everything that he expects, he has the privilege of exchanging it without ONE PENNY'S LOSS for any other instrument of equal or greater value that we sell—(and we sell over a dozen different representative makes.)
4. If a Club Member dies during the life of his contract we will immediately send A RECEIPT IN FULL to his family for the instrument.
5. A beautiful stool to match the piano is included without extra cost.
6. The piano will be tuned TWICE WITHOUT CHARGE.
7. Club Members have an opportunity to still further reduce the cost of their piano by procuring other Club Members.

You save 15 cents (which we hand you in cash every week) each and every time you pay one week in advance.

¶ You will thus see that if you were to pay two weeks' dues straight along instead of one, or, in other words, if you were to pay $2.50 a week instead of $1.25 a week, you would pay for your piano in ***one-half the time,*** or in 109 weeks instead of 218 weeks, thus saving $16.35, or making your piano cost you $261.15 as against the club member who takes the full 218 weeks.

¶ In the same way—suppose a club member would like to pay ***spot cash.*** He would be paying 218 weeks in advance of the time allowed him—wouldn't he? Two hundred and eighteen times 15 cents is 32 dollars and 70 cents. Take this amount from $277.50, the 218 week's price, and the ***spot cash club member*** would get his piano for $244.80.

¶ Did you ever see a fairer proposition? Fair to the ***spot cash man.*** ***Fair*** to the club member who wants to take the ***full life of the club,*** and fair to the fellow who wants to pay up in ***between times.***

¶ For the benefit of people living outside the city of Los Angeles we have compiled a booklet, giving full details of the Club Plan, and showing the three different styles and woods of the Club Pianos. We will be glad to mail this booklet, free of charge, to all those who will fill in and return to us the coupon in the lower right hand corner of this sheet.

Road-scarred Mercer car and crew,

surrounded by throng in front of The Times office at 6 o'clock last night when the strenuous transcontinental road-bucking contest ended. Above, on the left, is Charles H. Bigelow, the driver, who handled the car almost all the way, and John M. Wilson, mechanician, whose baby was the first to welcome him.

TRANSCONTINENTAL RUN.

BIGELOW AND THE MERCER SMASH MOTOR CAR RECORDS.

Makes Fastest Time from New York to Los Angeles. Rain, Mud and a Cyclone Bucked by Trim Roadster in Strenuous Cross-Country Motor Car Road Duel—Machine Arrives in Good Shape.

CHARLES H. BIGELOW, and the transcontinental Mercer car, reached Los Angeles at 6 o'clock last night after twenty-nine days of the fiercest road-bucking an automobile was ever forced to do. Bigelow broke all records from New York to Los Angeles.

Weather conditions prevented Bigelow from setting a much lower mark. An accident in the Cumberland Mountains caused him a delay of two days which was made up, however, by a three days' drive in which Bigelow covered 700 miles of country. Then the elements turned against him and heavy rain and a cyclone finally put him out of the running. He was trying to break the Franklin's mark when he struck the deep mud of Missouri and Kansas.

Almost exhausted, Bigelow and his mechanician, John H. Wilson, reached this city after having been for eight days without removing their clothing. Bigelow smashed the record from Albuquerque to Los Angeles, making the distance in eight days. The best previous time from Albuquerque to San Francisco was twenty-one days. The Mercer is the first motor car to make the journey from Albuquerque to Los Angeles.

At Topac Bigelow was forced to ship his car across the Colorado River. The Santa Fé refused to allow the plucky driver to send his car over the trestle though Bigelow was willing to take any chances. This caused him a delay of two days on the final leg of his almost 4000-mile journey.

MERCER STARTS.

On May 15 Bigelow left New York with the Mercer roadster stripped for action. The car was brand new, a late model just turned out of the Mercer factory at Trenton, N. J. He drove almost night and day, taking little sleep and often remaining at the wheel for eighteen hours at a stretch. He was relieved by Mechanician Wilson, but the latter is not as experienced a driver as Bigelow and it was necessary for the Los Angeles man to handle the car over all the bad stretches of road.

leads across a country never before traversed by an automobile. Nothing daunted Bigelow took these unfrequented trails and blazed a new path in almost a direct line from New York to Los Angeles.

Bigelow endeavored to stimulate interest in an ocean-to-ocean automobile boulevard. He found that sentiment in every large city in which he stopped is favorable to the plan of a great national highway. He says it is possible to have work commenced this coming year on an automobile boulevard from New York to Los Angeles, which will traverse the States through which the Mercer car was driven.

Despite the fact that Bigelow was obliged to travel over the roughest of roads; that he was forced to drive at one time for eighteen miles on his low gear because of the mud and was also obliged to cross steep mountain grades, the working parts of the car are in as perfect condition as when the Mercer left New York. The paint and varnish were rubbed from the body, the sun had blistered the fine polish and the dust had crept into every corner of the car, but the Mercer made the back of Downey avenue on the "high" with a fine burst of speed and without a "skip" of the motor.

GREETINGS.

The Mercer was met just outside of Pasadena by F. W. Force, the local agent, who had started for Daggett to greet the daring crew. Bigelow, however, had made an early start yesterday morning and was after the Kisselkar record from Daggett to Los Angeles when he paused for the welcome in the Crown City. This lost him valuable time and the record stunt was abandoned.

Automobile men who have watched Bigelow carefully during his fast run across the United States are convinced that the transcontinental record for automobiles can be broken. Bigelow himself is planning to start again later in the year as he is confident that he can drive from New York to Los Angeles in less than fifteen days.

He says he would follow the same route which he has just finished in a second try for the cross-country mark. The jog through Oklahoma, Bigelow says, chopped several days from his

especially in Oklahoma, is sparsely settled and there are no good roads. The Mercer was the first car that many of the residents of the smaller towns in Oklahoma and New Mexico had seen. The car was a curiosity wherever it traveled.

When Bigelow stopped for supplies along the route the car was always surrounded by a curious throng. He manaked to keep in touch with the Mercer factory most of the time, but for several days at a stretch he was far from telegraphic communication.

The Mercer lost time at the St. Charles River in Missouri. It was necessary for Bigelow to ship from a point east of the river to St. Charles and this entailed a delay of two days.

"I would not choose May and June to try for another transcontinental record," said Bigelow, yesterday. "The deep mud made the going too hard for us to make fast time. We were constantly in the low gear with our wheels down to the hubs. That is too much to ask any car to do.

"The Mercer's performance was remarkable. I am satisfied with the record made and later in the year I think I will be able to surprise automobilists by the run this trim roadster will make in a transcontinental trip.

VISITORS LEAVE FOR COAST.

BOSTON, June 13—Prince Fushimi and his wife spent their second and final

CHURCH WORKER, TRUSTED MAN, CONFESSES TO DEFALCATION.

[BY DIRECT WIRE TO THE TIMES.]

ALTON (Ill.) June 13.—[Exclusive Dispatch.] Albert E. Bassett, cashier of the Illinois Glass Company at Alton, has made a confession that he is a defaulter to the amount of $24,000. Bassett said today that his defalcation dates back over many years. He admits having appropriated money from time to time, which he invested in various enterprises.

During the time that he was serving as confidential agent of the officers of the Illinois Glass Company, at their Alton office, he was under no bond, and so implicitly was he trusted that he was not checked up during six years.

Bassett refuses to say how he covered up his defalcation for so long and the Illinois Glass Company will make no statement of the circumstances. It is also said that Bassett will not be prosecuted as he has turned over to his employers all of his property, valued at about one-half the amount of his shortage.

Bassett was a leader in church work and a deacon in the First Baptist Church, a director in the Y. M. C. A., a member of the School Board, president of a building and loan association ,and head of the local Odd Fellows Lodge. All of his official positions he has resigned, and he now declares that he is going to try and live down the disgrace he feels he has put on himself and family.

He gave a signed confession to the Illinois Glass Company, detailing the amounts he appropriated and the times of taking the money. He says that he started his peculations at a time when he was needy and that he continued as his investments began to call for more money. He had discontinued taking any money for some time, and was about convinced that his wrongdoing would never be discovered.

His hair, he said, has whitened under the strain of worry over it and some bad deals he has suffered is attributed to worry.

Of the money he took from the Illinois Glass Company, Bassett made subscriptions to various religious causes. When the First Baptist Church was erected a few years ago, he contributed $1000. He also subscribed $500 to the Y. M. C. A.

A BAS THE ABATTOIR.

The Lamanda Park Improvement Association has a bone to pick with the operators of slaughter houses. A letter written by Albert J. Thorne, its president, was read to the Board of Supervisors, yesterday. It asked that establishments where animals are killed shall be compelled to move out of well-settled communities. The Supervisors decided to have Deputy Dist.-Atty. Shaw prepare an ordinance along this line and try to put a reasonable regulation on such places.

Contentment is a state of mind.

knowledge of the crime, but the authorities are firm in their conviction that he has not told all he knows.

PART OF COAT IN LAKE.

[ASSOCIATED PRESS NIGHT REPORT.]

COMO (Italy) June 13.—A part of a man's coat, declared by some fishermen neighbors, to have belonged to Porter Charlton, was found today in Lake Como, from the waters of which the body of his murdered bride, Mary Scott Castle Charlton, was recovered last Friday.

The torn garment was fished up from the bottom of the lake near the spot where the trunk containing the body of the woman was found. Today's discovery strengthened the theory of many that a double murder was committed.

This is the view of Charles M. Caughy, the American Consul at Milan, who believes Charlton met the same fate as did his wife. Earlier evidence that both of the Americans were killed presumably for their valuables, was found in the blood-spattered bed at the villa which they occupied.

It is declared that the seven wounds found on the woman's head did not release any such quantity of blood as left its stains in their lake-shore home.

Constantine Ispolatoaf, the chance acquaintance of the Charltons, from whom they leased the villa, remains in custody. He maintains his self-possession and insists that he knows nothing as to how or by whom the crime was committed.

On the supposition that Lake Como contains the body of Charlton, a thorough search of its bottom and shores was made today.

EVIDENCE OF DOUBLE MURDER.

The work was started in the vicinity of the spot from which the fishermen had drawn the trunk with its grewsome contents to the surface. It was not long before the searchers were rewarded by the finding of the portion of a man's coat. This was exhibited among the fishermen and others in the vicinity who had seen the Charltons, and some of these declared at once that it was part of a suit which the young American had worn.

Further support of the double murder theory developed as the day progressed. It had been known that the police were in possession of several clews leading, it would appear, to the conclusion that Charlton had been murdered. They have, however, been decidedly reticent regarding their discovery. This afternoon it was learned that the investigators had determined that the stone with which the trunk was weighted had been taken from the wall of the aqueduct on the shore of a lake. The stone had been removed from a spot in the wall opposite the point at which the trunk was submerged.

Following up this clew, the police discovered that another stone exactly similar in size had been recently dug out of the wall. This is held to be significant.

The second stone has not been located, and the police will not be surprised if they should find that it was used to drag below the surface of the lake another trunk or box containing the body of Porter Charlton.

WILL USE THE TELEPHONE.

Frisco System Adopts Human Voice to Direct Trains Instead of Dots and Dashes.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 13.—[Exclusive Dispatch.] The St. Louis and San Francisco Railroad is installing new telephone train dispatching circuits, to take the place of the telegraph for the transmission of train orders over about 500 miles of its line. The circuits now in course of construction extend from St. Louis to Springfield, Mo., thence to Thayer, Mo., and from Amory, Miss., to Birmingham, Ala.

Trains on the 'Frisco are now being dispatched by telephone between Kansas City and Springfield and between Springfield and Monett, about 246 miles on a part of the road which is single track and on which the traffic is heavy. Message circuits, on which the commercial business is handled, parallel the dispatching circuits in every case, the latter being used exclusively to direct train movements and traffic.

Comb Out?

Is your comb telling a story, the story of falling hair? Not a pleasant story, is it? It ends badly. The story we tell is pleasant—the story of Ayer's Hair Vigor. Promptly stops falling hair, completely destroys dandruff.

Does not Color the Hair

We give the ingredients of Ayer's Hair Vigor. If you have any doubt, go direct to your doctor. Follow his advice. J. C. Ayer Co., Lowell, Mass.

This new tract just going on the market is but one block from the car line. It's just the location for little chicken ranches. The soil is ideal for the raising of all small fruits and vegetables. The above price includes 5-foot cement walks, curbs, water and gas. What's the use of buying a small city lot when you can have every city convenience and an acre of land? Schools, stores and churches at hand. The grocer, the butcher, the ice man, the laundry man, all come to your door. The mail is delivered. The telephone is there. The car fare is but 6½c by book. The ride on commodious cars but 15 minutes from First and Main sts. This new tract is the most choice we have placed on sale.

IF YOU REALLY WANT AN ACRE
BUY NOW.
HOW TO GET THERE.

Take car marked "Covina Line" in the Pacific Electric Bldg., or anywhere on Main to First st., and get off at Garfield ave. Salesman will meet you there with carriage to show the property, or come to this office for free transportation. Our tract agent is on the property from 9:30 a.m. until arrival of the car leaving the city at 3:30 p.m.

FOR SALE—
CITY CAR SERVICE.
CITY IMPROVEMENTS.
CITY CONVENIENCES.
ARLINGTON SQUARE.
LOTS ONLY $625 UP.
$25 CASH AND $25 MONTHLY.

If you want a lot in Arlington Square at opening prices you'll have to hurry. Close this property at once, learn its advantages, note the conditions surrounding it. A nice profit is ahead for early buyers—you will readily see the reasons for it. But don't wait! Present prices do not represent the full value of Arlington Square lots. They must go up, and that soon! This property is in the best part of the southwest, reached by several car lines, 5-cent fare. Improvements include graded and oiled streets, cement walks and curbs, with wide parkings, planted to large shade trees. Every convenience at hand, fine electricity, near-by schools, stores, etc. Moderate restrictions insure a nice class of homes. Get my Arlington Square folder, it gives full details.

UNLIMITED WATER.
NEAR A LARGE CITY.
$40 AN ACRE UP.
SMALL CASH PAYMENT.
BALANCE YOUR OWN TERMS.
WHAT MORE COULD YOU WISH?

Sometimes you have a chance to buy land where every condition for success is present—but not other. This is just the time, and the Fresno Valley Tract is the place. Nor do you need much cash to take advantage of the opportunity. The land can be bought at only $40 per acre up, and terms are very easy,—as little as $2.50 per acre cash and $2.50 per acre monthly will do. This property is only 14 miles south of Fresno, crossed by the Southern Pacific and Santa Fe Railroads, and having stations on the property. Here is a good town, with schools, stores, telephones, free rural delivery, etc. The soil is perfect, water for pumping may be had at only 18 feet, with ditch water at 25c per acre per year. The water is so plentiful that it is not measured—open the gate and use all you want. Profits here in alfalfa, sugar beets, figs, apricots, peaches, vegetables, in dairying, hog raising, and in poultry. Ready markets are right at hand, and soil and climatic conditions are such that you can have a producing crop at all times. Come in and get my handsomely illustrated booklet, with photographs and full details. Learn about my special free excursions.

FOR SALE—
SACRAMENTO VALLEY IRRIGATED lands. The largest irrigation project in California. The most valuable water right in the world, granted by special act of Congress.
Irrigating an area from 4 to 12 miles wide and 70 miles long in Glenn and Colusa counties. 150 miles northeast of San Francisco; 85 miles north of Sacramento. Both river and rail transportation. Lands graded around each quarter section. Water delivered to the highest boundary of each 40. Complete drainage system. Most perfect system of irrigation ever undertaken. No pioneering to be done. Good towns, with telephones, electricity, schools, churches. $125 an acre including perpetual water right—$15 an acre cash, balance in ten annual payments. No land sold to speculators—only actual settlers—tillers of the soil wanted. This is a Kuhn project. The Kuhns developed the Twin Falls region in Idaho and their previous signal achievements of this kind insure the success of their latest and greatest undertaking. SACRAMENTO VALLEY IRRIGATION COMPANY, W. S. Kuhn, President. The Kuhn California Project. Vernon J. Barlow, resident manager, 506 Central Bldg., Los Angeles, Cal.

FOR EXCHANGE—
Country Property.

FOR EXCHANGE—
SPECIAL.

10-acre suburban home ranch, WITHIN SEVEN MILES FROM THIS CITY; 25 minutes on electric railway. Surroundings first class; soil is sandy loam, deep and rich. About 20 acres in oranges; part full bearing. Soft-shell walnuts, alfalfa and variety of fruits on balance of land. Water abundant and almost free. Yielding a good income now and will increase annually. Complete system of underground irigating pipes with metal valves.

Considering the fine quality of soil, cheap water, excellent home location and proximity to the growing city, it is not unreasonable to predict a 500 per cent. increase in the value of this property within the next few years. Owner going abroad, will take city income for part, balance long time; or if exceptionally good, would take income property to full value; $50,000, clear. INVESTIGATE THIS. No telephone information.

T. C. HARNISH & CO.,
439 H. W. Hellman Bldg.

FOR EXCHANGE—

MONEY LOANED ON FURNITURE AND REAL ESTATE.

You get the money the same day you apply for it.

$25 AND UP.

If you want some money quickly, for a short or long time, for a business venture, to get rid of a lot of little debts, or for any other purpose, we can furnish you the money at once. Our rates are positively as low as you can obtain anywhere and in many instances much lower. And you have the protection that comes from dealing with a reliable firm, who have been established in this city for 14 years. We loan money on household furniture; also real estate equities, first or second mortgages; no publicity, no brokerage fee, money the same day; you can pay back as convenient, thereby reducing your interest. If you have a loan at present, and are not satisfied, we will transfer it without any charge.

CLARK & COMPANY,
301 Security Bldg., 239 S. Spring st.
Phones F7153, Main 6853.

IF YOU NEED MONEY
You can get it from us quickly, privately and at a very small cost. You can pay us back in easy monthly payments and save a large discount by paying before full time of contract. Loans on Furniture, Pianos, Horses, Wagons, Cattle, etc (left in your possession.) Loans on Diamonds and Storage receipts. (Put in Bank Safe Deposit Vault.) Loans to salaried people on their personal note (without indorser.)
RATES CUT IN HALF.
Don't pay high rates when you can get money from us. If you appreciate quick service, easy terms, low rates, kind and courteous treatment; private offices in which to transact your business, call and let us explain our easy payment plan of making loans. You get the money the day you call. Loans in suburban cities. Office hours 8 a.m. to 8 p.m.
GERMAN AMERICAN LOAN CO.

701-703 Delta Bldg.
Phones Main 6257. F7153.

MONEY WITHOUT
THE KNOWLEDGE OF
FRIENDS OR EMPLOYER.
Anybody keeping house or ward farmers can get $10 and upward from us. No other security necessary and we'll hand you the money on a few hours' notice.
SMALL EASY PAYMENTS,
weekly or monthly, repay the loan. You know, perhaps, that it's a hard matter to get a sum of money together to meet emergencies that often arise. However, there is no reason why you should destroy your peace of mind and the comfort that a little money would give you, when you can get it from us QUICKLY AND QUIETLY.
No other concern can equal our rates and the confidential features are assured. Don't hesitate or be at all timid about coming to us for money. We are ever ready and at your service. If you cannot call, write or 'phone and our man will call and arrange a loan at your home. Main 6346.

TO LOAN—
You may need some money for your vacation or to tide you over a present difficulty; some ready cash may be needed in your business. We are willing to help you for a small recompense and give you all the time you want to pay back the loan. We lend on PIANOS, FURNITURE, LIVE STOCK, WAGONS, or any other personal property.
QUICK AND QUIETLY.
Our rates of interest are low, and our plan of easy payments cuts the expense of the loan to about three-fifths of the amount that it would cost you otherwise.
You will save money by seeing

BUREAU OF INFORMATION.

Times Branch Office, No. 531 South Spring street.

NEWS AND BUSINESS.

Admitted to Bar.

H. S. Sprecher and M. M. Starr of this city and D. L. Ault of Visalia were admitted to the bar on motion yesterday in the Second District Court of Appeal.

Lecture on Public Schools.

At the Federation Club luncheon tomorrow, Dr. E. C. Moore will speak on the subject, "The Public Schools of Los Angeles." An invitation is extended to the ladies to be present.

Trade School Exhibit.

The first exhibit of the Macy-Street Trade School will open tomorrow at 2 o'clock. There will be a display of carpentry, dressmaking, pottery and work in applied design. Visitors should take the Brooklyn avenue car and get off at Avila street.

Play Tonight at St. Mark's.

The young people of St. Mary's Episcopal Church, Seventh street and Grande avenue, will give an entertainment this evening for the benefit of the piano fund. They will present a little play, "The Best Man," and there will be a fine programme of music.

Locked Down and Robbed.

Robert L. Katz reported to the police yesterday that, after having missed the last car Saturday night and while he was walking to his home near the Indian Village, he was knocked on the head, at the corner of Main and Macy streets by two men, who took a gold watch from him.

Woman Fires at Burglar.

A woman's quick shot put a burglar to flight Saturday night, when Mrs. Margaret Reardon of No. 2754 Winter street, hearing some one at her window, did not wait to call help, but immediately opened fire with a revolver, frightening the burglar away was the only effect of the shot, as reported to the police yesterday.

Trade School Exhibit.

An exhibit of the work of the pupils of the Macy Street Trade School will be held Wednesday, Thursday and Friday afternoons, between 1 and 4:30 o'clock. The dressmaking and carpenter exhibits can be viewed at the shops in the old building. The pottery and work in applied design will be in room 4 of the main building.

Veterans Plan Picnic.

There will be a G.A.R. picnic at Sycamore Grove July 4, and all of the old soldiers of the city and vicinity are invited. The veterans, Women's Relief Corps, Sons of Veterans, Spanish War Veterans and other organizations will turn out in force. There will be plenty of music by the veteran drum corps, and a general good time for everybody who attends.

Fingers in Coffee Mill.

Willie Shaffer of No. 1674 Staunton avenue was painfully injured yesterday while cleaning a coffee mill at the Fremont grocery store. A mischievous boy pressed the button which starts the mill and Willie's hand was caught in the crusher. Dr. Wright at the Receiving Hospital was obliged to take several stitches in the lacerated member.

Postmasters Convene.

Postmaster Harrison, who is president of the California Presidential Postmasters' Association, left yesterday for Santa Cruz. The convention of postmasters is to be held in that city during the rest of the week. In addition to an interesting programme of addresses, there will be a series of entertainments in the way of excursions, outing, a grand ball and trolley ride.

Preparing for Banquet.

All West Virginians are invited to attend a meeting of their State society at 8 o'clock tonight for the purpose of making arrangements for the banquet which is to be given by the Federation of State Societies Friday night at Hamburger's. The meeting will be held in Flowers' Hall, 3943 Stevenson avenue.

The Federation of State Societies has issued a call to all persons from Oklahoma in this city to meet tomorrow afternoon at 3:00 o'clock in the committee room on the fourth floor of the Chamber of Commerce building for the purpose of forming a society.

Organize for Improvement.

The West Adams Improvement Association was organized last night by the election of H. T. Morrow, president; Harry Bean, secretary. The citizens met at the home of Judge Winder, but twenty-five being present, and discussed the prospects of obtaining street improvements and the distribution of gas. The association will work in the territory from Arlington heights to Clenshaw street, and Pitclair to Washington street. In view of the rapid building up of this section of the city, the citizens believed that they could get what they desired by organizing.

Teachers' Institute in Park.

The Los Angeles Union of Sunday-school Teachers will hold an outdoor institute in Sycamore Grove Park, beginning tomorrow morning at 10 o'clock. In the morning the Sunday-school lesson for the following Sunday will be taught in the different sections, and in the afternoon the regular teacher-training lecture will be delivered. All Sunday-school teachers are cordially invited to be present. Professor Brockway, State primary superintendent, who took an active part in the recent World's Sunday-school convention in Washington, D.

THAT ALL-STATES BANQUET.

Committee Announces Programme for the Evening—Will Be Fifteen Hundred Plates.

Last evening the committee gave out the programme for the first annual banquet of the Federation of State Societies to be held next Friday evening in the immense banqueting hall of the Hamburger Department Store building. It will be the largest banquet ever attempted in Los Angeles, with plates laid for 1500 people. The official programme follows: Invocation, Dr. Charles Edward Locke; introductory, President Newton J. Skinner; toastmaster, Rev. Baker P. Lee; address of welcome, Mayor George Alexander; "The Federation," Will D. Gould; "The American Patriot," Rt. Rev. Thomas J. Conaty; "But All Californians," Harry E. Andrews; "Chamber of Commerce," Joseph Scott; "Pioneers," Col. Thomas J. Fitch; "Native Sons and Daughters," H. C. Lichtenberger; music by orchestra.

SEWER CASE ARGUED.

Arguments were made in the United States Circuit Court yesterday in the case of the city of Los Angeles against Charles Stansbury and C. L. Powell, the contractors who failed to complete the outfall sewer. The city finished the work and brought suit against the contractors to recover $281,000. The case has been pending for some time. It is now under advisement.

FINED FOR ABUSING MULES.

Three men were compelled by Justice Stephens yesterday to contribute to the county treasury because they had driven mules which were not fit to work. They were Fred Trimble, Thomas D. Avery and W. N. Crandall. They were fined $10, $10 and $20, respectively.

New Trial for Chandler.

The State Supreme Court has granted a new trial in the case of the Musick Consolidated Oil Company against Burdette Chandler. The latter took an appeal from a judgment which awarded him a small portion of some oil property. He alleged he was entitled to a larger share.

BREVITIES.

For linotype machine composition, all faces and measures, at reduced prices, apply to The Times Linotype School, corner San Fernando and College streets; telephone Main 8300. Students wanted to learn operating; good trade, salaries high.

Replies to The Times Want Ads., addressed to the Branch Office, No. 531 South Spring, may be left for delivery at the Main Office. They will be promptly sent to the Branch Office.

To Let. Office space and deskroom, ground floor; both phones free. Call 531-533 South Spring st.

Southern California Standard Guide Book, by the Los Angeles Times. Price $1.00; by mail, 10c extra. Address Times-Mirror Printing and Binding House, 110 N. Broadway, Los Angeles.

Hotel Rosslyn and Natick House. Best 25-cent meals. Sunday evening dinner, 35 cents.

Dr. Homan, dentist, 207 Exchange Bldg. Phone A1924.

Artificial eyes. Delany's, 309 Spring.

QUITS.

QUIETUS ON QUEER CURES.

Cow, Woman, Horse and Mule Resort Under Ban.

Mrs. Stringham Arrested Under State Law.

One Remedy Alleged in Ills of Man and Beast.

Mrs. Catherine Stringham, who conducts a sanitarium for cows, women, horses and mules, at No. 833 Garland avenue, ran up against the law cure last night. Her arrest followed the issuance of a warrant by Deputy Dist.-Atty. McCormick, who acted on the report of a special detective, and on the statement of a patron of the resort, who is said to be in a critical condition. The keeper of the restful haven for quadrupeds and bipeds was apprehended under the State law which prohibits the practice of medicine without a license. One general remedy and one set of rusty surgical implements are alleged to have been used alike for man and beast.

The woman would have attracted little attention if it had not been for the fact that her unique forms of surgery and medication brought Mrs. J. C. Bartell, No. 936 Potter Park avenue, to a physical condition which is declared serious.

Besides Mrs. Bartell, the sanatarium keeper had another interesting patient, taken there recently by E. K. Green, No. 1504 West Eighth street. Green's ward was an ailing horse. The delicate steed left the health cure recently and seemed perfectly willing to depart. Green awaits results.

The mother of G. Johnson, a Long Beach resident, took the treatment and her son says that, had she lived, she might have thrown an interesting light on Mrs. Stringham's methods. This patient died a short time after the versatile female practitioner took charge of the case.

TUMORS HER "MEAT."

Deputy District Attorney McCormick, who has been conducting the investigation of the Stringham palace of surgery, says he is convinced there was need of the inquiry. In order to obtain evidence which would be conclusive, he hired Nick Harris, a detective, who formerly worked for the State Board of Pharmacy. Harris consulted the woman on a hypothetical case of tumor, informing her that his little brother was in a serious condition with boils on his legs. After he had given a description of the mythical boils, Harris reported that Mrs. Stringham assured him the swellings undoubtedly were embryo tumors.

"My specialty is tumors," the "doctor" is reported to have said. "Eighteen years ago I read in a medical magazine that tumors would be the future great curse of mankind. I made it a life study and worked out a great cure. Bring your brother around and I will make the tumor germs leave him like rats going out of a sinking ship."

The detective promised and left to send in another man. The second person had a horse with bumps on its neck. He told about the sad case. "Bring it in tomorrow; I'll stop the trouble; it is undoubtedly tumor," he was told.

HER GREAT "CURE."

Mrs. Bartell, who is in a critical condition since her treatment at the sanatorium, asserts that the tumor expert is not a hater of alcohol as a remedy for most troubles. The physician, she says, urged her to try taking a teaspoonful of pure spirit alcohol every fifteen minutes. The patient took one dose and it burned her severely. She refused to continue this treatment, though she declares that Mrs. Stringham, to prove the point, drank the remainder of a pint during the evening.

This libation, said Mrs. Bartell, gave the "doctor" new hunches in surgery. She oiled up her rusty instruments and said she expected a rush of business soon. Later she is said to have gone out to give a cow a dipperful of alcohol. The owner of the animal said that when he took the bovine home next day he obtained a high grade, unsweetened milk punch at the next milking.

Mrs. Bartell left the sanatorium after Mrs. Stringham massaged her with some fluid which the patient declares must have been sulphuric or prussic acid. Following this, it is alleged, the festive "doc" wanted to clip a piece of flesh from an injury on Mrs. Bartell's body, selecting a pair of scissors which a knife grinder had sharpened the day before. These, it is said, had not been cleaned and the patient refused to allow them to be used.

Mrs. Stringham was kept in jail last night in default of bail. She probably will have a preliminary hearing this morning.

DIXON CASE WAITS.

Police Commission Asks Chief to Investigate Charges Made by William D. Gage.

Chief Galloway will investigate the charges of William D. Gage, proprietor of the Hampshire Hotel, No. 814 South Broadway, before the Police Commission sets a time for trial, if it ever does.

The charges were received in the usual star-chamber session of the Commision last night and referred to the Chief for investigation and report, the usual course whenever citizens file such complaints.

As there is no other meeting of the commission for a week the trial of Dixon, if there is one, will not be for some time yet. Just when no one seems to know.

The charges against Patrolman Earl Busse were continued for another week. The Mayor was not at the open session as he had to make a speech at a Good Government meeting in Pico Heights.

DEFYING SPEED LIMITS.

Supervisors Will Attempt to Catch Reckless Motorists on Way to Beaches.

Two motorcycle "cops" will patrol the parts of Washington and Adams streets west of the city limits, as a result of a trip which Chairman Nellis of the Board of Supervisors took ...thoroughfares Sunday ...and was surprised when nearly a dozen machines whizzed past him in less than a mile.

"We've got to do something with some of these fellows who get drunk and go chasing down to the beaches," he told the other Supervisors yesterday. "I don't think I'm lying a bit when I say they run more than seventy miles an hour on those streets. A sober man doesn't do those things. The people must have some protection from these men who have no sense of responsibility to the public."

The Supervisors decided to ask the Sheriff to equip two more deputies and send them out to put the soft petal on the motorists going to and coming from Venice.

AID IN SIGHT.

SWEET LEMON FOR GROWERS.

ASSURED THEY HAVE WON FIGHT WITH RAILROADS.

Favorable Decision of the Interstate Commerce Commission in Hotly-Contested Rate Case Is Expected Within Week, Bringing Great Stimulation to the Industry.

Southern California lemon growers have won their fight against an increase in carrying charges by the railroads, according to information that comes from a trustworthy source. A decision in the case, which was argued on May 12 at Washington, before the Interstate Commerce Commission, is expected within a week. The optimistic prediction of success for the growers is based largely on the splendid showing they made at the hearing.

Joseph H. Call, who, with his brother, A. F. Call, appeared for the shippers, would not express an opinion as to what the decision would be, but stated that the rate must be reduced or the growers' exchange put out of business.

"The testimony before the commission showed that the citrus fruit business would be greatly checked in its development, if not diminished, unless the rates were reduced," he said last night. "The margin of profit to the average citrus fruit grower is so small that there must be a reduction of freight charges in order to show a profit. The low profits are due largely to the increased cost of labor and to the constantly-growing need of fertilizing as the soil grows older; also, for added cost of irrigation and other items pertaining to the business.

"We clearly showed, on the other hand, that the railroads greatly increased their earnings. For instance, the Southern Pacific has trebled its net earnings per mile since 1895, the rate of increase being from about $2000 a mile to about $6400 a mile during last year. The profits of the Santa Fé increased nearly as much.

"If the rates are reduced as we demand, it will mean greater development of the lemon industry. The yield will be larger in California and the railroads will benefit correspondingly. It will enable the California lemon grower to hold a large part of the market. He cannot control it now, as the Sicilian lemon is marketed at about two-thirds the price of the product of this State, which is governed to a great extent by the railroad charges."

About 130 plaintiffs, mostly fruit exchanges, were represented in the appeal to the Interstate Commerce Commission by the Arlington Heights Fruit Exchange against the Southern Pacific, the Santa Fé, and other railroads. It was argued that the lemon rate of $1.15 is extortionate and unreasonable, and that the orange rate of $1.15, put into effect three years ago, is unreasonably high. The petitioners, who had joined in the appeal to the commission for a readjustment of rates, represented 10,000 growers and 90 per cent. of the product. The crop amounted to 34,000 carloads of oranges and 6000 carloads of lemons last year, and the freight figures were $14,000,000.

The answer of the railroads was ...foothill country on a private right of way.

E. D. Goode, owner of the present line connecting Glendale and Eagle Rock Valley and now building to Verdugo Cañon, will undertake the operation of the Burbank line if $40,000 is subscribed toward building it. The Burbank extension will be about four miles in length and it is probable that cars will run all the way through from Eagle Rock Valley, crossing the Pacific Electric on Brand boulevard.

C. B. Fisher and G. H. Wood are conducting the campaign for the residents of Burbank. They have closed a deal with Mr. Goode for the extension of his line. They expect to have the right of way completed in a short time and Mr. Goode will undertake to secure the franchise on Fourth street. A subscription was once secured to be given as a bonus to the Pacific Electric road for building an extension and amounted to the sum of $40,000, as now required. The promoters hope to duplicate the former subscription list in a short time and have the road constructed without delay.

A special committee has been appointed to assist in securing public support from that part of the valley lying between Glendale and Burbank. It includes W. H. Thompson, George Luttge, Judge Shelton, W. A. Lovering, W. C. Pollock, J. L. Robinson, R. O. Church, Charles E. Salisbury and H. W. Rouscup.

A beautiful section of foothill country and one that has been building up with fine country residences will be opened by the proposed line. The entire lower end of the San Fernando valley as far west as Burbank has gone ahead so fast in the matter of prices that it is already in the class of suburban property with transportation.

AUTO DEALER BANKRUPT.

Business Man Involved in Case That Followed Fatal Accident Files Voluntary Petition.

Fred C. Cornell, automobile dealer at No. 1158 South Main street, filed a voluntary bankruptcy petition in the United States District Court, yesterday. His employé, Carl Fisher, ran down and killed an aged woman during Elks' week. Fisher disappeared, and was located with considerable difficulty. He was tried upon a charge of manslaughter and was acquitted.

Cornell was involved in the matter, as the police allege he tried to shield his employé. But he was afterward exonerated.

Mrs. Cornell, who was in the automobile which Fisher was driving at the time of the accident, is said to

DETERMINED.

BURBANK TO HAVE TROLLEY.

Residents of Suburb Will Build Line.

Route Chosen Is on Fourth Street, Glendale.

Forty Thousand Dollars to Be Subscribed.

The town of Burbank announces that it is going to have a trolley line, with none of the "ifs" and "buts" that have so far interfered with the extension of the Pacific Electric road. The people have decided to build their own road if no one else will do it for them and subscriptions are now being taken. A portion of the right of way has been secured and the Promotion Committee makes the statement that the line is practically assured.

The route decided upon will connect with the Glendale line of the Pacific Electric road at Fourth street, Glendale. It will run west from Brand boulevard on Fourth street to the West Glendale school and then cross the

Hitting the Trail for Mountain Homes.

Building summer lodges on ground leased from government in Arroyo Seco Canyon becomes fad with society people of Los Angeles and Pasadena and summer population doubles.

FLAG DAY IS HERE.

Celebration in Los Angeles Will Be Informal, Schools Having Made Little Preparation.

Few preparations have been made for the celebration of the one hundred and seventy-seventh anniversary of the flag today in Los Angeles. Despite the proclamation of the Mayor, and his letter to the Board of Education, the public schools have made no especial effort to commemorate the day.

Stanton Post, G.A.R., at the open meeting of the Post and Women's Relief Corps last Friday evening, held a memorial in honor of the flag, an address by the Rev. Johnson of Monrovia being the principal number of the evening.

The public schools of the city intend to hold exercises in honor of flag day, but, according to information received from the office of the Board of Education, no programmes have been prepared. The Los Angeles High School will have an impromptu programme. Principal Housh says he received no letter concerning flag day exercises, and no message from the Board of Education, so that anything he may have today will be on the spur of the moment.

Superintendent-elect Francis, principal of the Polytechnic High School, said that school had prepared a short programme in commemoration of the event. The students will gather in the school auditorium and listen to an address on "The Flag of Our Country." There is also to be patriotic music.

The business houses of the city, as well as the residence districts, will display the Stars and Stripes, according to the regular custom of the patriotic.

AT LAST!

HITTING THE TRAIL.

ARROYO SECO CANYON IS GAY HOLIDAY HOME

A RUSH of summer people is headed for the beautiful Arroyo Seco Cañon, where Uncle Sam has opened the forest reserve to campers. The season will open tomorrow with the inauguration of the daily stage; it promises to be the greatest summer in the history of the cañon.

Building sites are being rapidly taken up under the lease system; it is predicted that, before the summer is done, the number of mountain lodges will be doubled. There are now about fifty, many of which are occupied by prominent people.

Owing to the great demand, it has been decided by the forestry department to cut down the leaseholds to one-fourth the former size. Forest Supervisor Charleton and the ranger in charge, Mr. Miller, are making every effort to have this remarkable playground serve the happiness and needs of the greatest possible number of people and to prevent monopoly.

The cañon, as every knows who has been there, is unique. There is nothing just like it in California—or anywhere else. It lies, a long picturesque stretch of wild woods, of dashing mountain streams, of majestic lonely mountain scenery, of solemn wilderness, almost at the doors of the city. You walk twenty minutes from a trolley car and the wildness of the mountains closes in upon you. Some few years ago this was set apart as a forest reserve and thus saved for all time to the public.

In keeping with the policy of the department, the cañon was set out to thousands of trees and the public was admitted, under certain restrictions, to enjoy the wilderness. The entertaining of the public has been more of a success than the raising of the trees. Out of a vast area of 25,000 pine trees planted, it is stated that only about seventy-five trees survived. This locality evidently not being adapted to pine trees, it is the purpose of the department to experiment with eucalyptus trees of a particularly hardy variety.

The admission of summer people has been found to have, in general, a good ...

In the beginning, when the can... was first opened, the departme... leased out considerable patches of l... to the few summer people who ve... tured in. During the last few su... mers, more and more cabins have be... building. This summer the leasing ... mountain lands and the building ... cabins had suddenly burst into a f... Club women and professional wom... are to be seen hiking up the tra... ploughing through the arroyo, som... times punching along packed burr... They are in khaki or corudroy ... leggings.

Some of their mountain lodges ... works of art and rustic beauty. ... the terms of most of the leases, ... ground goes down to a mounta... stream, which is of rare and pec... beauty. Some of the lodge own... have artistic bridges across it; p... ticularly the few clubs that o... lodges. The amount of land to ... leasehold has been, until recently, ... acre. From this season on, it will ... a quarter acre.

These leaseholds no not interf... with the rights of temporary camp... Down the whole length of the can... the most desirable flat lands along ... mountain stream have been reser... by the forestry people for the ben... of the casual campers who wish ... spend a day or two or a short ... cation.

There are also special permits wh... hold for a reasonable length of t... without cost. The leases hold virtu... during the good behavior of the les... holders and in the discretion of ... ranger. The government will coun... nance no rough characters or any ... color behavior or carelessness w... fire.

These requirements are strictly ... forced by the ranger. Like so ma... of the "Roosevelt young men" in ... forestry department, the ranger ... charge of the cañon—and practica... the king of the summer colony—i... graduate of Heidelberg who interr... ted his studies in Persian philoso... to boss the little wilderness this s... mer.

Such men are able to appreciate ... rare value of this wild-wood to ... fullest extent and to help oth... appreciate it.

THE PUBLIC SERVICE—In the Courts and Offices

SUMMARY OF THE DAY.

The Mayor's referendum on the light rates will be ordered on the ballot at the Plant-Works election.

Commissioner Silent is in quest of a public-spirited citizen who will give $10,000, with which to build a fountain in Central Park.

The report of the appraisers of the "Lucky" Baldwin estate, filed in the probate court yesterday, places the total value of the property, real and personal, at $10,930,801.62, of which, $10,-612,025.61, is real estate and $818,776.01 is personal property.

A motion was made for a new trial in the case of Catherine Smith, found guilty of child stealing, and Judge Davis will hear the argument tomorrow morning.

Ramon T. Wiley, college man and burglar, was arraigned yesterday before Justice Rose and his hearing was set for Wednesday morning, with bail fixed at $10,000.

Holding that the Council had no business to classify an empty revolver as a weapon, Justice Rose refused to fine a man yesterday who was charged with carrying a concealed weapon.

E. H. Murray, arrested for drunkenness, pleaded in justification that he had been looking for his missing daughter, but Justice Chambers yesterday gave him a thirty-day suspended sentence.

AT THE CITY HALL.

REFERENDUM MAY HIT THE ROCKS.

STRANGE WATERS BEFORE THE GOO-GOO CRAFT.

City Clerk Certifies to Sufficiency of Municipal League Petition and the Hurry-Up Scheme of the Mayor Is to Be Put Through by the Council Today.

The official launching of the electric light rate referendum on the uncertain waters of the $30,000 Plant-Works election will take place today in the Council session. The doubtful craft of fad government will be christened by City Clerk Lelande with a certificate of the sufficiency of the Municipal League's petition, which was ample. Only 2100 of the 5100 names were checked by the clerk's experts, and the percentage of loss was small. As only 2012 valid signatures were required the checking of 3000 was more than sufficient.

The referendum brig is to be guided from today until the election on the 30th inst. by City Attorney Hewitt, on whose advice the scheme was attempted. His ordinance today will call a special election for the 30th to pass upon the referendum, and in the same ordinance the election will be consolidatted wi the Councilmanic event. The whole programme revolutionizes the legal chart by which Hewitt has guided the Council heretofore on election matters. The new path is across untraveled legal waters and there may be rocks.

Milton K. Young, former president of the Civil Service Commission, thinks there is one rock and has set out to find it. He will file a mandamus suit tomorrow against the Council to require it to put the referendum of the five park watchmen, who are disputing the ordinance abolishing their jobs, on the ballot with Plant and Works and the other referendum questions. Young may make a formal demand on the Council today when the Clerk certifies that the park petition is insufficient. Hewitt ruled out thirty-two sheets of park petition, containing about 3000 names, because the same person had verified more than one sheet. Young holds that the City Attorney erred.

One of the echoes of the rate "hearings" that have precipitated the maelstrom of referendum politics was the recommendation of a bill of $888 for the stenographic report of the sessions of the Council. The work was done by Henry Henderson, and three peoples were furnished the city post chaste. Whether any one has ever looked into them or not in known, but the copy in the Clerk's office isn't a thumb marked yet.

The transcript preserves for future antiquarians the volubility of "Uncle Jerry" Andrews at the rate of three words for a cent. Talk about "a penny for your thoughts," the city has all of "Uncle Jerry's" for a great deal more.

According to the bill of Henderson, "Uncle Jerry" and others talked 238,-[illegible] words on light, water and telephone rates. Of this, 136,200 are contained in the nicely bound and indexed water volume of 500 pages. Light discussion fills only 52,200 words, and telephones [illegible]9,500—probably because some one cut the wires. The charge is at the rate of 33 1-3 cents per hundred words, with per diem added for reporting. It is not likely that any one will question the bill, which has the approval of the Finance Committee, though it exceeds the charter provisions requiring all expenditures in excess of $500 to be authorized by resolution approved by the Mayor.

CENTRAL PARK PLANS.

SILENT HUNTING BENEFACTORS.

Park Commissioner Silent has started on a still hunt for a citizen with $10,000 to spend on a massive fountain for Central Park. He belives a city like Los Angeles, with its scores of multi-millionaires, ought to possess at least one who will donate a fountain to commemorate his identity with the city.

Plans for the improvement of Central Park were before the Park Commission yesterday when Silent said he had a hope of procuring the fountain as a gift. He was unanimously voted a committee of one to continue the quest.

The plans have been reduced to a working basis by Architect John Parkinson and were studied by the Commission at yesterday's session. No prospectives of the fountain, comfort stations or the band stand have been made by Parkinson, who is doing this work from public spirit, but they will probably be ready for the next meeting of the Commission.

The plans include the entire reconstruction of Central Park, and its proper ornamentation. Estimates of an exact nature have not been made, but the cost probably will be $60,000 or more. At its next session the Commission is to review the whole scheme and decide just what the Council will be asked for.

It is expected that the Commission will appear before the Council in a body next Tuesday to present the plans and urge the appropriation necessary to complete them.

The fountain is to be the crowning feature of the reconstruction. It is planned to be of granite with large [illegible] and colored electric light effects

struction. But there has not been an agreement as to their character and location. It now has been determined that one will be in the middle of the Hill-street side of the park and the other on the Olive-street side. To start this work, the Park Commission yesterday asked the Council to advertise for bids for 300,000 brick and 200 barrels of cement.

Hollywood citizens have petitioned the Council to cause the condemnation of the land 675 feet fronting on Sunset boulevard and 630 feet on Gower street under the park assessment law. They ask this because they say the region has no land suitable for a small park or playground. They ask that an assessment district be created between La Brea avenue on the west and Normandie on the east, and between Benefit and Santa Monica avenues on the south and the north. To pay for the land thus acquired. The petition contains about 200 signatures of property owners, but whether it complies with the rule of the Council requiring 25 per cent. of all property affected is not stated.

NO LIGHT BIDS.

PICO STREET SYSTEM HALTS.

Whether the Lissner board's rates, or the referendum, or absent-mindedness was the reason, the Board of Public Works again found itself yesterday without bids for electric current to supply the new ornamental electrolier system that is to be put on Pico street, from Main street to Vermont avenue. The money to construct this system and provide for current for a year has been paid in and the board is at a loss to know why the electric companies did not bid. President Hubbard said yesterday that efforts would be made to come to an understanding. This is the second failure to obtain bids.

An official of one of the companies said the companies were expected to bid 3½ cents per kilowatt hour and this was the amount collected from the property owners, but that the companies did not feel willing to bid this price in the face of the Lissner cut in rates. The companies intimated some time ago that they might ask more than this rate for such lighting. Bids at this time, too, it is explained, might operate to prejudice the position of the companies in litigation that may result later, affecting the rate ordinance.

Repeal Bread Law.

At the suggestion of the City Sealer of Weights and Measures, the Council probably will repeal the ordinance requiring all bread to be labeled with its true weight, the Committee on Legislation having concurred in the recommendation. It was found that the ordinance, which was passed in response to agitation last fall when flour jumped in price, was ineffective, as it does not apply to bread eight hours after baking. The sealer found it had no effect in increasing the weight of loaves.

Still New High Street.

New High street will not be renamed "Spring street Court" as petitioned by the North, Northeast and Northwest Improvement Association. The Council Committee on Streets and Boulevards has decided against the change. The same committee also has decided to deny the association's request that the city appropriate $100,-000 to apply on the assessment for the opening and widening of Sunset boulevard.

Parkinson Resigns.

John Parkinson, president of the Municipal Art Commission, tendered his resignation to the Mayor yesterday. He says he is too busy with architectural work to attend to the duties of the commission. He is now preparing gratuitously the plans for the rebuilding of Central Park and says he wants to give his leisure to this work.

City Hall Brevities.

The Mayor has vetoed the resolution of the Council authorizing the printing of the city advertising in the San Pedro News. He says the city must be sure the paper is "one of general circulation."

The City Attorney will advise the Council today that it may order an appropriation of $500 for the Fourth of July celebration urged by the Mayor, and take the money out of next year's funds. The Council will name today a special committee to have charge of the celebration.

All city officials of Los Angeles have been invited to attend a celebration July 4 with the city of Long Beach as host at the Hotel Virginia. The Mayor sent notice to all officials yesterday asking replies as that an official party may be made up. Officials of other cities also will attend.

The Council will fix the hearing on the application of the Santa Fé for a spur track at Fourth and Mateo streets for July 5, at 11 o'clock in the morning.

Hearing on the proposed toll rates for wharfage and other shipping charges has been fixed by the Council for the 28th inst., at 2 o'clock in the afternoon.

AT THE COURTHOUSE.

BALDWIN ESTATE REPORT FILED.

THOROUGHBRED HORSES HELD AT LOW FIGURES.

Total Value of the Property Is Shown as Nearly Eleven Millions, But Recent Property Sales Show Real Worth to Be Above the Amounts Mentioned by Appraisers.

The extent and value of the empire owned by "Lucky" Baldwni, when he died at Arcadia, March 1, 1909, was indicated in the appraisement filed by Gen. Johnstone Jones, J. A. Fairchild and Guy B. Barham, in the probate court yesterday. The list of holdings, fills nearly 200 type-written pages, and covers the largest estate ever appraised in Southern California, if not in the State.

The total value of the property amounts to $10,930,801.62, of which $10,-612,025.61 is real estate, and $318,776.01 personal property. The sales so far made of the Baldwin real estate indicate that the appraisement is much below the real worth of the land, for they have averaged an increase of at least sixty per cent. over the figures made by the appraisers who have just filed their report.

One of the features of the report is the low price at which the thoroughbred horses belonging to the Baldwin stables are appraised. They number more than 100 head, and the prices range from $25 to $250, with only a few at the latter figure. The horses consists of stallions, yearlings, and two and three-year-olds. The list is headed by Rey El Santa Anita, a thoroughbred

1691 parcels of land, scattered throughout California, and 2568 parcels of personal property. The latter list reads like the inventory of a castle, covering hundreds of articles. It includes machinery, farm implements, furniture, groceries, hotel furniture and fixtures at Tallac, wines of the Santa Anita winery, cattle, sheep, grain, etc., in infinite variety. The list of farm implements sounds like the invoice of a wholesale hardware store, and the wine list recalls the contents of an old cellar that might be found near Heidelburg.

The real estate list comprises property at Tallac, San Francisco, Oklahoma, San Bernardino, and El Dorado, beside the thousands of acres comprised in the Los Angeles holdings, made up of Potrero Grande, La Puenta, Potrero de Felipe Lugo, Potrero Chico, San Francisquita and other rancheros. There are also large holdings at Arcadia and Monrovia. At Arcadia, El Monte and in the "Lucky" Balwin tract, Los Angeles, the property is largely divided into lots.

The appraisers were appointed by Judge Rives, May 22, 1909, and they have been at work ever since. Gen. Jones, says that Baldwin had thousands of articles laid away, some of which he had brought down and kept from his early life in San Francisco the whole collection forming one of the most unique he had ever seen.

The completion of the work of the appraisers means that rapid progress will now be made in the work of settling up the estate.

WOULD BUY TREES.

OLD AGREEMENT AIRED.

A transaction involving 25,000 orange and lemon trees was aired in Judge Moss's court yesterday, the action growing out of the failure of J. G. McKinney, administrator of the estate of E. E. Hendricks, to complete the delivery of that number of trees, under the terms of a contract entered into November 12, 1906, between George M. Pearson and Hendricks, who died October 25, 1909. Hendricks owned a large orange grove at Moreno, Riverside county.

The agreement provided that Pearson would buy the lemon and orange trees, two years from the bud, to be delivered between January 1, 1909, and July 1, 1910. On March 21, 1908, Pearson selected 6000 Thompson improved navel orange trees; 11,326 Washington navel orange trees, 5374 Valencia orange trees, and 2500 Eureka lemon trees. Up to January, 1909, 800 Valencia orange trees were delivered to Pearson, leaving 24,200 still to be delivered by the administrator.

Pearson testified that he had $8470 ready to pay as soon as the trees were delivered. It was alleged by the defendant that Pearson had not taken advantage of the option at the prices given at the time, and therefore the agreement was void.

NE WTRIAL SOUGHT.

SAYS JUROR IS INFLUENCED.

It was expected that Catharine Smith, found guilty of child stealing, would be sentenced in Judge Davis's court yesterday, but her attorneys interposed a motion for a new trial, and it will be argued tomorrow morning. The action taken is in line with the announced policy of fighting the case to the last ditch by the convicted woman and her attorneys.

It is hinted, and the matter may be brought out during the argument on the motion tomorrow, that at least one of the jurors was influenced to vote for conviction on account of gossip concerning the alleged past career of Mrs. Smith that was carried to him. The matter will be probed, and it is said that the name of the juror who was so influenced is known to Mrs. Smith's attorneys.

If the motion for a new trial should be denied, the next move will be for the probation of the woman, and along this line there will be some powerful influences exerted.

HUSBAND OR CASH?

TEN THOUSAND WILL DO.

A breach of promise action was begun in the Superior Court yesterday against C. D. Hall, whom Miss Lizzie Jones says promised to marry her, and refused to make good his alleged agreement. The plaintiff will be satisfied with $10,000 of the defendant's money.

According to the petition Hall asked her January 5, 1909, if she would become his wife. Miss Jones says she consented, and the wedding day was fixed for December 7, last year.

But in the meantime his affections had cooled, and Hall declared that he did not care to become a Benedict just then, she says, but induced her to wait until January 1, 1910. The date has come and gone, and Hall has shown no disposition to carry out his alleged promise.

TRIAL NEARS END.

TEMPERANCE LECTURE COMING.

It is expected the Hardy murder case will reach the argument stage this morning in Judge Willis's court. The testimony of the various experts summoned by the State to show that Hardy although an alleged dipsomaniac was not insane at the time he killed William Moore, the hot tamale man last winter, and by the defense that he was, virtually closed last night.

The case is likely to attract much attention from the fact that it is the first time in years that involuntary intoxication has been used as a defense in a local court. Voluntary use of liquor is no excuse for crime, but involuntary drunkenness, it is alleged, is another proposition.

Hardy comes from an influential family in Indiana, and depositions furnished by friends in that State indicate that for years he has been totally irresponsible so far as resisting the temptation to drink is concerned. Judging from their tenor he is a confirm dipsomaniac, a condition well recognized by the medical authorities, and insane when under the influence of drink.

The position will be strongly combatted by Deputy Dist.-Atty. W. J. Ford, and his line of examination of the experts on the stand yesterday, indicated the trend of his wall of evidence that he will present to the jury. The arguments of Earl Rogers, W. H. Dehm and Frank Domingues, on one side, and Deputy Dist.-Atty. Ford and Percy Hamman, on the other, will be worth attention. Mr. Rogers is making special preparation to show how a man wrestles with the drink habit and falls.

DECIDES AUTO CASE.

MUST PAY REPAIR BILL.

The case brought by Harry Crawford against the Standard Motor Car Company, to recover a Ford runabout, with a number of other people as intervenors, was decided by Judge Houser, yesterday. The action was brought to recover the machine. A cross-complaint filed by the defendant brought in Harry Crawford, Mrs. Zora A. Grider, L. M. Grider, Charles C. Grider and others, who were supposed to have an interest in the auto.

The Standard Motor Car Company had a lien on the auto for repairs, and it was sold by the sheriff to D. W. Flanigan for $1, but the interFlanigan, was the owner of the machine, subject to the above lien; that the Standard Motor Car Company and Flanigan recover their costs of the action from Harry Crawford.

JURORS FOR SERVICE.

MANY EXCUSES ARE MADE.

The following jurors were held for service during the coming criminal term in Judge Davis's court, yesterday after a number of the original panel had been excused on account of business and other engagements. They will report for duty tomorrow morning:

Fred W. Bryan, Charles B. McCoy, Charles C. Morse, Mathew Meyers, August E. Morrow, Carl Pauly, H. B. Powell, Charles F. Stuart, Austin C. Shafter, Los Angeles; C. C. Melville, E. H. O'Brien, W. G. Steffy, Santa Monica; E. D. Northup, Kenneth Carter, Duarte; Peter Orban, S. T. Perrine, Henry Spring, G. R. Vedder, Frank E. Williams, Homer Blick, Littleton S. Baker, W. E. Atwater, J. C. Cahill, Pasadena; Fred Sedgewick, E. C. Winterbottom, Allen G. Walker, W. S. Clarke, Long Beach; Edward S. Williams, George Dillman, Pomona; H. J. Woods, El Monte; A. Comstock, Puente; A. Blackburn, F. E. Albright, Glendale; Robert Devine, Tropico; Frank X. Leidell, Palms; R. S. McClelland, Hollywood; E. A. Mans, Alhambra.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

SALES CONFIRMED. The following sales of land belonging to the "Lucky" Baldwin estate were confirmed by Judge Rives yesterday: W. L. Hatton, lot No. 74, Rancnero Potrero Grande, $3000; Charles Faucett, lots Nos. 4 and 17, same, $6000; E. W. Brink, lot No. 1, same, $3600; Lester L. Whitman, lot No. 5, same, $4166; Hattie M. Ashworth, lot No. 36, same, $3600; Everett Thines, lot No. 11, same, $3000; James M. Stone, lot No. 65, same, $2900; James M. Althouse, lots Nos. 21 and 22, same, $6000; Catherine McCafferty, property located on Webster street, San Francisco, $500.

TO SET ASIDE DEED. An action was filed in the Superior Court yesterday praying that the deed given by Harvey L. Stephens to Gertrude Stephens, for the transfer of lot No. 44, Euclid Terrace tract, be set aside, and that the title of Harvey L. Stephens to the property be quieted. The action was brought by Flora E. Stephens, guardian of Harvey L. Stephens, who alleges that at the time the deed was passed her ward was insane. The record of the court shows that on May 31, 1910, Stephens was declared insane and ordered sent to the State Hospital at Patton.

CRIMINAL MATTERS. In Judge Willis's court yesterday W. M. Williams, who pleaded guilty to committing a lewd act, was sentenced to Folsom for two years. George Figueroa, charged with murdering his wife, Sarah M., May 22, will plead tomorrow to the information.

INCORPORATED. The American Development Company filed articles of incodporation yesterday, capital stock $25,000, incorporators, Charles S. McKelcey, D. C. Back and W. B. Mather, subscribed $3.

SUIT FOR DAMAGES. An action was brought in the Superior Court yesterday by C. A. C. Williams against the Pomona Valley Hospital Association for $5356.35 damages. It is alleged in the complaint that the plaintiff was treated by the defendant corporation for an attack of appendicitis, and that through negligence on the part of the operators the hot water bags were placed too near his legs which were badly burned, the injuries incapacitating him from work for twenty-four weeks.

CHANGE OF NAME. Hans C. C. Wrang filed a petition in the Superior Court yesterday to have his name changed to Frank Clausen. He says the latter name is the better one, and that the cognomen he desires to dispose of is hard to pronounce. Abraham Pistiner asks the court to change his name to Abraham Scharf. His brother is known as Scharf, having taken the name of his mother, and they are associated together in business.

SUIT FOR DAMAGES. Thomas B. Hicks brought an action in behalf of his son, Lewis A. Hicks, in the Superior Court yesterday against Edward I. Cudahy for $6000 damages. It is alleged in the complaint that while the lad was crossing the intersection of Thirty-eighth street and Central avenue, he was struck and knocked down by an auto driven by Cudahy and severely injured.

THE DRIGGS CASE. On account of the fact that the Harrison felony case had not been concluded in Judge Davis's department yesterday, the action against Gertrude Driggs was postponed until Thursday morning, when her second trial for forging the name of John J. Charnock to an option on 127 acres of valuable land near Palms, will begin.

INFORMATIONS. The following informations were filed in Judge Davis's court yesterday: Luis Ruis, burglary; Willie Chavez, robbery; William Harger, two counts, burglary and attempted burglary. The accused will be arraigned tomorrow morning.

FREDERICKS WILL. In Judge Rives's court yesterday the matter of probating the will of Charles E. Fredericks was postponed until tomorrow. The appraised value of the estate is $152,000.

THE INFERIOR COURTS.

UNLOADED GUN NOT A WEAPON.

JUSTICE ROSE TAKES RAP AT CITY COUNCIL.

Man Carrying Empty Revolver Is Discharged, Another Pays Fine of Ten Dollars and Three Others Are Given Choice of Contributing Twenty or Making Highways.

Five "gun toters" faced Justice Rose in the Police Court yesterday morning. The court's disapproval of the Council ordinance which makes it a misdemeanor to carry an empty revolver, was all that saved Pedro Fragoza from the payment of a fine or a stay of a few days in the city's Bastille.

"An empty pistol is not a weapon," declared the court, "and I don't think the City Council had any business to pass any ordinance construing the carrying of an unloaded pistol as carrying a concealed weapon. The defendant is dismissed."

another room downstairs. The weapon in this case was a "smoke pole" about the size of a razor-back hog's hind leg, and the court did not think that Texas "jewelry" of this dimension could very well be considered as concealed when it was bound to stick out all over the caboose end of the carrier.

José Lave, Frank Molnar and Jesus Hernandez, however, were shown to have been carrying loaded revolvers of a size that could very well be concealed in one's pockets, and they were given the choice between paying fines of $20 each or going to the chain gang for twenty days.

PREFERS JAIL.

BURGLAR WANTS CIGARETTE.

Ramon M. Wiley, the young man who was caught in the act of robbing the home of James M. Yankie last week and who gave a number of citizens and firemen such a lively foot race for three blocks, was arraigned before Justice Rose yesterday on a charge of burglary. His hearing was fixed for Wednesday, at 10 o'clock, and $10,000 was the amount named as bail required.

Wiley wore a pair of jail brogans without strings and a torn coat borrowed from one of the prisoners. His manner in court was cool and indifferent, although he was not accompanied by his attorney. Sitting near a couple of reporters, he laughed cheerfully when Justice Rose jokingly asked which was the burglar, and he sang out, as if proud of it, "I guess I am."

"Is there anything I can do for you?" asked one of the newspaper men.

"Yes, for God's sake, get me a box of cigarettes," he answered, naming the brand. The cigarettes were given him.

After a conference with his lawyer, who called at the City Jail at 5 o'clock, Wiley said that his family could easily furnish the heavy bail demanded, but that he preferred to remain in jail.

He Must Be Good.

If E. H. Murray, the proprietor of a delicatessen store at No. 208 South Figueroa street, does more than step off the water wagon to pick up the whip, he must go to jail for thirty days. He was having an exciting fight with John Barleycorn last Friday when he was arrested on a charge of drunkenness. Murray explained to the court, tearfully, that he was looking for his missing daughter when the officers nabbed him. He had only taken a few drinks to console him for the loss of the daughter he loved so much. But the prosecution brought out testimony to the effect that the girl had only tired of her drunken father's antics and had gone to friends who are taking good care of her. The family had got C. C. Gabbert, a private watchman, to swear to a complaint against Murray in the hope of straightening him out, and the court thought a thirty-day suspended sentence would have just the desired effect.

Mexican Stung Again.

Jacentro Torres, the Mexican who struck such a snag last week, when, meeting Frank Yutani, a Japanese, at the corner of Aliso and Alameda streets, and he punched the Jap's head and snatched the gold watch only to have all the clothes torn off by the Jap jiu-jitsu artist, was given a preliminary examination before Justice Chambers yesterday. He was bound over to the Superior Court in the sum of $1500.

Leaves Town, But Pays Fine.

L. A. Pratt, charged with overspeeding in an automobile in the city limits, pleaded guilty when arraigned before Justice Chambers yesterday and paid a $25 fine. Pratt was showing a prospective purchaser what a Thomas car could do when he ran into the police trap that had been laid for speeders on the Grand avenue hill a week ago. Thirteen other speeders arrested that same afternoon appeared in the court the next morning and were fined, but Pratt had not understood the officer who told him to appear in court. He left the city next morning on a business trip and it was only on his return Sunday that he heard that a bench warrant had been issued for his arrest. His explanation was accepted and the fine made the same as that in the other cases.

Lottery Proprietor Pays.

Wing Quong, the Wilmington street Chinaman whose place was raided by Acting Sergeant May and his men in spectacular style at "high noon" Saturday, when a quantity of lottery tickets and other gambling paraphernalia were seized, pleaded guilty before Justice Rose yesterday when arraigned on the charge of conducting a lottery game. He was fined $25. L. Cochran and F. Griffith, the two negroes arrested in Quong's place on a charge of visiting a lottery game, were dismissed, no complaint having been preferred against them.

Joins Chain Gang.

A. J. M. Parry, the tool thief who had given so much trouble to the police and workmen employed on buildings all over the city, was given a trial before Justice Rose in the police court yesterday morning. He was given 180 days during which he will have all the chance he cares for to indulge in his fondness for working implements as he repairs streets with the chain gang. Parry was arrested by Detective Cowan, who found him on East First street, trying to sell a stolen kit of carpenter's tools in a pawnshop.

Shall we Rejoice

Gladness comes with a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed and assisted by the pleasant laxative remedy Syrup of Figs and Elixir of Senna.

Its beneficial effects are due to the fact that it is the one remedy which promotes internal cleanliness without

CURE S.S.S. OLD SORES

Every old sore comes from some kind of impurity in the blood. It is an open, discharging place on the flesh because the circulation deposits into the fibres and tissues which surround the spot the impurities with which the blood is contaminated. It is impossible for the sore to heal while the blood is in this impure state. S. S. S. heals old sores because it is the greatest of all blood purifiers; it goes into the circulation and forces out from the blood. When the blood has been purified there is nothing to prevent certain and natural healing of the ulcer. It is all well enough to apply salves to cleanse an old sore, or stop the itching, or absorb the discharge, but such applications, but a cure can never be reached in this way. Local applications do not reach the blood where the cause is located. S. S. S. goes to the cause a scab to form over an old sore, but beginning at the bottom it forces out place permanently by building new tissue, and filling the place with new flesh. S. S. S. is a purely botanical remedy, being made entirely of roots and barks, each of which has a direct and lasting effect in purifying the blood and poisons from the circulation. Old people who have suffered for years from chronic sore will find S. S. S. a most helpful tonic and blood purifier, counteracting the debilitating effects of the old ulcer. Special book on sores and free to all who write.

Will Try for Record.

Superintendent H. J. Bender writes the Midway Union Oil Company that he has the derrick and rig for its well in section 28 about completed. He will spud in some time this week and work two shifts of men. He has the quarters for the men completed, a good water supply installed, and will try to put down the well in record time.

TABLES TURNED.

ANGRY PICKET HURLS A ROCK.

HITS BREWER ON HAND AND IS GIVEN BLACK EYE.

Victim of Labor Bosses Makes Attack on Workman, Tries to Escape on Bicycle and Poses as Martyr, But Is Landed in Cell at City Jail by Constables.

John Setterie of No. 849 East Fortieth street, a striking brewer, tried his hand at slugging for the labor bosses yesterday morning. He got a lovely black eye and was hauled off to jail for his pains, whereupon he made an exquisitely amusing bluff at posing as a martyr.

The thug complained piteously of having been seriously injured, "somewhere about his innards," by an "unmerciful beating" he said had been given him by the man he slugged and two deputy constables, but the surgeons at the Receiving Hospital could not find any mark of violence on the man save the black eye. Setterie was taken before Justice Ling, who fixed his bail at $1000, and set his hearing for June 22. The bail was furnished by the labor leaders out of the funds provided by the poor dupes who allow themselves to be forced out of their jobs by the walking delegates they pay too well.

Setterie was formerly a brewer for the Maier Brewing Company. Brewers are paid considerably more than is earned by the average workingman, but the call for a strike came, and he gave up his job at the command of a loud-mouthed unionist. This sacrifice was not enough. Setterie was called upon to do picket duty, not an excessively amusing pastime, especially when the unionists are in such desperate straits as are the brewery strikers.

Yesterday morning about 8 o'clock Setterie was doing his little picket stunt, worrying as many non-union men as he could approach. The job was not meeting with exactly that sort of success required to put Setterie in a good humor. At last he saw Arnold Buchwald approach the entrance to the brewery. Buchwald is the brewer who has taken Setterie's place in the brewhouse, and at the cashier's window. He gets enough money to afford to live at the Hollenbeck Hotel.

"I told him that he was taking a good union man's job and that it was not right, and he insulted me," is Setterie's whining explanation of what followed.

Other and more credible reports are to the effect that the "good union man" picked up a rock and hurled it at Buchwald as hard as he could, striking the brewer on the hand. Then he ran. He did not feel justified in trusting to his legs alone. He jumped on a bicycle and pumped away for dear life while a gang of laborite rowdies showed their sympathy for him as best they could.

A few weeks' picket duty, however, does not put a man in the best of condition for athletic effort. The fugitive was overhauled by Deputy Constable Charles Benjamin. Jack Adams, also a deputy constable, was some distance away, coming in an automobile, when he saw Benjamin tusseling with Setterie, who was fighting to get away. Adams took a hand.

Setterie continued resisting arrest until one of the deputies punched him in the eye with his fist, after which he quieted down long enough to permit the handcuffs to be placed on him.

Setterie and Buchwald were both taken to the Receiving Hospital. The record there is that Buchwald's hand was bruised by a rock and that Setterie was not given any treatment, as he showed no evidence of needing any.

Setterie was locked up in the City Jail, where he pretended to be suffering so much that he was barely able to sit up. In the afternoon he was sent over to Justice Ling's court for arraignment.

Buchwald worked all day yesterday.

WHO WANTS A JAIL?

County's Bastiles at San Pedro and Sawtelle to Go Under Auctioneer's Hammer.

Stunning bargains in jails are about to be offered by the Supervisors. Prospective buyers are urged to wait for the grand auction at the Courthouse. Nothing on the list will be reserved. There should be some choice pick-ups in lockups.

The Supervisors decided yesterday that the county prisons at San Pedro and Sawtelle should go under the hammer at the same time.

A letter from George H. Peck, who owns the property upon which the San Pedro building stands, caused the Supervisors to decide to get rid of both jails. Peck was served with notice by the health department that the place was a nuisance on account of its condition. He referred the communication to the Supervisors.

"I move that we sell at auction the jail at San Pedro—and at Sawtelle," said Eldridge. The reference to Sawtelle was made for the benefit of Chairman Nellis, this being in his district.

"We've practically agreed with the people down there (meaning Sawtelle) that they can use it if they will keep it up," declared the chairman.

"I'm in favor of the motion," declared Capt. Manning. "I second it."

Pridham and McCabe indicated they were in favor of putting up the jails at auction.

"All right, if you want to do it," declared Nellis, "but I would suggest that we add to the list the new jail out in Capt. Manning's district."

Manning objected to this, as the building referred to, located at Puente, was completed only recently. He declared that he was in favor of disposing of jails only in incorporated cities.

"How about that jail up at Newhall, that they came so near selling for taxes the other day; do you want to put that in?" asked Eldridge. The proposition was not made seriously, but merely for the purpose of jollying Pridham, in whose district Newhall is embraced.

If Los Angeles does not care to buy the one at San Pedro, and Sawtelle does not wish to become the owner of the one in its precincts, it is likely that there will be bidders who can use the structures as chicken coops.

FIRM AND TRUE.

ON GUARD FOR THE OPEN SHOP.

Employers Ready to Repulse Unionite Attack.

Many Free Workers on Call at Moment's Notice.

Bluff of Northern Agitators Will Be Called.

In anticipation of a possible general strike of local laborites, the Merchants' and Manufacturers' Association has organized a unique defense—the equipment of an industrial army of tens of thousands of able-bodied, intelligent workmen who are not slaves to any unionite insurgent force.

This splendid army of independent workmen is ready to make a peaceful invasion of Los Angeles should the laborite guerrillas attempt to attack the industrial freedom of the city. To equip this army of patriots, the association has received pledges of financial aid from leading business and professional men.

While the men may not be needed, the association believes in being prepared for any emergency. So far, the two separate strikes of the brewery workers and metal trades have proved futile. The breweries are operating at their full capacity, and the foundries are inconvenienced but slightly by the walk-out of some of their employés.

Secretary Zeehandelaar of the Merchants' and Manufacturer's Association has the names of 400,000 workingmen in the East who will be only too glad to come to Los Angeles to live. The list includes trained men in all branches of the metal and building trades. If all the union workers in the city were to strike their places could be filled within ten days.

But the association does not desire to take so drastic a step until it shall become necessary. It is believed that many of the members of the local unions are not in sympathy with the demands of the San Francisco bosses, and resent their coming here to try to dictate how the Los Angeles employers are to conduct their business.

CONSPIRACY IN NORTH.

A joint committee of unionites has been formed in San Francisco which represents the various branches of the trades. It is headed by O. V. Tveitmoe, arch-agitator and conspirator against industrial peace. The committee is to oversee the extorting of funds from the laborites of that city and to have the handling of a large amount of money. What remains after the members of the "campaign committee" have satisfied their wants will be applied toward a vicious attempt to unionize Los Angeles.

The San Francisco laborites make no secret of their conspiracy to bring Los Angeles under the labor-union yoke. They declared at a meeting held in the northern city Saturday, that the present strike in Los Angeles will be lost unless "a terrible lesson is given to the business men of that city."

One of the speakers said that "a reign of terror will be started if the southern employers do not come to terms."

The threat of the agitators in San Francisco does not cause fear here. On the contrary, the Merchants' and Manufacturers' Association is all the more alive to the exigencies of the hour. With public sentiment as it is today, Los Angeles will never be unionized.

AIMED AT PROSPERITY.

"This edict issued by the San Francisco labor agitators is simply a conspiracy to destroy our prosperity and to check our growth," said Secretary Zeehandelaar yesterday afternoon.

"I do not believe that the rank and file of our mechanics who belong to the union will respond to the demand of agitators, because they have shown in the past they realize that an attempt to unionize Los Angeles would not only be unsuccessful, but would have as its ultimate result the destruction of their own happiness and comfort. Too many of the conservative union workmen own their own homes, are satisfied with their conditions, are enabled to raise their families in a decent and respectable manner, and would not cast aside all these advantages at the dictation of San Francisco agitators.

"The further threat to break the backbone of the Merchants' and Manufacturers' Association is idle talk, uttered by men who do not understand the temper of this community, and the hopeless task they have undertaken. The San Francisco agitators must understand that public opinion in Los Angeles is absolutely for industrial freedom, and that their ultimatum to the local agitators will receive effective treatment at the hands of this community.

"The people of Los Angeles in every walk of life—in professional, commercial and industrial channels—realize that our industrial freedom has been and will continue to be our greatest asset, and the formidable factor in our phenomenal growth and development.

"With the completion of the Owens River project, when a vast amount of power will be available for manufacturing enterprises, our industries will rapidly increase, and extensive plants that are now conducted in cities that are under the union yoke will be glad to avail themselves of the opportunity to locate here, where it is not necessary for the laboring classes to produce a union card in order to find honest employment.

"We have fought the battles for industrial freedom successfully in the past, and if an industrial war is forced upon us by San Francisco agitators, we will meet the issue once more and prove to the trouble makers that Los Angeles will defend her rights with a unity and strength that no power can destroy.

"While the San Francisco unions are forced to sacrifice part of their earnings on the altar of unionism to assist the conspirators in their effort to harass this city, we have the assurances of unlimited money to meet that phase of the controversy. From professional men, property owners, and merchants, we have offers of financial support to combat the damnable interference of the San Francisco agitators.

"We have a list of over 400,000 names of non-union mechanics of every character, registered in eastern cities, that can and will be brought here if ever an attempt be made to force an industrial war; and when the men necessary to keep the wheels of commerce and industry moving are here, they will find employment and will be protected in their rights as American citizens to earn an honest livelihood, irrespective of the tactics of agitators. But, as I have said before, I do not believe that the honest workingman who, from force of circumstances, belongs to the union, is prepared to meet the enemy, and neither San Francisco nor any other city in the country can put the yoke of unionism on the neck of Los Angeles."

EMPLOYERS STAND FIRM.

The situation as regards the striking brewery and foundry workers is about the same as last week. A few strikers have indicated their willingness to return to work within a few days. The employers may take them back as individuals, but not as members of a union.

There are many independent workers in the East who are only waiting an opportunity to come here. In the city are hundreds of former iron men who have gone into other occupations. The Founders' and Employers' Association has a list of these men. If necessary, they will be secured to fill vacancies.

Contrary to the expectations of the laborites, the strike of the structural iron workers did not tie up any building operations. About twenty union men walked out, but their places were filled the next day.

Pickets still parade up and down South Main and near-by cross streets, uttering their parrot-like cry of "unfair beer." The police watch them closely. At the slightest indication of disorder, they will be arrested and given stiff jail sentences. The Chief

Household Goods—

The Substantial High Class Kind

Every woman appreciates what it means to have good tools to work with and every possible modern help for the kitchen.

If there is any one department of the Parmelee-Dohrmann Store more complete than any other, it's the Department of Household Goods. Our stock is made up of the best American and German made goods—and the Germans seem to understand best how to make the high-class goods.

The many various articles are made of nickel, copper, brass, china and wood; also glass, nickel mounted. There are chafing dishes, coffee percolators, five o'clock teakettles, trays, cabarets, fruit dishes, bread baskets, asparagus trays, alcohol stoves for table use, caviar and pickle jars. We make a specialty of fitting up completely, blue and white kitchens.

The blue onion and blue band patterns are particularly attractive. We carry a full line. Prices as follows:

Tea Canisters.....$2 to $3.00
Coffee Canisters.....$2 to $3.00
Salt Boxes.....40c to $1.50
Biscuit Jars.....$1.25 to $1.75
Salad Sets .....$5 to $7.50
Vinegar and Oil Crusts $1.00 to $1.50.
Kitchen Cabinets, 22-piece sets $6.50 to $12.00.

A FEW SPECIALS

Chafers, nickled on copper, $5
$6.50 novelty sprinkling cans, brass and copper, now $5.
$6.50 copper teaketties on standard, ebonized wood with brass-mounted handles, now $5.00.
French Drip Coffee Pots, brass and nickel, $3.25 to $4.00.

Special In Dinnerware $10.00

A composition set for six persons—white and gold china, silverware, glassware and vase; everything complete for setting the table.

THE AVERAGE MAN'S MONEY

Under this heading, Colliers Weekly of June 4th tells of one "Average Man" who got his start through a Building and Loan Association.

This man began work at the age of 16 at $2.50 per Week—at the end of 25 years the net value of his estate was $25,000.

He says—

"My first investment was at the age of twenty, when I began making payments of $3.00 per month into a local Building and Loan Association.

These monthly payments finally totaled $2,200, but with the liberal interest earned, had grown to $3400—AN INCREASE OF MORE THAN 50%.

The purpose of the State Mutual Building and Loan Association is to help YOU get started RIGHT. Nearly everyone can save at least a few dollars each month—why not invest them with us at 6 per cent. interest. You'll be surprised how quickly they will grow.

Editorial Pen Points.

There are 116 gold mines in Korea—also a large number of Japanese.

Dr. Roosevelt is at sea in a literal sense, but by no means figuratively.

Hunger and love seem to have been the chief factors in the making of poets.

It does not always save a man when a woman is true to him, but it speaks well for the woman.

"Of old I was a Roman torch," sings a St. Louis poet. It were much pleasanter to have been a human punch.

Women need not vote or take a hand in elections to control the destinies of the world. All they need do is to rule the home.

Never poke fun at a woman for spending a good deal of time and trouble on her personal appearance. The result always justifies her.

We hasten to commend the authorities that have made some moves to compel the ice cream stands and soda water fountains to keep clean.

We think it were better to be sincerely mourned by a few grateful and loving hearts than to be remembered without love by a whole nation.

As far as we are able to learn from the statistics, the boys who shine as football heroes in college do not shine particularly afterwards.

If it be true that there is a "yellow streak" in Gilbert Johnson he has the advantage of being able to hide it with his peculiar style of complexion.

The census compilations to date indicate that the United States will have a population of 100,000,000, Los Angeles contributing a large share of the sum total.

Regarding the ordinary household of the land as the House of Congress, we suppose, naturally, that the other should be looked to as occupying the Speaker's chair.

We are authorized to state that neither John D. Works nor Willie Hearst will attend the welcome-home reception of Dr. Roosevelt soon to be held in the city of New York.

It would be difficult to tell how many automobiles and how much of the people's time Highrum Johnson has already worn out; and the campaign is still comparatively young.

Summer begins officially this week. We need announcements of this nature to keep track of seasons in California, a land that deals in good weather every month of the year.

From our observations of the field at large we are serenely of the opinion that the next Congress will have a large Republican majority which will reject Uncle Joe Cannon Speaker.

Another fair Los Angeles widow—and all Los Angeles widows are fair—was married to a handsome man the other day in the East. She will bring him here to complete his happiness.

If men would allow their wives to run the home, and if wives would allow their husbands to run the country, we think things would run along a lot more smoothly than they are running now.

If this Count Gisycki who is leaving Russia to take up his residence in America will smooth out the kinks in his name a little we shall feel more like putting it in the paper every once in a while.

An effort is on foot to prevent small boys from making noise on the Fourth of July in Los Angeles this year, and yet Highrum Johnson was here the other day and nobody tried to put a muffler on him.

Those who are in alien lands today will have in their hearts the sentiment expressed by Senator Lodge: "The fairest sight my eyes have ever beheld was the flag of my country on a foreign shore."

You may have noticed that all kinds of disasters have marked the progress of the present year, not to mention the disaster that befell the scientists who thought they knew something concerning Halley's comet.

A Kansas City official who stole $50,000 from the public funds, and speculated with it, shot himself when the shortage was uncovered. It seems to us that a man who does a thing like that shows poor judgment.

Mistress of the Robes is the highest office to which any woman can aspire in Great Britain. It is no great an office that her husband is as completely forgotten as though he were Vice-President of the United States.

Certain names are peculiar to certain cities. The Gilles, the Drexels and the Cadwalladers are almost invariably Philadelphians, while the Murphys, Brannigans and the O'Briens are attached to either New York or Boston.

We have no doubt that some people will read

WILL WORKS BE THERE?

When that great day in American history on which we celebrate the famous Battle of Bunker Hill shall be passing away and its sun sinking in the waves of the western ocean, over on the east coast of the continent the ship bearing Col. Roosevelt home will be nearing its dock. On the next day the throats of million-tongued New York will be splitting with hurrahs for the returned hunter on whom Europe has heaped so many great, varied honors.

From the West and from the South, from the mountains and from the Pacific Coast, there will be representatives of organizations there to join their voices with those of their eastern fellow-citizens. The occasion will be memorable. Europe has vied, one nation with another, in showing its appreciation of the great American statesman, and it is fitting that his own country show the Old World that they don't know how to cheer a hero.

Californians will be in the crowd, and their voices will not be the lowest key in the welcome given to the returned ex-President. Many organizations in the State will send delegations to welcome home Col. Roosevelt.

We are pained to see negligence on the part of some of our California citizens in paying due honor to the returned statesman. Billikens will be there, and many "regular" Republicans. Indeed, there will be a good many California Democrats in New York who will not be the last nor the least loud to cheer Col. Roosevelt as he lands and marches up from the Battery along Broadway. But where are our esteemed fellow-citizens with the brand "L R" upon them? How many members of this organization will be in New York to cheer the hero on his return? We have not heard of any great numbers of them setting out across the continent. None of the "leaders," so far as we know, are spending their ducats to hail the conquering hero as he comes. They are very busy chasing offices here in California. They are trying to make a good deal of noise to attract the attention of the people, and it is costing some one a pretty penny to defray the expenses of campaigning from Siskiyou to San Diego and even to National City and Tia Juana, and from the snows of the Sierras to the lashing waves of the Pacific.

Perhaps it is only an oversight, and we would like very much to correct it. We suggest that John D. Works be dispatched post haste across the continent. Get him a flying machine if the cars are too slow. He will do to represent the whole Lincoln-Roosevelt organization, and in addition we propose that he get some copies of the Arena and on Mr. Roosevelt's landing at the wharf he read him an address of welcome from his own burning words upon Mr. Roosevelt's career as President. Never mind the hunting trip and the banquets in Europe, the lectures at the big universities. Others will attend to that; but unless Mr. Works is there with the Arena we fear that Mr. Roosevelt's career as President may be forgotten.

Let the "leaders" of the Lincoln-Roosevelt political aggregation take this business up at once. There is no time to be lost, or John D. Works will be late. Think of what an opportunity of letting Col. Roosevelt know what the deceivers who steal his name as a political brand really think of him!

YES, CUMMINS DID IT.

We are favored with a polite communication from an esteemed correspondent in which the contention is raised that Senator Cummins of Iowa had nothing to do with putting hides on the free list. Our correspondent reminds us that Cummins fought vigorously against taking the duty off of hides and then voted against the Payne-Aldrich tariff bill.

Let us concede both of our correspondent's contentions, and then what of it? The Representatives from Minnesota tried to keep the duty on barley when they were clamoring for free trade on nearly every other item in the schedule. The Minnesota "insurgents" are loud in their proclamation that they are going to defeat every aspirant for Congressional honors in the fall who voted for a duty on anything but barley.

So it was with every free trade Democrat in the House of Representatives so far as we have kept tab on the list. There was not one of them who was not in favor of the highest tariff duties in everything in which the people of his own State were interested, and for free trade on everything in which his constituents were not interested.

The "insurgents" and the Democrats pulled together like a well-broken team of mules in this as in other respects. Each one wants high protection for whatever he is interested in and free trade on everything else.

Now, who did take the duty off of hides if not the "insurgent" Republicans, together with the outspoken free trade Democrats? It was not at the instigation of the "regular" Republicans that the duties were lowered. There were no "regular" votes to put hides on the free list, unless some irate member of Congress tried to punish Cummins by giving his people free hides and the Minnesotans by trying to give them free barley. Mr. Cummins voted with the free trade Democrats on the final passage of the Payne-Aldrich tariff bill and thus lined himself up with the free traders. It was he and his kind who put hides on the free list. They did it.

The communication we are referring to speaks of a difference of opinion between The Times and Mr. Cummins on tariff. The difference exists, and it is wider than a barn door and deeper than a well. The Times is a stalwart, stand-pat Republican paper. Mr. Cummins is a Lillisized Republican, so like his Democratic allies that you have to look at the statistical tables instead of at his votes in Congress to find out where he belongs. He works and votes for the victory of the free trade flag.

STATE CAPITOL ON WHEELS.

They are finding out the beauties of mob democracy, otherwise called direct legislation, in Oklahoma, where it looks as if they would have to build a State capitol on wheels. They have just taken a vote as to whether the capital should be moved from Guthrie to Oklahoma City. The people seem to have taken little interest in the subject, important as it is, and this is a very common case in the application of these direct legislation ideas. The cry of the "reformers" is that the people should take back into their own hands their "rights." But it is all politics, and when it comes to the people this taking back their rights into their own hands is all in your eye. Few of the people go out to vote on the propositions raised by these "reform" faddists. A handful runs things, as of yore.

The Oklahoma people are in the front ranks of "reformers." We refer to that part of the people of that State who are in politics. The average Oklahoman is a good deal like his fellow-citizen elsewhere. He is busy about his own affairs and takes very little interest in direct legislation. He would be perfectly willing to have fewer elections and let representatives of his own choosing attend to his political affairs. And they are better done under these conditions than when the whole State machine is put into the hands of a little clique of active freaks.

And here is another Oklahoma fad! There are a great many colored citizens in that State, and the "reformers," who are determined on transforming everything in such a way as to let the bosses run the politics of the State, are trying the "grandfather" trick. At first these "reformers," so intent

SOME HARD KNOCKS AWAITING.

is a thorn in the side of the machine. So at first the trick was educational. No person could vote who was not able to read and write. The negro has acquired these little accomplishments, and now the faddists go back to his grandfather and by their "reform" scheme they let no person vote whose grandfather was not able to read and write.

Senator T. P. Gore of Oklahoma is one of the leading "reformers" in that State. His anxiety is very great that the people shall "take their rights back into their own hands" and leave nothing to representative government. But this "reformer" is to go up and down the State in a campaign for ruling out the colored vote by the "grandfather clause."

The State capital in a commonwealth where these fads prevail is as unstable as a City Council in Los Angeles. They may have as many initiative elections in Oklahoma to decide which city shall have the Capitol next as we have here to determine the complexion of the Council.

LET US HAVE THE COLONEL.

Col. Alexander H. Moore of Pittsburgh has an idea worth while. It is hard on Col. Roosevelt, but great for the rest of us.

Our former President having returned from a year's hunting of big game in the jungles of Africa, followed by several weeks of advising all Europe how to run their governments, colonies, churches, schools and other institutions, has earned a rest. But Col. Moore puts his veto on this, and the American people rise up with one acclaim and applaud.

The Pittsburgh man's idea is that Mr. Roosevelt now make a speaking tour of the United States, visiting all the big cities, coming west by the northern tier of States and returning east by the southern tier. Of course Los Angeles is on the list. You never can get this progressive city off of the map on any programme.

We say "amen" to the Pittsburgher's plan. Let the colonel swing around the circle. The fall election is at hand and the Democratic donkey is making day unmelodious and night hideous with his jubilant braying at the prospect of getting to the public crib. There have been a lot of Americans waiting for Col. Roosevelt to come home and set things right. Now we put our indorsement on the programme in bold letters. Let the great citizen, home from his victorious hunting trip through Africa and loaded with many honors from Europe, take the trail before the fall elections and enlighten the people. We are entirely satisfied that on a campaign like this the former President would roll up a Taftian Republican majority in November that would be enlightening in more ways than one.

Elsewhere we have suggested a trip to New York by John D. Works to welcome the colonel home with excerpts from the Arena. When Col. Roosevelt reaches Los Angeles the office-chasing Works will not be allowed to read from the Arena. We will have some real Rooseveltian tell the former President what we think of him out here.

NEW SUPERINTENDENT OF CITY SCHOOLS.

As was prognosticated by The Times a week or two ago, the City Board of Education last night settled the long-pending question of the superintendency of the city schools by electing Prof. J. H. Francis to the office. It was a wise decision. The board could not have made a better choice. Prof. Francis has won his high standing in the educational world by many years of devoted service as a teacher; he is the founder, as well as the head, of our magnificent Polytechnic High School. If any man in the world has the good of our public schools at heart it is this loyal and cultured citizen of Los Angeles who now takes his rightful place. He is a broad-minded and progressive educator, full of initiative, and the originator of several forward-steps in the city's school system, for which attempts have been made to give credit to others. He is a sane, right-thinking and wholesome man. He is a clean man, whose example is an inspiration to the youth looking up to him as the chief of their instructors. God knows that we have need of such a man at the head of our public schools in Los Angeles! Neither pupils nor teachers will ever have reason to blush for the utterances of Supt. Francis, or to be other than proud of his official acts or his private life.

Gardening.

To dig and delve in nice, clean dirt
Can do a mortal little hurt.

To live 'mongst lush and growing things
Is like to give the spirit wings.

Who works 'mid roses soon will find
Their fragrance budding in his mind.

MEN AND THINGS OVER THE SEA.

A Tireless Octogenarian.

Lord Halsbury, in his eighty-fifth year, is one of the most active men in England. When in 1906 the defeat of the Unionist government relieved him of the cares of office he took up the work of reducing the whole of the law of England to a handy code in twenty volumes, and he is hard at work on this stupendous task day in and day out. At the same time, when Parliament is sitting, he is in his place in the House of Lords, and however late the division may come he is there to vote. He is still a law lord of Parliament, and when the Lords are sitting as the highest legal court he is there from 10 till 4 o'clock, dissecting with the keenest intellect the subtle arguments of the ablest pleaders of the day. Then he will take his place in the chamber for the parliamentary business, sit the house out, and next morning appear, fresh as ever, in the character of a law lord. His work upon the code is done chiefly in the early morning, as he has never contracted the habit of lying in bed.

Insanity in England.

There is so much hereditary insanity in England that Dr. Lewis, medical superintendent of Barming Asylum, Kent, makes the subject a considerable part of his annual report. "One cannot fail to observe," he says, "the large number of our patients who are related to one another. We have at the present time in this asylum examples of brothers, sisters, brother and sister, father and daughter, father and sons, mother and daughter, uncle and niece, aunt and nephew, besides many cases of more distant relatives. Out of a total of 1934 persons admitted during the past five years I have discovered evidence of insanity in the family and often in many members in 828 instances, or 42.7 per cent. An analysis of these 828 cases brings into prominence three very important facts: That the disease makes its appearance early in life; should the patients be discharged they are prone to relapse; should they remain and die here they usually do so at a good old age." Dr. James adds: "The conclusion of the whole matter is this: That our asylum population is constantly recruited from and maintained by persons who have some inherited defect of brain cell which renders them unfit to meet the ordinary stress of life, and until the state is able to devise some suitable means for the permanent care and control of such persons the ranks of the insane will continue to be filled and to burden the ratepayer."

Russian Army Scandals.

The scandals that have been uncovered by the investigations in Russia of the purchase of army supplies are of most far-reaching character. In St. Petersburg it appears that every Intendant stole or took bribes. The Senatorial report declares that in 1904 the Intendants, horrified at the certainty of a rapid victory over Japan which would cut short their operations, began by doing everything to delay this result, and at the same time stole "feverishly" so as to compensate themselves for the expected brevity of the war. Those who accumulated the greatest fortunes retired when peace was signed. One favorite trick was to send to the front rotten stores bought for practically nothing, and pocket the bulk of the money provided by the treasury. The thieves wrote to their confederates at the front to report that the goods were "spoiled in transit." Many amassed vast fortunes by renting to private traders at from £20 to £100 each railway trucks which were supposed to be carrying stores for the army. Many millions of roubles' worth of goods which were invoiced as dispatched to the front were never purchased. The inquirers estimate the loss to the state over worthless stores bought by the St. Petersburgh Intendants at 50,000,000 roubles. Minor officials petitioned to be allowed to keep the modest post of watchman over army stores. The wage was £100 a year, and to avoid being promoted to posts with salaries of £300 a year the watchmen paid £500 a year. An Intendant, "G.," managed to remain at one junior post eleven years after he ought to have been promoted according to seniority. Meantime he was paying 8½ roubles each for articles the market price of which was 4½ roubles.

Miss Sackville West.

The Hon. Flora Sackville West, who was with her father, Lord Sackville, during his seven years at Washington as British Minister to the United States, recently made her debut on the Parisian stage as a dancer. She has adopted dancing as a profession, she says, to earn back the money she and her brother have spent in the courts in the suit against the heirs of Lord Sackville.

Berlin's Telegraph System.

In order to do away with much unnecessary waste of time the police department of Berlin, Germany, has installed in its 200 receiving stations throughout the city and suburbs a new typewriting telegraph system, which, through having a keyboard similar to that on a typewriter, typewrites the message at the receiving station simultaneously with the depression of the keys at the sending end. This method does away with the old Morse codal system, which necessitated the transcribing of the message before it could be put in the hands of an officer.

Chance for Railroad Economy.

It costs our railroads about a million dollars a day for the single item of fuel, and a quarter of

Remarks by the

Cheaper Than Beef.

IT IS reported that the French government in its effort to stop cannibalism in the army has resorted to the expedient of fixing a reward of the sum of $16. The funny thing about it is that the measure is said to be quite effective, beef as high as it is in this country. It requires us to understand why the cannibalistic appetite is a little fine like this to turn them into.

A Name for It.

MOST of these new-fangled political schemes for snailing the votes of the wary have names. For instance, the initiative, the referendum and the recall. The pernicious activities resulting from the manipulate these have not been labeled, but suggest that the double back-action referendum works either way, be named the Rube Goldberg.

Important.

A CITY of the importance of Los Angeles will not commit herself to the idea of a homely barn of a City Hall merely because it is cheap. The City Hall, above all other buildings in a municipality, should possess some measure of dignity in architectural lines. It should be a landmark.

It Is to Choose.

THE wildness of the enthusiasm which greeted Col. Roosevelt upon his return to New York will be discounted only by the lack of enthusiasm displayed upon the arrival of his defeated opponent, Rhubarb Hearst.

Hopes of Spring.

THERE having been no severe storms for several days in the effete East, encouraging reports are now heard from that quarter to the effect that the belief that winter is now over.

Good Old Days.

THE Custer celebration in Michigan recalls the fact that it was great to be a boy in Michigan when they had an Indian uprising every few months.

All Eaten Up.

MEAT went up again yesterday. The butchers were forced to close their shops, which reminds us that all the dead meat must have been eaten back in 1910.

It's Popular Now.

BEATING the customs officials is a popular pastime with many who go abroad. In fact, smuggling seems to be the golf as a sport. Have you ever tried to smuggle a pearl necklace or a diamond tiara? It is fun if you can slip past the X-ray machine at the dock.

Need of Special Law.

WHEN the Legislatures begin work on aërial laws it might be well, at the same time, to prepare some spiritual laws. A man has been sued for divorce for the loss of spiritual affinity.

Dream On, Little One.

THIS is the month of the sweet girl graduate. In her hand she carries not the domestic frying pan or the deadly skillet, but a diploma. Her mind is on the future and her hair is adorned with a large Jacque rose. Dream on, little one. Afterward come the broad acres, the open range, the undarned hose and the three square meals. Dream while you may.

The Goat.

WHEN the big crowd meets at the depot to welcome Col. Roosevelt home there will be so few that they will be able to make black sheep of themselves or scapegoats. The thousands who go from here to cheer the colonel will be almost all Taft Republicans.

Will!

DUKE, the tobacco king, who is a widower, is "happily wedded." He has been married times before. But how long did it last?

Changing Cars.

IN THE Illinois corruption investigation the star witness will be Whits. But what a train he will have to tell!

Unwieldy.

THE man or the woman who remains single because his love is unrequited is not to be pitied out of which good wives and husbands are made. The survivor is justified in refusing sister, be it man or woman.

Oh, Shoot!

THE scene in court was painful when the mother of Boston clung to her child. Has she not taken this into account when bargaining to Santa Barbara with her husband?

There Will Be No Snow.

"COL. ROOSEVELT is on the high seas," you old, tempestuous Athenian, your hoary mane. Remember that? Then come back and will ride you as any other broncho.

Productiveness.

LOOK at the sky line again! The Times has so much cropping on the billboard.

Municipal Telephone.

PASADENA people are getting cheap lights for almost nothing, owing to the Edison with the municipality. Great, great, fellow-sufferers, great! If we only had municipal telephone system in Los Angeles, with one phone connecting with everybody, and all on the same line, at a rate, say, of $1 per month!

To Fit the Crime.

THE punishment for calling a man a liar is life servitude in Oklahoma, where there are more referendums and damphoodles than here.

UNCLE WALT. WARE

BY UNCLE WALT MASON OF

Where Grows the Sunflower

I sat at the feet of the poet, and the poet say: "The dreamer lives in fear and dread lest the toiler dies in a day!" In love with his own genius, and charmed by his sweet voice, he "I will cease to labor, for labor is but a snare; I'll wander afar to the land of lotus on which I'll stray, for the dreamer lives in fear and dread lest the toiler dies in a day!" Then up spoke my wife, whose name is Eliza, and this was her message to the poet is talking nonsense! His babble is bata! The dreamer is but a loafer, and should be in the pound; I bow to the behest. The dreamer, making the wheels go round! The dreamer, sitting idle, a-whittling a hemlock stick, is bearing burdens or laboring not; the toiler is earning money as he goes his way; he's putting away a bundle for the wintry day. The dreamer is mermaids and stars and pools; the toiler pays taxes and helping to build the schools. I have heard you singing is that of the dreamer goes to the poorhouse, er's baling hay!"

[Copyright, 1910, by George Matthew Adams.]

An Important Job.

The secretary to the President, by reason or lack of tact, can help to wreck the nation. By no possibility can he help it where everybody wants favors. And favors which cause him the most trouble are those of his work, which, properly, is to be the right hand man of the President, to relieve him of the governmental matters of which the latter has knowledge.—[St. Louis Post-Dispatch.

And I for an I is the natural result between two egotists.

It sometimes happens that we owe our keeping out of their way.

A man never knows what a nobody he is make of himself till he fails in business.

It's one thing to get credit for millions and quite another thing to get cash.—[Philadelphia Record.

...Rehearsals were started at the Ma... jestic yesterday for "The Prisoner of Zenda," in which James K. Hackett and his company will appear next week, following the current double bill, "Monsieur Beaucaire," and "The Bishop's Candlesticks." It was in "The Prisoner of Zenda," that Mr. Hackett leaped from popularity to fame in a single night, and while the romantic drama is rather well known now, the coming presentation takes on added interest from the fact that Mr. Hackett is the most famous impersonator of the dual role of Rudolph Rassendyll and the King of Ruritania. Arthur Hoops as the loving young villian, Rupert of Hentzau, is said to be a striking figure.

"I have been asked for my autograph, for my photograph, for a lock of my hair and a thumb-print," mused David M. Hartford between the acts of "Paid in Full," last night, "but never, oh, never have I before been asked to copy out a whole play and send it to a lady." Here is the text from which Mr. Hartford preached:

"Dear Sir: Will you please write out and send me the play of 'The Rose of the Rancho' with all the songs sung in it, if it is not too much bother? I enclose a stamped envelope."

The "stamped envelope" was the regulation letter size. The manuscript of "The Rose" weighs about three pounds. Much as Mr. Hartford regrets refusing such a simple little request, he feels that he will have to do so.

Rehearsals start this morning at the Belasco Theater for Rex Beach and Paul Armstrong's "Going Some." This comedy was one of the hits last year and ran for months to crowded houses in New York.

Impresario Levy has drawn a full hand of Kings and Queens in the card he presents at his Café Chantant this week. The bill opens with Raymond & Hall, buck-and-wing dancers, with fancy clog teamwork and novelty heal-and-toe duets.

The Strollers' Quartette have changed their selections to more popular form, presenting the Stein Song for their more serious number, followed by a medley of modern jingles, closing with ragtime selections.

The Kristoffy Trio present selections from "La Traviata" in true grand-opera style. An Italian number of peculiar excellence, "Marie, Marie," received its initial presentation. They close their turn with "The Glow Worm" and are compelled to respond to half a dozen encores, giving many of the old-fashioned Corsician folk-songs in response.

Mae Reredelle has a group of selections. "Any Little Girl" is most daintily rendered, while "Swing Me Higher" starts in with a rush, leading up to a fast finish.

Mlle. Beatrice, a toe dancer from the East, is the new arrival, giving terpsichorean solos of beauty and

Petticoat sale continued

Savings average nearly half

Yesterday's selling, heavy as it was, made comparatively slight inroads on the enormous stock of sample garments gathered for this sale. Still a splendid variety of Pompadour Silks, Dresdens, Roman Stripes, Scotch Plaids, Taffetas in white, black, changeable and solid colors, plain messalines, with Jersey tops, pin-striped Taffetas and every other kind now in fashion's favor.

$5.00 Petticoats . $3.75
$6.50 Petticoats . $4.50
$7.50 Petticoats . $5.00
$8.50 Petticoats . $5.50
$10.00 Petticoats $6.50
$12 and $13 Petticoats $7.50
$15 and $16.50 Petticoats . . . $9.00
$20 Petticoats . $10.00

Plenty of extra sizes in colors as well as black—something very unusual, even at regular prices.

75c to $1.25 Silks 50c

No such quantity as we had yesterday morning, but as the entire twenty-five-hundred-yard lot came in full pieces we can promise today's early comers a broad variety, and just as good VALUES as when the selling began. Louisines, Taffetas and Messalines in this season's most popular designs.

$6.50 to $8.00 Couch covers . . $5

Reversible covers in soft rich Oriental colorings—5 feet wide by nine feet long; some with fringe, some without—cut from $6.50 and $8 to five dollars.
(Third Floor)

Any of our trimmed or untrimmed street hats buyable now at a quarter under our regular prices.
(Second Floor)

Men's furnishings

Fixings that will suit the most fastidious dressers at prices that will satsify the most exacting shoppers.

$1.50 Pajamas $1.10—made of excellent quality madras in white, colors and stripes.

White Silks for Summer

White silks are particularly appropriate for summer wear; for the very practical reason that white repels the rays of the sun, and is truly cooler than a color; and for the psychological reason that white looks cooler than black or a color, and makes the wearer more comfortable in mind and body as well. These white silks have fashion's approval:

Japanese, Habutai and similar weaves, in 27-inch, 34-inch and 36-inch weaves:

EVENTS IN LOCAL SOCIETY.

ROBABLY the most unique of the many beautiful and novel June weddings was that of Miss Ida L. and Charles W. Henderson, ch took place Sunday afternoon at home of Mr. and Mrs. Walter w, No. 992 Palm Terrace, Pasa-a. In the presence of relatives friends, the pretty ceremony was brated under an immense pepper on the grounds of the Drew he. A background was formed as setting to this unusual scene by istically-arranged foliage, which decorated with blue jacquendas. s Hazel Champion presided at the no, which had been moved to the unds for the occasion. As the al party approached, the way was ned by Master Harvey Drew, a herald, who carried a large lily, ch held the wedding ring. Fred ldon sang "O Promise Me." Rev. Stephens of the Lake-avenue thodist Church performed the cer-ony. The bride wore a pretty gown soft white silk and carried a bou-t of bride's roses. She was at-ded by Miss Kitty Burch, who was ned in blue silk and carried pink es. The groom was attended by ry H. Crouch, as best man. After ceremony the guests, who num-ed about seventy-five, joined in a t, and many happy toasts were n to the young couple. Mr. and s. Henderson will reside in this y.

sts of Relatives.

ol. V. H. Brown and Mrs. Brown, mother, who have been guests at Arrowhead Hotel for more than year, are now visiting their rela-es, the Harrington Browns of this y.

Home.

For Eastern Visitors.

Mrs. Thomas S. Southwick of Thirty-Sixth Place entertained a number of friends Thursday afternoon in honor of several eastern visitors. Carnations and ferns were used with artistic effect in the decoration of the home.

Californians at Arrowhead.

Among the prominent Californians, who are registered at Arrowhead Hot Springs Hotel, are S. Conradi, Mrs. C. S. Vance, Miss A. Vance, Miss Elsie Schmidt, George F. Safford and wife, H. T. Coffin and wife, R. D. Bronson and wife, George W. Tape, George H. Reed, E. W. Wallington, Mrs. G. Allen Hancock, Master B. Hancock, Mrs. H. E. Andrews, Harriet Andrews, Mrs. M. Donnerstag, Dr. C. A. Lundy and F. C. Holden, all of Los Angeles; Elmer L. Handley, Dr. W. A. Hunter, Mrs. W. A. Hunter, W. G. Fraser, Mrs. Fraser, C. E. Rumsy, Henry Marshall, of Riverside; Perris G. Williams, Sylvia Allen, L. O. Hammond, Mrs. Thomas M. Smith, Mrs. Carroll B. Smith, of Redlands; F. A. Hennessy, Santa Barbara; L. B. Valla, Santa Ana; Rev. J. W. Collins, Coronado Beach; C. D. Hammer, Pasadena; Mrs. Miller, Mrs. Quinn and J. Wheeler of Upland; F. I. Ireland and wife, San Diego; William McCoy, Hollywood; Dr. C. E. Lukins and daughter, Mrs. S. Bonn and Mrs. S. G. Boon, oPint Loma; Nina Deeg, Ocean Park; Lena A. Morin, Grace Champion, Marion L. Lauty, Edna Clausen, L. H. Oak, Phoebe Armstrong, Henry De Armond, Grace A. Osborn, Josephine Bristol, B. J. Laubstich, Genevieve Booth, Lillian Lautz, J. J. Paul, Jr., Grover Lautz, Alfred Oak, Tillie Johnson, Ira Erickson, Harry E. Keiser, James Martin, Ralph E. Gilbert, L. M. Green and wife, J. J. Andrews and wife, Gordon Howell, Jesse Boothen, Mr. and Mrs. M. M. Keyes, Leo De Armond, Mable Brown Mae Patton, Jessie Branchill and Marjory E. Sprecher, of Colton.

Box Party and Tea.

Mrs. William Lacy entertained yesterday afternoon with a box party followed by a tea at the Alexandria, in honor of her young daughter, Josephine, who has just returned from Mt. Vernon Seminary, Washington, D. C. Twelve guests attended the party.

FACTS, FEATURES AND FANCIES FOR WOMEN.

BY OLIVE GRAY.

If any one doubts the power of Dame Fashion she should visit, as I did the other day, a beautiful home which has been abandoned and is falling into decay, simply because it does not happen to be situated in a fashionable neighborhood.

The stately colonial entrance is infested with mud swallows which have built their nests beneath the handsome cornices, and between the capitals of the tall pillars; and although a caretaker is in attendance, and the lawns are green, the rare plants, vines and shrubs which should be the delight of a family, have an air of missing the loving personal attention which should be theirs. Shady pergolas and fragrant arbors where lovely ladies would delight in serving tea or in sitting for hours beside their work baskets, are enjoyed only by the butterflies and bees. The business buildings seen through a screen of smoke and mist seem like a painted picture, viewed from the shady walks of this delightful place, which is like a country home, almost within arm's reach of the city.

Within, superb panelings of solid mahogany reach from floor to ceiling, and a carved Gothic mantel lends a truly regal atmosphere to the entrance hall. A noble staircase, with a lower landing large enough to serve as a room, gives character to the ensemble; while beyond, the windows upon a second landing are framed by wreaths of growing vines showing through the dainty light-stained glass, in a most charming manner.

Throughout the house is a combination of old and new, of modernized antique, I might say; and one could fancy its history as being something after this manner. The owner loving the location, and realizing the benefits of living above the smoke, yet near to business, endeavored to combat his wife's desire for a residence in a more fashionable district by adding to the place every modern touch. Remodeling, spending money freely, exercising all available good taste, but all to no avail. And so, at last, she and Fashion together won, and the old home, abandoned in its prime, echoes only to the infrequent voices of the curious sightseer.

* * *

Warm Weather Recipes.

As we have often remarked before in our talks regarding the household, heavy foods and hot meat dishes are not only unnecessary in warm weather, but are apt to be injurious.

Eggs and cheese and combinations of these, are almost a perfect substitute for meat, are easily prepared, and better for many of our meals than meat.

Cheese souffle is a delicious dish, made as follows: One cupful of grated soft cheese dissolved in one and one-half pints of hot milk; one teaspoonful of mustard mixed with one cupful of cracker or bread crumbs; two eggs beaten light, a little salt. Bake in a pan of boiling water fifteen or twenty minutes. Serve at once.

Cheese added to a lettuce salad which has been seasoned with a simple French dressing adds a delicious flavor. Take left-overs of Eastern cheese, the harder the better, and grate fine. Sprinkle over the salad just before sending to the table.

Grated cheese added to a thin omelete cooked with an extra quantity of milk or cream, is an appetizing luncheon dish, served on slices of buttered toast.

A light meat dish may be made as follows: Melt in a stewpan two tablespoonfuls of butter and stir into it two tablespoonfuls of flour, one-half teaspoonful of salt, two dashes of white pepper; add slowly one pint of hot milk, stirring constantly. When it boils add one cupful of bread crumbs, rolled fine, one tablespoonful of chopped parsley, one-half teaspoonful of onion juice. Remove from the stove and add one pint of finely chopped cold meat and the yolks of three eggs. Bake in individual bakers, placed in a pan of hot water, twenty-five minutes. Serve with Bechamel sauce, made as follows: One tablespoonful of butter, one heaping tablespoonful of flour, one cupful of stock or cream, one-half teaspoonful of salt, two dashes of white pepper, one-half teaspoonful of onion juice, yolk of one egg. Cook in a double boiler until creamy.

* * *

Still It Showers.

A "kitchen shower" recently given to one of the public school teachers who is to be married, contained some clever ideas, I thought.

In the first place, all combined and gave the bride-to-be a fireless cooker, of one of the approved brands. Then there were, done up in all sorts of odd little packages, and placed within the cooker, many useful articles for the kitchen, such as enamel ware measures, iron "dish cloths," funnels, and several novel utensils.

One of the features of the entertainment of the guests which struck me as clever, was entitled "What they should wear." A set of booklets was made with prettily tinted pasteboard covers a button, with rounded surface and two eyes, being placed toward the top of the cover. The guests were given watercolors and brushes and were asked to "make faces" on the buttons, and add the form of a woman, in modern attire.

A set of "samples" was also passed to each; and upon opening the book, they found a list of persons and were asked to select from the samples, "What they should wear," pasting them opposite the name to which they most appropriately belonged. No. 1, banker, (opposite his name was pasted a bit of check—cloth;) No. 2, editor—print; government officer, red tape; prisoner, stripe; painter, canvas; jeweler, ring (figure on goods;) hunter, duck; florist, flower (design;) dairyman, cheesecloth; gardener, lawn; fisherman, net; minister, broadcloth; undertaker, crepe; Scotchman, plaid; lady of fashion, satin. Prizes were given for the most complete lists and the best "painted" cover.

* * *

Odd Notes.

Think of collar buttons made from cheese! That is the "latest." The process was invented by an American chemist, whereby "casein," the essential element of butter and cheese, is solidified and shaped into various articles for which celluloid is now used. So it is possible that we shall have cheese buttons, pin trays, hair brushes; and the shiny collars worn by some very economical men, may be made from cheese.

The old-fashioned Paisley shawl, once so popular, has attained a new vogue among the ultra fashionable. In feminine attire, it is used not only in making wraps, but for gowns, collars, sunshades, blouses, and matched in the Paisley designs for stockings, stocks, ties and combined in costumes with chiffons, velvets, cottons, foulards and silks. For men there are the Paisley motifs in vests, ties and even tobacco pouches. Paisley for morning, afternoon, evening—is the edict in women's wear; but for men, the range is more limited.

Imagine a bathing suit of white pongee, made with mandarin sleeves! The sleeves are faced with pink silk, and laced with white silk braid, and the skirt is also laced with the same, the full length of each side seam. This is a suit which will be popular at French bathing resorts, and may possibly be seen on the Atlantic, during the summer.

* * *

Choosing the Coiffure.

It makes such a difference how the hair is worn. This one thing has, in fact, more to do with the personal appearance than has any other matter of dress. The woman who wears her hair becomingly, whether it be high or low, plain or curly, with "rats" or without, her own by right of growth or by right of purchase, has won more than half the battle for good looks.

Certain rules should be observed in making up the coiffure. If the face is broad, the high coiffure increases its apparent length. If the countenance is slender, then effect the low coiffure, as it adds to its breadth. If the face is broad do not build the hair out about the ears. Instead, comb it upward above the ears. If on the other hand, the face is slender, its apparent breadth is added to by "fluffing" the hair out about the ears.

Careful observation in regard to these details, will help materially in the personal appearance.

* * *

Fashion Fancies.

When a chiffon tunic is worn over coat is very smart. It may be made of fine mull, hemstitched and edged with lace.

Capes are in all lengths and more or less severe in cut, but their linings and pipings—and now and then added button ornamentation—make them effective and attractive.

Fine serges, lightweight broadcloth, worstads, mohairs, homespuns, etc., and various smooth-surface suitings are prominent in the fabrics seen in street suits of the day.

Festooned bands of ribbon are used to adorn the lower part of many tunics and skirts; the ribbon is run through large eyelets and holds the fullness of the tunic or skirt in place.

Double frills with the upper one in Van Dyke points over a lower one of color or white embroidered, or edged with lace, in white, are attractive whether in collar shape or yardage.

Moire has taken on a new border in line with the latest fashions, the puffs at the edges fitting in perfectly with the styles of the early Victorian period which are now being revived.

The bows and rosettes of the hour cannot be made from a yard or two of ribbon; all the way from six to twelve yards are essential to the production of the fashionable accessory of this class.

Wraps, designed especially for dress occasions, are made of silk, chiffon, satin, lace, cachemire de soie, voile, gauze cloth, bengaline, etc., in all the new shades and in black and white.

WOMEN'S CLUBS.

The Woman's Club of Sierra Madre entertained the presidents and several delegates of forty clubs of the Los Angeles District Federation yesterday. The occasion was the celebration of reciprocity day. The programme opened in the Woman's Club House at 11 a.m. An interesting feature was two-minute talks by the presidents of the various clubs represented. The subject of these talks was "My Point of View." At the noon recess the entire delegation of club women, numbering over a hundred members, were the guests of the Sierra Madre Club at a prettily appointed luncheon.

Hundred Year Club.

A cordial invitation is extended to the public to attend the open meeting of the Hundred Year Club which will be held this morning in the Woman's Club House, No. 940 South Figueroa street. It will be tne last meeting of the season, and the club will be entertained at luncheon as the guests of one of its members, Mrs. George W. Kitchen, No. 839 West Seventeenth street. The subject of the lecture at tomorrow's meeting will be "Bathing for Health."

A Wagner Afternoon.

Ebell Club members enjoyed an afternoon with Wagner at their yesterday's meeting. Myths of Wagner's operas were told by Mrs. La Grange, and selections from Wagner were played on the piano by Dr. Bruce Gordon Kingsley. Selections from Wagner's operas were given by Mrs. W. J. Kirkpatrick, and a chorus of women's voices was heard in several of the Wagner numbers. The programme was given under the direction of Mrs. Ryus, curator of the music section of the Ebell Club, and Miss Margaret Goetz.

LETTERS TO THE TIMES.

[The Times freely publishes the views of correspondents without holding itself responsible for writers' opinions. Be brief, write plainly, state clearly. The space of 250 words, on the average, is sufficient for the point. Well-written letters are liable to be declined merely on account of their length.]

Living Well on Small Means.

LOS ANGELES, June 12.—[To the Editor of The Times.] With a salary of $100 a month and a family of nine the writer and his good wife have been compelled of necessity to form a standing committee to deliberate on certain economic questions, the chief one being how to properly fill those nine remorseless creditors, our stomachs. An occassional Sunday trip to the mountains or beaches is, we think, imperative, but it is, or was, to us expensive. We confine our trips now to localities where produce is abundant and act as our own freight carriers. Potatoes of doubtful quality are sold at stores and by hucksters for 2c to 2 1-2c a pound. In a little valley at Hermosa Beach, just back of the sand dunes and a few blocks from the trolley, potatoes, tomatoes and vegetables of the finest quality are raised in profusion with practically no market, hardly a tithe of what is raised being used by local consumers. Provided with sacks and valises and three or four dollars we devote the most pleasurable part of our outing in dickering with the owners of these truck patches, who are glad to discount their already cheap prices liberally when we aid in digging and and gathering the produce. About $2 properly expended will load us down with fresh vegetables to last at least a month and sometimes longer. Last year we bought at Hermosa 150 lbs. of the finest tomatoes for $1. This season we purchased potatoes enough to last six months at a cent a pound. In the fruit season we go to Whittier, Sierra Madre, or some other locality where fruit is abundant and cheap, and these trips are made merrier and profitable at a small outlay. The question of the increased cost of living has almost ceased to be a bugaboo with us.

"PAWN SHOP WIFE" RAGES.

Woman Who Has Caused Courts Much Trouble Is Arrested Again on Insanity Charge.

Bertha Kuhn, the "pawn-shop wife," who has made a specialty of getting in trouble through her actions in court, created a scene yesterday at the entrance of Justice Pierce's courtroom. She was arrested by Constable Rice on a charge of insanity.

She leaped into the limelight through her marriage to a well-to-do Glendora rancher. He was looking in a pawnshop window when the proprietor induced him to purchase a wedding ring. The keeper then agreed to furnish him a wife and summoned Miss Kuhn.

Shortly after the marriage, the bridegroom brought suit to annul the union. Justice Pierce was retained by the bride and successfully contested the proceedings. The rancher then started a divorce suit and Judge Houser granted the decree.

The rancher had deeded property in Minnesota to the woman and the courts there held that the deed was not valid. The woman lost out repeatedly as a result of the litigation started by her marriage and her mind seemed to be affected.

She abused Justice Stephens later and caused such a commotion that it was necessary to arrest her. Justice Chambers sent her to jail for a month for this outbreak.

The woman threatened the life of Judge Houser and was sent to the insane asylum. She was released recently. She has the idea that Justice Pierce has a deed to the property in Minnesota, and frequently has demanded the document from him.

She appeared at his office and made such a disturbance that Constable constable took her to the County Jail. She will be tried on the insanity charge today.

HIRED; FIRED.

Woes of a Vaudeville Team, Who Claim Manager Violated Contract—No Good, He Says.

The local Rialto was torn and rocked yesterday afternoon by the distressed emotion of Withers and Lorraine, and Miss Ella Ardel, who were contracted by the Bert Levy circuit for the Regal Theater on South Main street.

Joe Withers, of the team, states that their act, which is of the varied and characteristic vaudeville order, "went" fully as good as any of the other four acts on the Regal bill, but that following the first performance they were abruptly let out, withcut any notice.

"I am a member of 'The White Rats,'" said Mr. Withers, "and I was booked under what is known as an 'equitable' contract, which has the closing clause eliminated. I may be a poor actor, but I am a member of a powerful order which protects its members, and I shall show the Regal Theater that the order, if not myself, possesses power to stop this petty tyranny over unprotected people. Miss Ardell made a $10 jump to get here, while the railroad fare for my team was $30."

Manager Allen of the Regal avers: "I see no cause for trouble. The act is no good for my purpose, and I simply closed it, that's all. I had a perfect right to do so."

Mr. Allen exhibits the contract which he says he uses on all acts. It contains a clause expressly stating that he may close a performer after one presentation, if not satisfactory.

PASADENA.

...ASH RATES, WAR TO KNIFE.

...icipal Lighting Plant Announces Reduction.

...on Goes It One Better With Deeper Cut.

...ol Teachers' Salaries Are Increased.

...f The Times, No. 28 S. Raymond Ave.

...ADENA, June 14.—The Southern ...ia Edison Company and the ...al lighting plant here are en... in war to the knife and both are ... rates regardless of operation

...nesday afternoon the municipal ... announced that would slash its ... ecirfrom 7 to 5 cents per kilo... our, as soon as its books showed ...bscribers. At the present time ... ts are composed of 2115 names. ... night the Edison company an... ed its intention of cutting its ...er kilowatt hour to 4 cents.

...move is made regardless of cost ...nufacturing and handling elec... current, and means war to the ... for the Edison company asserts ...he municipal plant is trying to ...the older concern out of business. ...he circular letter of yesterday J. ...rcereau, chairman of the Light... committee of the City Council, ... W. Keiner, superintendent of ...unicipal plant, said:

...gross income of the city's light... ...nt for six months preceding May ... was $43,459.22. The operating ...e was $22,479.54. The principal ...interest due upon the city's light... ...nds for the same period was ...6. There was a balance of $11,... ...to apply on depreciation or new ...uction."

...on officials say that this state... ...really shows the plant is being ...ed at a loss to Pasadena. In the ...place it is stated that $11,737.82 ...for extensions and for depreci... ...of the plant is not enough to cover ...preciation alone during the past ...nths.

...also declare that the earnings ... Pasadena plant during the next ...nths will not reach the figure of ...st six months by a large amount. ...is for the reason that the aver... ...rcentage of darkness from No... ...r to May is 60, while from May ...vember the darkness is only 40 ...nt., so that much less light is ...n the various houses. This means ...he commercial lighting will fall ... per cent. in the present six ..., while the investment and the ...es will remain about the same.

...Edison company also remarks ...f the $42,459.22 income from the ...ipal plant, $18,000 was received ...street lighting, where the flat ... $12 per year for 40-watt tung... ...ghts, of which there are about ...n the Pasadena streets, means ...hese lights are run upon a basis ...cents per kilowatt hour, instead ...7 cents, which is the commercial

...a the present battle began the ...have been cut twice on commer... ...business, but the street lighting ...emained the same.

...L. Ballard, secretary and assist... ...eneral manager of the Edison ...any, said last night; "Pasadena ...ply trying to drive us out of busi... ...it is not a question of making ...y in Pasadena, but it simply is ...the knife to protect our own ...ess.

...are losing money in Pasadena ...day, but our customers are stay... ...with us. They will be protected, ...e not only will meet the rates of ...unicipal plant, but will keep 20 ...nt. below them. The municipal ...is losing money every day it ...for the reason that the deprecia... ...and extension allowance will not ...take care of the depreciation. The ...ng rates have been lowered twice ...mmercial accounts, but there has ...no cut from the 10-cent rate ... city for streets. It amounts to a ... transfer of money through the ...reasury, but the plant itself loses ...We are losing it, too, every day, ...re in the fight to stay. Hence the ... rate that will go in as soon as ...cuts to 5 cents."

...renewal of the lighting strife ... with the issuance yesterday by ...ficials of an open letter to the ..., calling on them to discard ...uice furnished by the Edison ...any and make use of their own ...ty, which they have bought and ...for.

...schedule of rates was issued ... will take effect on September ...viding a total of 4000 subscrib... ...n be secured by that time. The ...ule provides a maximum of 5 ... per kilowatt hour for all con... ...rs of electricity excepting those ... are lights, in which case the ...is cheaper. This rate will apply ... consumers who use 100 kilowatt ... or less per month, with a mini... of 75 cents. That rate is the ...as the Edison Company is now ...ing. For larger consumers the ... proposed charge is somewhat ...for 100 to 500 kilowatt hours the ...n now charges 4¾ cents, the city ...es to charge 4½ cents; from 500 ...00 kilowatt hours the Edison ...es 4¼ cents, city proposes to ...e 4 cents; from 1000 to 2000, Edi... ...now charges 3¾ cents, city pro... to charge 3½ cents; for 2000 or ... kilowatt hours Edison now ...es 3¾ cents, city proposes to ...e 3 cents.

...open letter is signed by J. D. ...reau, chairman of the Lighting ...mittee of the City Council, and C. ...oiner, manager of the plant. ...stress is laid on the fact the ... belongs to the people. They are ...t to support it as against a pri... ...corporation and to solicit new ...ribers and thus avoid the neces... ...of the municipal plant employing ...tors.

...e latest move on the part of the ...officials was decided upon after ... secret meetings of the City ...cil with the City Attorney and ...ger of the plant and to check... ...what they term "unjust influ... ...resorted to by the Edison Com... ...n offering appliances at reduced ..., as some of the officials state, ...They term these rebates pure ...ple. For some time the Coun... ...timated that legal proceedings ...ld be brought against the com... ...compel it to desist "rebating." ... more deliberation it was de... ...meet the opposition.

...tion of the city came as a ...rprise to every one outside

Two Young Amateurs of Whittier.

Miss Leona Gooch (left) and Miss Beulah Filipot (right) who will appear in the senior class play, "The Road to Yesterday," at the High School auditorium tonight and tomorrow evening.

by a relative of one of the officials who does his own work, was employed to get out the printed matter.

WILL GET MORE PAY.

All grammar school and kindergarten teachers received an increase in salary at last night's meeting of the Board of Education. All grammar school teachers who have been receiving $100 per month for nine months in the year will in the future receive $83.33 per month for twelve months in the year. In other words, they have been raised from $900 to $1000 per year. This only applies to teachers who have taught one or more years. New teachers, who, in the past got the same for their first year's services as the old teachers, will only get $840 for the first year and $1000 per year thereafter.

The directors of the kindergarten were raised from $675 per year to $780 and the assistant kindergarten teachers from $585 to $660. In the past the kindergarten teachers were paid in nine equal installments. In future, according to the new schedule, they will receive, for directors, $65 per month for twelve months and for assistants, $55 per month for twelve months.

The new grammar school teachers elected last night, who will get a salary of $840 for next year are: Walter Hawkins, Bessie Bennett, Lela Spaulding, Barbara Morrison, Alice Burns, Miss Black, Alvina Lipley.

A. Claud Braden was elected physical director of the grammar schools at a yearly salary of $1400 and Miss Georgie B. Wilson was elected as assistant musical director at $1100.

A petition was received from the janitors of the various school buildings asking for a general increase in salaries. It was filed until the yearly budget is made up, at which time the matter will be acted on.

The budget will not be much in excess of last year. One big item of expense will be the large amount of street work in front of several grammar schools.

The matter of a new High School was not brought up at last night's meeting, but was deferred until the budget is out of the way, which will take probably another month.

A resolution was unanimously adopted authorizing the president of the board to swear out John Doe warrants for the arrest of those who have been perpetrating the devilitry at the High School building the past few months. One of the deeds was to take the physiology class skeleton out and hang it on a telephone pole; another act was to pile up school books in the middle of the floor of the assembly hall; another was to turn the fire hose into the basement and fill it four feet deep in water, thus destroying a large amount of property; another deed was to cut the electric wiring of the building. The warrants will be turned over to the police and when the guilty parties are caught the members of the board will let the law take its course.

NOT ENOUGH FUNDS.

A petition was presented to the Police Commissioners at their weekly meeting yesterday asking that the department be provided with a combined police patrol and ambulance. The petition was read and laid over. The commissioners stated they would be glad to vote for such a wagon, but the funds of the city will not permit of the additional expense. The petition stated the necessity for both an ambulance and a patrol wagon at the Police Station. At present, when there is an accident, the Police Station is compelled to call on one of the undertakers and often it takes a long time to reach the scene of the accident. In cases of arrest the patrolmen are compelled to either walk their prisoners to the City Prison or depend on a street car.

On request of the Fourth of July Committee of the Board of Trade the commissioners authorized two band concerts at Tournament Park on the afternoon and evening of the holiday. Following the meeting with the commissioners the committee met at the Board of Trade rooms and completed the programme for the Fourth. It decided to thoroughly advertise the celebration in all the cities and towns of the county. Details of the athletic events were worked over and the estimated cost of prizes figured to be about $1000. It is believed a small charge for grand stand seats will cover the expenses of the big event.

The Board of Trade directors held a short meeting last night and received the report of the Fourth of July Committee, which was approved and the

WILL APPEAR TWO NIGHTS.

Senior Class of Whittier High School Is to Give a Couple of Performances.

WHITTIER, June 13.—The senior class play "The Road to Yesterday," will be given Tuesday evening and repeated Wednesday evening. Twelve members of the class are in the cast. Miss Beulah Fillpot will take the part of Elspeth Tyrrell and Miss Leona Gooch that of Malena Leveson, the gypsy. Both have shown considerable histrionic ability in previous High School dramatic work. Several other members of the cast have appeared at various times in High School plays and the presentation will be the crowning work. The play will be given in the High School auditorium.

The churches of Whittier joined in a union service last evening to hear the annual sermon before the High School graduation class. An audience that taxed the Methodist church to the utmost was present. Dr. Alfred Inwood, pastor, spoke on "Truth." The music was furnished by the High School under the direction of Miss Elizabeth Gleason.

TOO DEVOTED.

TEACHER DIES OF OVERWORK.

SUPERVISING PRINCIPAL WAS TOO STRENUOUS.

Pomona Profoundly Grieved at the Death of Prof. Kauffman, Who Took to His Bed Three Weeks Ago "Tired Out" and Passed Away Yesterday. Indefatigable Worker.

POMONA, June 13.—The death of Prof. Parke W. Kauffman, which occurred at his home on North Park avenue today, has profoundly grieved this community, the more so because few in the city knew of the seriousness of his illness, which was diagnosed on Saturday by Dr. T. Hardy Smith as typhoid pneumonia. Prof. Kauffman, who worked strenuously this year, superintending the erection of the new local school buildings, addressing teachers' associations on educational subjects in different parts of the State, as well as carrying on his duties as superintendent of the local schools and supervising principal of the High School, became tired out and went to bed with a cold nearly three weeks ago, but his illness was not considered serious until the last day or two.

Prof. Kauffman came here from Ventura about eight years ago as principal of the city schools and, since assuming the administrative work, raised the system here to a high standard of efficiency. The Polytechnic High School now being erected was his especial pride. He was popular among students and teachers for his personal interest in the welfare of each one. His life, ending as it does, on the eve of the closing of the public schools for the vacation, creates much sorrow. The graduating class from the High School this year, to show esteem for principal and friend, dedicated the 1910 annual issue of "The Cardinal" to Parke W. Kauffman. The deceased was a public-spirited citizen, a member of the local Board of Trade and public library board. He leaves several brothers in the East, a widow, two sons, Karl and George, and two daughters, Misses Florence and Margaret. Funeral arrangements will be made upon receipt of advices from a brother in St. Louis.

MISS KATE GERLING DEAD.

The death of Miss Kate Gerling occurred yesterday afternoon at the Pomona Valley Hospital, following an operation performed on Saturday night. The deceased had been in poor health for some months. She resided here for twenty-five years, owned extensive floral nurseries and was prominently identified with all of the early flower festivals for which Pomona was famous. Miss Gerling was the daughter of the late Frank Gerling, a well-known early settler here, and was the sister of Edward S. Gerling of Los Angeles, senior member of the firm of Loud & Gerling of this city. The deceased was a member of St. Paul's Episcopal Church, and funeral announcements will be made later.

Yesterday was observed by several local churches as children's day. There were evening concerts at the Presbyterian, First Baptist, Calvary Baptist, Trinity Methodist, and First Methodist churches. In the forenoon at Pilgrim Congregational Church, the graduating exercises of the primary class of the Sunday-school were held, and Rev. Albert P. Davis preached a children's sermon. All the services were largely attended and the contributions brought by the children to aid foreign missions were large.

Maj. Wilmot W. Midgley of this city, Capt. Homer Duffy of Company D, and Lieuts. M. Ludden and Clark are at Monterey attending the school of instruction in military science at the United States army post.

Frank Belcher of East Holt avenue is home from Stanford University.

STEALS FROM BATH-HOUSE.

Venice Man Found With Goods in His Possession Is Fined—Restaurant Man Sought.

VENICE, June 13.—George Vincent, who made his home in a Venice villa for several months, was arrested this morning on a charge of petty larceny. Being tried before City Recorder Rennie, he was found guilty and sentenced to pay a fine of $50. Vincent stole a number of bathing suits and towels from the Venice bath-house. The articles were found in his possession.

A warrant has been issued out of the court of Justice of the Peace Rennie for the arrest of J. D. Henrie, charged with having issued checks on a bank in which he had no funds. A number of these checks were circulated. Henrie was until recently interested in a small restaurant at the beach.

Miss Alice Calliser was married here yesterday to Harold Stevens. The ceremony was performed by Rev. Alfred Taylor of the Episcopal Church. The young couple will make their home at Venice.

GLENDORA.

GLENDORA, June 13.—The baccalaureate sermon was delivered by the Rev. C. F. Richardson, to the graduating class of Citrus Union High School and in the presence of a large audience at the operahouse last evening. The theme of the sermon was "Heroism in Common Life."

The scripture lesson was read by the Rev. A. E. Johnson, who also led in prayer. The music was provided by Mrs. Harold Needham, who sang a solo; Mrs. S. Mathews and Hazel Clark,

INFECTED.

OIL FEVER HAS THEM IN GRIP.

LONG BEACH MEN SUCCUMB TO PREVAILING DISEASE.

Expert Visits District, Says Indications Are Good and Work Will Be Started on Initial Well—Flag Day to Be Generally Observed—Smart Hotel Affairs.

LONG BEACH, June 13.—The oil fever has struck Long Beach. Within ten days work will begin on an initial well on the banks of the San Gabriel River, near State street. For several years local men have been convinced that oil existed in this vicinity. At one time a well dug in connection with a summer resort in the northeast part of town known as Seabright, had to be abandoned because of the greasy water. Later on, the same thing occurred closer to town, where the Soft Water Laundry attempted to drill a well for soft water. In the same vicinity the asbestos factory drilled a water well and secured natural gas in such quantities that the machinery and heating apparatus of the factory has been operated with it and it is as strong today as ever.

Two hundred acres northwest of town have been leased by William Holland, J. A. Burlingame and others, on which the wells will be drilled. Holland, who is an oil expert, visited the locality Saturday with two drillers. Their investigation leads them to believe that oil can be secured at a depth of 1500 feet.

FLAG DAY CELEBRATION.

Flag Day will be generally observed in Long Beach tomorrow through the efforts of the Women's Relief Corps, who have interested business men in displaying the flag from their buildings. At night the local Elks will hold ritualistic exercises at the auditorium, in which they will be joined by all the patriotic, secret and fraternal societies of the city. Rev. H. K. Looth will deliver the principal address. In addition, there will be music by the municipal band and a quartette and short talks by members of the order.

"CITY PLANNING."

Final preparations were made today for a meeting at the library assembly hall tomorrow evening under the auspices of the Civic Improvement League. It will be addressed by Rev. Dana Bartlett, who will talk on the subject of "City Planning." The women of the Civic League are especially aggressive in the movement for a city beautiful and today submitted to the Board of Public Works the names of owners of every lot which needs cleaning of weeds. Notices will be sent these to clean up in ten days or the work will be done by the city and charged as a lien upon the property.

Miss Myrtle Williams, posing as a private detective, was given three months' jail sentence this morning by Justice Underwood on a plea of guilty to a charge of stealing $5 from her landlady. The sentence was suspended on condition that the young woman return to her home at Palo Alto.

VIRGINIA AFFAIRS.

Hotel Virginia has several affairs this week which will keep employés busy. Today Rev. Father Reardon entertained a party of fifteen visiting priests from other cities. Tomorrow the Cliff Dwellers' Association will hold their annual luncheon. Thursday evening the Physicians' and Surgeons' College banquet and dance will be held. Friday night the California Dental Association will hold the annual banquet and Saturday night W. H. Booth of the Equitable Savings Bank of Los Angeles expects to entertain sixty bankers at dinner.

During May, 13,697 books were taken from the public library, as against 11,482 the same month last year. At present, the library has 18,224 volumes on its shelves, having added 4000 during the past year.

SANTA MONICA.

HANGS HIMSELF IN HIS CELL.

DAYLIGHT BURGLAR PREFERS TO CHEAT THE LAW.

Captured Through the Efforts of a Woman He Pretends to Go to Sleep in Jail and When Officers Are Not Looking Ends His Own Life—Japanese Rescue Italians.

SANTA MONICA, June 13.—Martin T. Smith, a daylight burglar who was arrested here shortly after noon today, brought his career to a close a few hours later by hanging himself to the door of his cell.

Early this afternoon, Mrs. Irene C. Long, who occupies the lower floor of the two-story residence at the corner of Ashland avenue and Speedway, returned home from a shopping trip. She observed that during her absence the screen had been torn from a window. Upon entering the house, she found that the window had been raised and the furniture in the room moved about. Hearing a noise on the upper floor, which is occupied by Mr. and Mrs. J. Carter, and knowing that they were not at home, she went to the stairway. As she did so, a strange man descended. She ran out the back door, while he escaped through a front entrance. Mrs. Long followed him and called upon the first two men she met to detain the man, explaining to them that she had discovered him in her house and believed she had been robbed. These men refused to assist her, stating that they had not lost by any burglars. Mrs. Long accused them of being accomplices and continued the chase. Finally she met two other men, who consented to assist her. They overtook Smith, overpowered and held him until an officer arrived. Smith was taken to the City Jail, protesting his innocence, but City Jail and apparently went to sleep, which Carter identified as having been stolen from his apartments. The thief also wore two coats, the outer one of which Carter identified as being his property.

Smith was placed in a cell in the City Jail and apparently went asleep. A few minutes later, when Sergt. Calkins visited the cells to see what was going on, he found Smith hanging to the iron crossbars of his cell door, with his feet touching the floor of the cell. Being cut down, it was found that his breath had ceased. Ef-

age, was a painter by trade and recently had been drinking heavily. He made his home on Lake street and had, on previous occasions, been arrested on charges of drunkenness. He leaves no family.

DRAMATIC RESCUE.

Two Japanese fishermen, Tanee and Ojuri, were the heroes in a dramatic rescue pulled off in the vicinity of the long wharf at Port Los Angeles, this afternoon. Martin Nyonich and two fellow Italian fishermen from San Pedro fished during the morning near the wharf. After making their boat fast, weary with the morning's strenuous labor, they were enjoying a nap in their craft, when the line became detached. The boat was rapidly drifting into the foaming breakers when the predicament of its sleeping occupants was observed by the Japanese. Loud noises were made to arouse the sleepers, but the men dozed on, oblivious of an impending danger. The Japanese quickly launched a small boat and reached the drifting launch just as it was approaching the breaker line. The Asiatics were successful in preventing its overturning and the probable drowning of its occupants.

The congregation of the Presbyterian Church has elected Rev. W. H. Cornett of Pasadena to occupy the pulpit here during the next year.

At the corner of Third street and Oregon avenue work was commenced on the destruction of the ancient brewery building, which was put up more than a third of a century ago. The corner lot is being cleared for the erection of a new brick building that is to cost $16,500. George D. Snyder is the contractor.

SOON TO WED.

Announcement has been made of the approaching marriage of Miss Edith Stone to Carl J. Schader. The ceremony is to be preformed the latter part of the present month. The bride-to-be is being entertained by her friends at the beach, a number of delightful parties having been given in her honor. The groom is the son of Mr. and Mrs. Carl F. Schader of this city.

Miss Grace A. Pierce and Miss Caroline Simmons have gone to New York and expect soon to sail from there to Paris, where their home is to be made.

The City Council tonight received the request of the managers of the automobile road race, planned to run on the Santa Monica course on Admission day, for a conference with the city officials for the purpose of deciding upon plans for the event. It was agreed that the committee entrusted with the management of the race would be received at 3 o'clock Thursday afternoon.

PETITION IN BANKRUPTCY.

Daniel Stone, a real estate dealer of this city, filed a voluntary bankruptcy petition in the United States District Court yesterday. His stated liabilities are approximately $35,000, with nominal assets. Stone was one of the stockholders in a San Diego bank which afterwards failed. Judgment was obtained against Stone for about $10,000. According to his bankruptcy schedules he was unfortunate in investing in a tract proposition.

HORSE STEALING CHARGED.

Ralph Burne was arraigned before Justice Summerfield yesterday, on a charge of having stolen a horse from Frank Webb. He went to jail in default of $1500 bail and will be given a hearing on the 17th inst.

SANTA ANA.

WIDOW WINNER GETS DAMAGES.

JURY COURT ORDERS THAT THEY BE PAID.

Bride's Lawyer Informs Judge, Jurors, That Defendants Have Transferred All Their Property to Wife So as to Get Out of Paying.

SANTA ANA, June 13.—Judgment was given in the Superior Court today in favor of Mrs. Mary Bridenbecker of Redondo and Miss Nina Beck Meyer and her husband Carl, of Anaheim, on a complaint charging that Mrs. Meyer maliciously caused the arrest of Mrs. Bridenbecker at Redondo on November 22. The defendants did not appear and Attorney Chester Smith for the plaintiff stated that the defendants had transferred all their property to another person, having learned that method to defeat the judgment should she get judgment, and refused to go into court and fight the case.

Mrs. Bridenbecker stated that she is now living with four children. She owns a house at Redondo. The property belonging to Mrs. Meyer, who is the wife of Mrs. Bridenbecker out of the property when she discovered that Mrs. Bridenbecker refused to go, and Mrs. Meyer was arrested on a misdemeanor charge. The woman was acquitted by the jury. She sued for $15,000 damages.

AARON MUST PAY.

Rev. Elias of San Fernando was ordered to pay $20 a month alimony to Mrs. Cook of Fullerton for the support of two children of whom Mrs. Cook is the father, and Mrs. Cook to have the custody of the children under the supervision of Probation Officer Scott. Similar orders were made this week all the county divorce cases that have been closed for the summer. The Board of Education will hold a new examination for teachers desiring to secure certificates of qualification to teach the grades. Next week examinations for teacher's certificates will be held.

Marriage licenses: On June 11, Ernest Burkhardt, 26, and Elnora Ruth, 21, both of Los Angeles. On June 13, Benjamin Haycock, 26, and Ethel Mack, 22, both of Los Angeles. Walter H. Merritt, 50, of Oakland, and Louisa A. Covey, 50, of Los Angeles. Arthur P. Cook, 28, and Ethel Mae Dunn, 21, both of Los Angeles.

ALL LOVELY.

WOMEN ARRIVE BY TRAINLOAD.

DAUGHTERS AT SANTA BARBARA CONVENTION.

Reception at Potter Tonight Will Mark Formal Opening of Annual Season of the Parlors—El Camino Club Will Be Dedicated With Ceremony.

SANTA BARBARA, June 13.—[Exclusive Dispatch.] Over 400 delegates arrived during the day for the convention of the Native Daughters of the Golden West which will be held at the Potter Hotel during the remainder of this week.

A few days delegates have been arriving by rail and auto and a few more will arrive tomorrow, but the great crowd is expected to reach this city tonight on the Coast Line from the North. This train, which will carry 700 women, left San Francisco this morning, stopping for lunch at Del Monte, where the Native Daughters had their noon luncheon. Dinner will be served in the San Luis Obispo Mission.

Among the arrivals today will be Miss Ethel T. Little, grand president of the organization. The Potter Theater is being decorated by the delegates and the hotel parlor is at its best. Ample and proper accommodations for all have been provided and will arrive during the next few days. Eight automobiles will be used to bring the largest number of delegates from Santa Barbara Automobile Club. It is a drive through Montecito and the Potter Country and a reception will be tendered the visitors. Tomorrow will be informal, with meetings at the Potter today will be the real opening of the convention's sessions.

The number of delegates at 10 o'clock this morning was 200, with a steady increase during the day. Owing to the unusually low rates made by the local parlor has been the plan of placing an El Camino Club in Montecito. This will be the impressive ceremony of the dedication but the lack of room has caused the abandonment of the plan. A bell will be placed in the tower, at the intersection of Anacapa street and the boulevard, and this afternoon, under the auspices of the Grand Parlor.

COLTON.

Fire Destroys Packing House.

COLTON, June 13.—The commencement exercises of the Colton High School were held this evening at the opera-house. The program was an essay by Miss Ethel Hall, Rev. J. Third Baptist Church; Miss Gertrude Butler; "Valedictory," Rev. Dr. Burnham, D.D., pastor of the Church of the Angels, Los Angeles; vocal solo, "Go North and Find Me," Miss Ruth Green, awarding diplomas; violin solo, "Legends Opus 17," Miss Grace Carr Benediction, Rev. E.

Miss Ruth Butler, aged 21 years, will be married in East Redlands to Mr. Kate undertaking parlors will be in charge of the afternoon, officiating. Interment will be in Cemetery, Miss Butler, who has been a resident of San Bernardino for many years, leaves a half-brother, Mr. Kate

SAN BERNARDINO.

LENIENCY FOR FIRST OFFENSE.

LOOTER OF STORE IS GIVEN SUSPENDED SENTENCE.

Freight Car Thief Also Finds Judge Who Tempers Justice With Mercy. News of Death of Land-Owing Angeleno Received from Cima in Wire to the Coroner.

SAN BERNARDINO, June 13.—David E. Jacobs of Santa Monica pleaded guilty today to a burglary charge, and was given a suspended sentence of five years in San Quentin. He will be allowed his liberty as long as he keeps the parole regulations. Jacobs was employed as a clerk in a local drug store. After a mysterious drain upon the stock the proprietor employed Detective W. H. Baldwin, who caught Jacobs late at night leaving the place with his pockets bulging with loot. This being his first offense the court was lenient.

MERCY FOR THIEF.

Fredrico Belarde, freight car thief, pleaded guilty today and was sentenced to serve three years in San Quentin, sentence being suspended pending good conduct. Belarde, while out on bail, fled, costing his father $4000 in bail money which was forfeited. Later he returned home and surrendered. This is his first offense.

DIES SUDDENLY.

E. G. Greening, president of the Rock Springs Land and Cattle Company, owning large holdings in the eastern end of this county and Southern Nevada, died suddenly at Cima yesterday, according to a wire received by Coroner Van Wie today. Greening's home was in Los Angeles.

Sold Liquor to Indians.

Ramon Lugo pleaded guilty to a charge of introducing liquor in an Indian reservation in the United States District Court yesterday. He was sentenced to pay a fine of $100 and serve sixty days in the County Jail at San Bernardino.

Perris Valley Hay, Wholesale.

MAYBE FOURTH WILL BE "SANE."

"COMPARATIVELY" SO, DECLARES POLICE BODY.

Chief Says Ordinance Does Not Cover Firecrackers and Other Noise-Makers, But Attorney Alleges That Torpedoes Only Are Not Prohibited—Law Is Ordered Enforced.

After all there will be no "sane" Fourth of July. Chief Galloway told the Police Commission so last night. But there may be a "comparatively sane" one.

"Why?" asked Commissioner Topham.

"We haven't any ordinance," said the Chief.

He declared the ordinance passed by the Council prohibited fireworks but not firecrackers and other noise-makers. The commission gasped.

But the Chief had forgotten that City Prosecutor Eddie, his legal adviser, was present.

"The Chief misunderstands," said Eddie in a mollifying tone. "The ordinance does prohibit firecrackers and fireworks specifically but it does not specifically forbid torpedoes, caps and the like."

"I asked the prosecutor for an opinion," said the Chief stubbornly. "But it has not reached me yet." He seemed still to believe the ordinance won't amount to much.

"The firecracker people," he added, "have an opinion from their lawyers and are loading up with stock."

The commission instructed him to enforce the ordinance according to Eddie's interpretation and notify the "firecracker people" that they would not be permitted to sell and the public will not be permitted to use, firecrackers.

Discussion gradually drew out that the cannon cracker is forbidden and the commission seemed abundantly pleased with that.

"We can't draw the line too close," said Topham. "We will start with a comparatively 'sane' Fourth."

The Chief mournfully said a German had asked him to see that "dem boys don'd put der noise on der car tracks." The Chief said the ordinance does not prevent any one making noise. Eddie agreed but said certain kinds of noises—the detonation of the giant cannon cracker, the snap of the pigmy Chinese and the fizz of the broken punk-lighted cast away without a fuse—they are all forbidden. But the saltpeter torpedo, large and small, the combination of saltpeter and chlorate of potash, which is strung along the rails of trolleys, those are not forbidden.

Further lugubrious discussion disclosed the additional ruling that Roman candles and skyrockets are fireworks and prohibited.

When the commission adjourned it felt sure that the Chief's terror had been allayed and that things are moving along toward a "comparatively sane" Fourth.

CAUGHT BY "CENTRAL."

CHEERY HELLO ENSLAVES HIM.

NEWSPAPER MAN IS WEDDED TO TELEPHONE GIRL.

Her Voice Made Such an Impression on the San Diego Reporter When She Answered His Call for the Police Station That He Hastily Sought an Introduction.

[BY DIRECT WIRE TO THE TIMES.]

SAN DIEGO, June 13.—[Exclusive Dispatch.] A pretty romance that had its beginning more than a year ago had its sequel last night, when H. D. Short, a newspaper man of this city, and Miss Anna Sheldon, a telephone operator, were married by Rev. Charles Barnes of St. Paul's Episcopal Church. The marriage was a complete surprise to the friends of both, the bride's family having no knowledge of the plans of the couple until told by the son-in-law today.

On May 1, 1909, the newspaper man asked for a telephone connection with Main 127, police headquarters. The cheery hello of Miss Sheldon as she answered the call at central made an impression upon Mr. Short. An introduction was sought and friendship soon ripened into courtship, which ended last night in a victory for Cupid. Mr. Short and his wife will reside with Mrs. Mary Sheldon, the bride's mother, No. 1834 First street.

Miss Evelyn R. McConnell and Nelson Kettle, Jr., were married at the home of Mrs. Mary Randall, No. 1020 Upas street, Rev. W. E. Crabtree performing the ceremony. Darwin Black, a rancher of Chula Vista, was married to Mary E. Burns at Rev. Crabtree's home.

CUT BY HIGHWAYMEN.

Police Surgeon Reyber took twelve stitches in the left side of Bartolo Romero, who claimed he was held up and robbed by two Mexicans. According to his version, one of the thugs held him by the throat while the other inflicted the injury with a knife. The wounded man was found by a policeman.

TRACY RECOVERS.

Will Tracy, a baritone singer, who came here several months ago with the American Musical Comedy Company, is recovering from an illness which kept him a patient in a hospital for several weeks. He was attacked with acute nervous rheumatism.

The seniors of the High School are rehearsing "The Private Secretary" for production in connection with the closing of school. Only those who receive invitations will witness the play.

SULPHUR CENTER.

According to report, San Diego is to be the distributing point for all sulphur used in the fruit industry of Southern California. Local shipping conditions were investigated by Paul Koch in the interest of his father, Julian Koch of Antwerp, one of the world's largest shippers of sulphur. Practically all the sulphur used in the fruit industry is shipped from Belgium by way of Cape Horn to San Francisco and from there distributed throughout the State. The trade, it is asserted by Koch, commands the services of several large sailing vessels and steam freighters. He believes that a large saving can be made users of sulphur south of the Tehachepi by distribution from this port instead of from San Francisco. Representatives of the industry are endeavoring to arrange for return shipments by vessels in order to insure success of the enterprise.

DETENTION HOME PLANS.

Supervisors Adopt Drawings Submitted by Architects, But Question Need of Burglar Alarm.

A surprise came to the supervisors yesterday when they found the plans for the Detention Home, to be erected at Yale and College streets, call for a burglar alarm system.

There'll not be anything there but the kids to carry off and I guess they'll be pretty safe," was the comment of one member.

Architect Hudson, of Hudson and Munsell, who drew the plans, explained that the alarm would be installed not to keep thieves out but to keep the boys and girls in.

The idea was that the children could not break out or be released without sounding a general alarm through the institution.

The plans call for a building 153 feet by 222 feet, with a court in the center, 96 feet by 136 feet. In the rear of this will be a dormitory for the girls, 50 feet by 75 feet. The front of the structure will be two stories and the remainder one story.

The court will be used as a playground and drill field. It will have a gravel floor and will not be covered. There also will be a playground in the rear of the lot adjoining the quarters for the girls.

It is estimated that the work, when completed, will cost the county about $60,000. The architects' plans were accepted.

SHORT TERM FOR NURSES.

Supervisors Decide That Training Period at County Hospital Shall Not Be Lengthened.

The course of training for nurses at the County Hospital will not be lengthened from two years to three years to conform with an act of the Legislature. The Supervisors decided this yesterday at the suggestion of Superintendent Whitman, who said other hospitals in the State are not increasing the term of training, but that some of them had shortened it. He declared that it is impossible to get young women who are willing to train three years to become nurses.

Whitman said he expects to make a lengthy report on the last day of this month and that he would like to have it printed. The Supervisors thought his idea was a good one. The pamphlet will also contain annual reports of the County Farm, Detention Home and County Jail.

The contract for furnishing bread for the hospital for the next year was let to the Bradford Baking Company. The price is 3 4-10 cents per pound. There were numerous bids on meat, drugs, groceries and liquors. They were made on schedules and it will take some time to check them up to find who is the lowest bidder. No one seems to care to supply the institution with electricity, no bids being submitted.

TAKE NO "NO" FOR ANSWER.

Joseph Scott, chairman of the committee which is investigating highway affairs, yesterday reported to the Supervisors that Perry W. Weidner and Austin B. Fletcher have been able to give little time to the work. He stated that each had suggested that it would be advisable to appoint his successor. The Supervisors refused to entertain the idea and declared that they would gladly accept as much time as the two men can give to the investigation.

SUED FOR NON-SUPPORT.

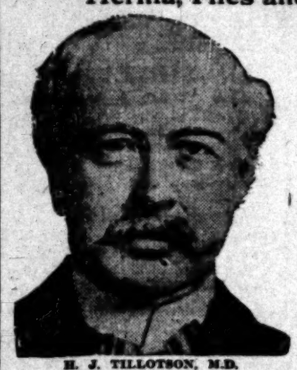
W. H. Brown was before Justice Ling yesterday on a charge of having failed to provide for his minor children. He was released under $1000 bail to appear on the 16th inst., for examination. William L. Longuevan was arraigned before the same magistrate on a charge of having abandoned his wife. He will be examined on the 20th inst.

PACOIMA WASH BRIDGE.

The Mercereau Bridge and Construction Company was awarded, by the Supervisors yesterday, the contract for

Cured In Five Days

Hernia, Piles and Varicose Veins



H. J. TILLOTSON, M.D.
Established 30 Years.

Many Cases Permanently Cured in One TREATMENT. Most Time-Saving. Most Natural. Most Safe. No Detention from Occupation, Family or Home. A Radical and Permanent Cure. I Will Give $500 To Any Charity as a Guarantee That Every Statement in This Announcement is True.

I am the only Specialist in Los Angeles who is sole owner of his office and equipment, who does not advertise a fictitious name and photograph. I publish my true photograph, correct name, personally conduct my office. I am the longest established, most successful and reliable, as medical credentials and press records prove. I make this statement that you will know you consult a celebrated Specialist, who sees and treats patients personally. I possess skill and experience, acquired in such a way that no other can share, and should not be classed with medical companies. Experience is the safe standard by which judgment may be valued, and it is unwise and expensive to embrace the statements of medical companies. It is impossible for a medical company to attend college. Companies have no diploma or license to practice medicine in California or any other State. Medical companies usually are named after a doctor. A portrait whose personality and identity are indefinite, is selected and published as the legitimate specialist of the office. Hired substitutes ordinary doctors with questionable ability, give consultation, examination and treatment.

A thorough investigation should be made by every ailing person as to the specialist he consults. Duty and destiny to self and those who depend upon you demand the best medical attention. I have the ability and can give you this service. I have always charged a very reasonable fee, so that my services may be obtained by any man who sincerely desires to be cured. I make no misleading statements or unbusinesslike propositions; neither do I desire to be particularly independent, and I would like to have you for a patient, if you will come to me on a strictly professional basis, and the inducements that I offer, which are my ability, and thirty years of successful experience, Time-Saving Treatment and Guarantee of cure of certain Diseases.

NO MONEY REQUIRED TO COMMENCE TREATMENT. Many patients have no confidence in their doctor, because he demands pay before a cure has been effected, and there are many who have been misinformed about their condition, or through unsuccessful treatment have become skeptical and think there is no cure for them. I want an opportunity to treat such cases. It makes no difference about the financial part, as I accept pay for my services as benefits are derived, when I am satisfied the patient is reliable. Health is capital at interest. I prove my ability to cure you before asking pay for my services.

WRITTEN GUARANTEE.

Dr. Tillotson's Written Guarantee means a cure or no pay for services. I guarantee to cure certain diseases or refund every dollar you have paid me for my services. My services cost you nothing unless I cure your Varicose Veins, Hernia, Piles, Fissures, Ulcerations, or any disease I guarantee to cure. My terms are reasonable and no more than you are willing and able to pay.

READ MY BOOK. It contains information every young man, husband and father should have regarding himself. Book Sent Free to those who, in my opinion, will be benefited by it. Call or write before treating for disease or disorders.

Office Hours—8 a.m. to 12 m.; 1 to 5 and 6 to 8 p.m. Sundays, 9 a.m. to 1 p.m.

I Offer a Free Consultation and Examination

ENGLISH, GERMAN, SWEDISH, NORWEGIAN, DANISH, SPANISH SPOKEN.

H. J. TILLOTSON, M. D.

Entrance 254 South Broadway, Cor. Third and Broadway, Los Angeles.

VARICOSE VEINS.

In the cure of Varicose Veins, Rupture and Associate Diseases of the Pelvic Region, I am successful in bringing to bear the curative power of Nature's forces in such a manner as to supplant the old-time, wide-open surgical operations. Once it required several weeks to cure these conditions and the method which some still use is such as to endanger the life of the patient and to require a long period of convalescence. Now an absolute cure can be accomplished in a few days and with perfect safety.

TRUSSES SELDOM CURE RUPTURE.

Disregard for existing Hernias has cost many lives. The smallest hernias are the most dangerous to life, because of the increased liability to strangulation. I am aware that a great deal of fraud has been practiced on the public in connection with the alleged cure of Rupture and when I say positively that I cure Rupture, to stay cured, I do not expect any one to accept my statement without investigation of my professional work. My claim to your confidence is based on absolute, accomplished results. At a personal consultation, I will make a free examination and can explain every detail of your Hernia and demonstrate to you the curative value of the method I have discovered. I invite the careful investigation of any person who sincerely desires to be cured. My cure for Rupture, in selected cases, with perfect safety and entail no suffering, and do not detain you from occupation under Written Guarantee. Many cases cured to stay cured by one treatment.

PILES, FISTULA, RECTAL DISEASES.

These diseases are very common; most frequently found in persons of middle or advanced age; are exceedingly annoying, often very painful, and sometimes very dangerous, and frequently unfit one for pleasure or occupation. My treatment and success are the result of years of experience; my treatment is kindly applied. I cure Piles without cutting. Some cases are cured by one treatment. If I do not cure your Piles, Fistula and other Rectal Diseases, my treatment does not cost you anything. Gentleness in treatment commends me to treating many cases, so I guarantee a cure of Piles, Fistula, Fissures, Ulcers and all curable Rectal Diseases.

LIFE'S BLOOD STREAM.

The great clearinghouse of a person's body is the blood stream. Your blood cells are your bank account. Your only defense against disease is by and through blood corpuscles. My blood-making, blood-purifying remedies have been tried and proven. My blood-cell remedies nourish, strengthen and increase the blood cells and nourish the nerve centers. I want to prove to you at my expense that my blood-making, blood-purifying remedies give power to weak brains and life to nerve centers.

KIDNEY AND BLADDER DISEASES.

With these diseases you may have more complications than are presented by any other diseased organs. By my searching illumination of the bladder I determine accurately the diseases and by my microscopical examination and urinalysis I make sure of the condition of the kidneys, thus laying foundations for scientific treatment.—[Announcement Copyrighted.]

BOULEVARD WIDENING.

Residents of the district bordering Sunset boulevard, from Marion avenue to the Plaza, informed the Supervisors yesterday that they would modify their request for an appropriation to assist in widening the thoroughfare. They now agree to an appropriation of $6200 by the county, it's proportion of the cost of the proposed improvement. They had asked for $10,000.

Boy Given Chance.

M. S. CHENOWETH M.D.
THE MASTER SPECIALIST.

The photograph which I publish above is one taken of me in May, 1910, and is a perfect likeness. I do not hide under a false name, nor publish a false picture, nor make a false statement of any kind. I personally conduct my own office, see my patients, and treat them personally from the time they come to me until I discharge them as cured. I have no incompetent assistant to treat my patients after their first visit. It is important for the patient to know these facts, for no matter how much a specialist may know he cannot delegate this knowledge to any one, nor can any other doctor do things exactly as he does. This has been my experience, and I do not permit anyone but myself to treat my patients at any time, for I feel that the man who comes to me for treatment is entitled and should receive my personal attention and should not be experimented upon. A mere statement by me or any other specialist that I am, or he is, the greatest specialist of the age does not mean anything if it is not backed up by years of experience, and this experience must be the right kind of experience. Fifty years of experience, if it was not the right kind of experience, would not be of any value to a doctor, and less value to a patient, for if you do a thing wrong, or with no success, the number of times you do it only makes you a greater menace to those who are suffering and who unfortunately come to you for advice and treatment. Do not take for granted the self-praise of any specialist, but investigate for yourself and satisfy yourself that he is all he claims to be. Do this before you begin treatment, and not after, when it is also too late, and harm has been done. Learn the truth first, and save yourself the bitter disappointment that surely will come to you, after you have been humbugged by so-called specialists and left in a condition far worse than when you began your treatment.

WHO IS DR. CHENOWETH?

I am the oldest licensed and longest established specialist in California. I am a graduate of one of the largest Medical Colleges in the United States. I was physician in outdoor clinic St. John's Hospital, St. Louis, Mo., 1888-1889, and railway surgeon on Harriman lines of Colorado for four years. Member of American Medical Society six years, and the author and publisher of medical works of recognised authority. My years of experience, the right kind of experience, together with the cures I have effected, has earned for me the title, The Master Specialist.

A WORD OF ADVICE.

Before beginning treatment elsewhere take my friendly advice and ask the doctor to tell you of his qualifications to cure you, and then be sure he shows you the proofs of his ability. Mere talk means nothing; promises and guarantees without ability behind them are of no value to you or any one else. After you are satisfied and begin your treatment it is up to you to see the promises are carried out. If you should be unfortunate enough to select the wrong doctor and find it out in time, come to me and I will be glad to do all that can be done for you.

I will cheerfully donate $1000 to any charity if any statement in this announcement is not absolutely true.

MANY CASES PERMANENTLY CURED IN ONE TREATMENT.

It may seem strange to you that I am able to cure these cases in one treatment while so many other doctors treat them for days, weeks and months and even then without effecting a cure. My large experience along these lines fitted me to do this work without resorting to experiment, and the hundreds of cures I have effected are the best proof of my ability to do just as I claim. I know just what is to be done in each case, and lose no time in doing it. You do not suffer any pain or lose time, but can keep right on attending to your business without the slightest inconvenience. My cures are not only for the time being, but I guarantee them to be permanent.

Just think what it means to you! Think of the time and worry you save. It's the greatest thing in the world. To the man who has been calling on his doctor for weeks and months and has not been cured I make a special appeal to lose no time in calling on me. To each caller I cheerfully explain my method of curing Piles, Fistula, Varicose Veins and Hernia. It is so simple, so positive, so easily demonstrated that I will gladly take my treatment fully convinced that I will permanently cure you.

PILES.

Piles are common among all classes and ages of men and women. They are indirectly caused by a defect in nutrition and constipation. If anything tends to make life a burden it's a well developed case of Piles. The whole system is thrown out of working order and the pleasures of life are denied to the sufferer. My method cures the most obstinate case without pain. I do not use a knife; there is no cutting, no pain, no any kind; no after inconvenience, but immediate relief and a permanent cure. Most of my cases have come to me after other specialists and drug store doctors have failed, and I have yet to treat a case I did not cure.

FISTULA.

There is no more annoying and dreaded disease of the rectum than Fistula. It requires the strictest observance of the most impossible hygienic laws to maintain cleanliness and may result fatally if neglected. Only a few days under my treatment and the worst case of Fistula is cured. No knife; no bleeding; no pain, no after misery; just a permanent cure.

HERNIA.

Hernia or Rupture. This is a condition which does not permit neglect. You cannot afford to be used as an experiment, and you will be, unless you choose the right specialist. Neglect or ill-advice proved fatal to many; neglect may cause strangulation, and if this occurs surgical relief is the only means of saving life, and in most cases proves fatal. Treatment cures in a few days. You come to my office knowing you are going to get well. I do not use a knife; there is no pain, no detention from pleasure or occupation. Absolutely no danger. You come to my office wearing a truss; you leave your truss behind; there is no further use for it; your Rupture is cured.

VARICOSE VEINS.

Varicose veins do more to destroy the manhood vitality than many other diseases put together. They sap up the nerve force of the body. You come to my office with your varicose veins and you leave absolutely well. Only a few days' treatment is all that is necessary. Not weeks or months of endless doctoring, but in most cases one single visit. I permanently cure you without the loss of time, pain whatever and no after trouble.

CONSTIPATION.

Constipation is the mother of most of these diseases. The clogging up of the bowels is the beginning, then comes depression, and indisposition to do anything; headache, backache and all other aches. Drug store remedies may give temporary relief, but why take medicine all your life just to get relief when my treatment cures constipation forever. Neglect gives birth to Piles, Fistula, and no many other diseases that it would take to tell of them all. My treatment cures permanently cures. It is a blessing to suffering mankind.

I guarantee to cure these diseases as I say I do, or refund every dollar paid to me. If I fail, the fault is mine, not yours. Why should you pay? I have no home treatment; I do not treat by mail. All patients must come to the office for treatment.

Free Consultation and Advice

I offer not only FREE Consultation and Advice, but of every case that comes to me I will make a Careful Examination and Diagnosis without charge. Ailing persons should not neglect this opportunity to get expert opinion about their trouble.

My offices are open all day from 9 a.m. to 9 p.m., and Sundays from 10 to 12.

HE MARKETS.

LOCAL PRODUCE MARKET.

market yesterday morning was well lied with local apricots. There was also ood quantity of northern stock on hand the demand for both was good. Prices ged from 40 to 85 cents, with most of the ts disposed of at 75 cents per lug box. A of the apricots were in bad condition, the most were firm and ripe.

es, both the white and the black varie- were plentiful and a small reduction was e in the price of the whites. Sales were y fast and heavy, and most of the supply ly well exhausted by noon. Royal cherries were in evidence in large quan- , and were sold in good order at 7 and nts a pound. A large amount of black ries came in in a very poor condition were a drag on the market. A shipment better variety of the blacks is expected rrive today and they should find a big and.

ntaloupe arrivals were not so heavy yes- ay and most of the supply was sold by middle of the morning. The melons were and found a big demand. A few water- ns were shipped in and went at the prices as Saturday. Large quantities of hes and plums were on hand with the ket unchanged in prices and tone.

e prices of local eggs were changed again nday. Candled stock dropped 1 cent, case counts were lowered ¼ cent per n. Northern eggs were firm with ar- ly very light. A quantity of case counts offered at 22½, but the demand for them light and there did not sell well. Egg nts since Saturday were 132 cases.

e butter market was firm, especially in fornia creamery extras, which was held at , above quotations. Eastern creamery ns and ladle were offered, but not sold y large quantities. Arrivals of butter 29,639 pounds.

ese receipts were rather light—3441 ds. Fancy meat was inclined to be weak many and large offerings, and but small scattered calls.

ncy northern early rose potatoes were ed on sale at 1.12, but no one seemed to them at that price. The market was un- ged in prices and continued weak. Ar- s were 521 sacks. The only onion activ- was in fancy northern Australian browns. oscripts were reported.

awberries were weaker and made a small ne in price. The raspberry market was h brisker and quotations were raised from 3 cents per basket. Other varieties of ries were practically unchanged.

ll of varieties were shipped into the ket yesterday in large enough quantities eet the demand.

FUEL OIL—95@1.05 per bbl.

LOCAL STOCK EXCHANGE.

Trading Is Particularly Good for First Business Day of Week and Prices Rise.

The trading on the Stock Exchange yesterday was particularly good for Monday. Prices showed more or less gain and the brokers had plenty of orders.

Associated Oil was about where it closed Saturday. Palmer showed a gain of 5 points and Union was also strong, but not a very heavy trader. Mexican common sold at 36¾, the lowest point this stock has touched for some time. California Midway was strong all during the day; sold at 58, offered at 58¼ at the close. Union rights again monopolized the market, but closed a little bit weaker than Saturday's quotations.

Among the mining stocks Goldfield Consolidated sold at 5.70. The balance of the mining list was quiet.

The Industrials and public utilities were active only in the telephone stocks. In the bonds there was little or no change and the bank list was quiet except for All Night and Day, which advanced a point.

SAN FRANCISCO LIST.

Goldfield Consolidated Is Strong and Nevada Hills Is Feature of Outside Stocks.

[Special Service to The Times by B. F. Taylor, No. 112 West Third street.]

SAN FRANCISCO, June 13.—Goldfield Consolidated was again strong, closing 5⅝ bid, a gain of ⅛. It was one of the few stocks that made a gain on the New York curb, where it closed 5⅝@5 13-16. New York financial writers are predicting 10.00 for this stock. Florence was unchanged, at 2.17½ bid; Jumbo Extension and Fraction were each up 1. Booth gained 1. Oro and the balance of the list were unchanged.

The outside stocks, Nevada Hills was the feature, selling up to 1.05, closing 1.00 bid, a net gain of 10 points. Round Mountain shaded a point. Pittsburgh Silver Peak was unchanged at 1.70. The balance of the list was quiet.

Metal Market.

SILVER.

NEW YORK, June 13.—Bar silver, 53¼.

LEAD.

ANNUAL JINKS.

REAL FUN ON THIS OUTING.

University Club Will Enjoy Unique Affair.

Progressive "Five Hundred" Play En Route.

"Water Theater" Secret That Will Surprise.

While speeding over the Santa Fé their way to Coronado on their annual outing, three hundred members and guests of the University Club will engage in a progressive "five hundred" tournament that will be the first of the many unique features planned for the "jinks." There is some mystery as to what will be pulled off during the

committee in charge of University Club outing, which will be held at Coronado Beach, beginning Saturday.

...p, as a programme has been arranged that will surprise some of the ...ursionists.

...he party will leave at 1 o'clock Saturday afternon for San Diego, and as soon as the train pulls out of the Los Angeles station the playing will be... It will continue until the train reaches Capistrano, where the university men and their wives will visit the mission and will enjoy luncheon in the train.

...t is to be planned to arrive at the ...ot City, Coronado, in time for a ...aster clam bake on the beach. Half a carload of old railroad ties has been provided for a big bonfire, and a piano has been placed in a beach pavilion in readiness for the college songs that will be sung during the evening.

...t 8 o'clock the "doings" are to be transferred from the clams to the "water theater." Just what the "water theater" happens to be is a secret shared by only a few, and the "doings" will be fast enough to suit all, it is declared. The festivities of the night will close with a concert and ball.

...fter breakfast Sunday morning there is no set programme. However, there is a rip-snorting bull fight to be pulled off across the line at Tia Juana. ...n Monday the San Diego University club will entertain the "jinksters." ...unches will leave Coronado at 8 o'clock in the morning for Fort Rosecrans, where work with the big coast-defense guns will be witnessed. After luncheon at the fort, the party will return in time to take the train for Los Angeles at 2:15.

...rrangements for the outing are in charge of the club president, Judge Conrey, and a committee consisting of Harry H. Mayberry and Claire S. Tappan.

STINGER STUNG.

STONE SWITCHED, ASSERTS CHIEF.

POLICEMAN'S DIAMOND SHRINKS MUCH IN VALUE.

Officer Who Wins Gem from Physician Is Dismissed from Police Force by Commission for Gambling on Duty and Declares He Is Victim of a Plot.

Whether Patrolman W. L. Claiborne is the "King of Diamonds" or not, the Police Commission last night decided that he shall no longer be a "King of Clubs." His mace and badge were taken away and turned over to Capt. Bradish in the presence of the commission, which dismissed Claiborne for gambling on duty.

Claiborne wagered his diamond against one owned by Dr. Thomas E. Taggart about three weeks ago. The wager was made in Carter's drug store, Grand avenue and Twenty-eighth street, and two witnesses were made stakeholders. They took both diamonds and had them appraised by leading jewelers and the unanimous verdict was that Claiborne's was the best. The stakeholders awarded both diamonds to Claiborne.

Capt. Bradish learned of this and charges were preferred against Claiborne. At the trial two weeks ago he was fined $100. In lieu of the fine he deposited what he says is the Taggart diamond with Chief Galloway, with instructions to sell it, the value being fixed at approximately the be something wrong and he sent for Taggart. The doctor said the stone was not the one he lost, being about half the size. The two stakeholders were called and agreed with Taggart.

The Chief felt something was being "put over" on him and last night he had the diamond and Claiborne before the commission. The patrolman insisted that the diamond Galloway produced was the one Dr. Taggart had wagered.

He said he had given the gem to his wife and she had taken it downtown and had it reset for a ring. He had asked her to return it when the fine was administered.

"This is the ring she gave me," said Claiborne.

"That's about the thinnest story I ever heard," said Commissioner Wellborn.

"I think so, too," said Topham, and he moved that the punishment two weeks ago be reconsidered and that Claiborne be dismissed from the force. This was done unanimously.

Claiborne, with military precision, arose, saluted and delivered his star and club to Capt. Bradish. He then told the commission the gem was the Taggart gem. It was returned to him.

After he left the session he said his dismissal was the result of a plot. He said he had procured evidence against Dr. Carter, the proprietor of the drug store where the wager was made, and that Carter had pleaded guilty and had been fined in Police Court. Claiborne said he brought Mrs. Clark, the mother of Pearl Clark, whose entanglement with Jake de Rozier, the motorcycle rider, achieved such notoriety, and three minor boys, to the court to testify that they had procured liquor at the Carter store, but that they were not called. He said the diamond wager was all a plot to compromise him and procure his dismissal.

SHOP TALK.

DENTISTS WILL HOLD CONGRESS.

ANNUAL MEETING IS DEEMED MOST IMPORTANT.

Authorities on Scientific Construction and Adaptation of Artificial Teeth Will Address the Southern California Association at Convention—Graduates Hold Banquet.

The thirteenth annual meeting of the Southern California Dental Association, which will be held Thursday, Friday and Saturday, at the dental department, University of California, promises to be the most interesting and important of all that have preceded it. The great progress that dentistry has made in recent years, calling for exact knowledge and the finest of modern instruments, will be exemplified at the convention by many new and important methods of work.

Dr. George H. Wilson of Cleveland, who is one of the foremost authorities on the scientific construction and adaptation of artificial teeth, is the special guest of the association. He is engaged at present in preparing a valuable treatise on dentistry. Prominent parts in the programme have been reserved for Dr. Hermann Prinz of St. Louis and Dr. Charles E. Woodbury of Council Bluffs who, also, are the guests of the association.

At the Angelus last evening, a banquet was given to the class of 1910, dental department. There were fifteen graduates and about fifty members of historian, Dr. W. H. Hendrickson, spoke on "The Ideals of the Young Practitioner." Prof. E. L. Leonard's toast was "The Pleasure and Advantages of Research Work in Our Profession." The valedictorian was Dr. Joseph P. Copp. Prof. H. Gale Atwater gave a technical talk on the "Spoon Excavator." W. E. Neel's address was, "An Extended Hand From the Alumni."

The cream of the evening came in the remarks from "Our Guest," Dr. Wilson of Cleveland. This distinguished dentist spoke from the experience of a busy and successful life, and he took occasion to compliment the graduates upon the profession which they had entered, which had developed from main strength and pliers to a scientific study of conditions and modern methods.

The dental convention will be called to order Thursday morning at 9 o'clock, by George A. White, president of the association. He will deliver an address, and the discussion will be opened by Dr. E. L. Townsend. A night session will be held Thursday, when Dr. Wilson will read a paper, "Impressions and Casts," illustrated by lantern slides. Dr. Prinz will lecture the same evening on "Dentistry as Portrayed in the Fine Arts," also illustrated by lantern slides.

The programme for the three days is of superior merit, and more than fifty prominent dentists of Southern California have places in it. After the adjournment of the convention, the members of the association and invited guests will go to Long Beach, where the annual banquet will be given at the Hotel Virginia.

The officers of the association for 1909-10 are: President, Dr. George A. White, Santa Barbara; first vice-president, Dr. D. Cave, Los Angeles; second vice-president, Dr. Edgar B. Buell, Escondido; secretary, Dr. Charles E. Rice, Los Angeles; treasurer, Dr. James D. McCoy, Los Angeles; editor, Dr. Garrett Newkirk, Pasadena.

FAIL TO REST IN PEACE.

Remains of Persons Long Dead Create Supervisors Puzzled. Supervisors Puzled.

Mrs. N. W. Holt and Mrs. E. N. Anderson of No. 209 Kenwood street, Glendale, wrote to the Board of Supervisors yesterday, asking what the members thought of persons who were careless enough to have died and been buried on land which the owners desire to sell for ranching.

Many years ago some poor persons obtained permission to bury their dead on a piece of property near Tejunga, agreeing to remove the remains as soon as they accumulated sufficient money. The land changed hands several times. As its value was small, nothing was thought of the graveyard. When its worth increased, the owner decided to put it under cultivation.
